The provides the limse a few days ago and will come up Second Oregon Volunteers'—with restants other than I have had for four years." states older than Oregon. The precinct following appropriations: assessor has been tried and not found for payment of salaries of ofwanting. Oregon can well afford to maintenance and general and worth synething, all the wisdom and conservatism of our legislators to the contrary notwithstanding.

### BAKER CITY HIGH

This month (No. 4, Voi. 3,) is evi-ence of the superior ozone and enter-liarming implements, etc., for dence of the superior ozone and enterprise prevaient at the mining metropolis of the bunchgrass county. Here is nearly a 100 page monthly edited and ishing and furnishing new wing, published by the pupils and teachers of the public high schools of that city. It for Insune Asylum..... contains a history of the county, sketches of pioneers, mines, tollroads, posms to the Asylum and stories. It is a pretty tribute from the life and progress of the ever-advantement and general expenses of the life and progress of the ever-advancing present to the courage and beroic spirit of the ever-receding past. Superintendent Churchill, his aides and the editorial faculty are to be congratulated. tran

Rattleenskes were the most dangerons wild animals with which the early settlers of New Jersey had to contend. They were very numerous, and their bite, if not treated properly at once, expended under the direction of was generally fatal. In "Stories From American History" P. R. Stockton be in lieu of, and in full astisfaction of unexpended of the abundance of rattlers in the new

In a quarry from which the workmen were engaged in getting out stone For aid of current expenses of for the foundations of Princeton college a while crack in the rocks was discovered which led downward to a large cavity, and in this cave were found about 20 bushels of rattleman's benea. about 20 bushels of rattlespake bones. There was no reason to believe that this was a snake cemetery, to which the creatures retired when they supposed they were approaching the end tion was insufficient of their days, but it was, without For payment of malaries of officers doubt, a great rattlesnake trup.

The surrow, winding passage leading to it must have been very attractlive to a stake seeking retired quarters for payment of expenses of re-in which to take its long winter map-Although the cave at the bottom of the chase of additional lands for great crack was easy enough to get into, it was so arranged that it was For payment of misries of ofto get out of, especially in the spring, when these creatures are very thin and weak, having been nourished all white by their own fat.

Thus year after year the rattleanakes Thus year after year the rattlesmakes For payment of maintee of or must have gone down into that cavity flours, teachers and employee without knowing that they could never and maintenance and expense of Normal School at Drain ....

Ancient Castle, Curtous Clarg. Rushen castle, Castledown, Isle of Man, is the ancient cent of the kings and lords of man. The castle is a veritable curiosity, both historically and otherwise. The first mention of it dates to the year 1257. It was taken after six months' siege in the year 1315 by Robert the Bruce. The castle In built of limestone and is not a ruin, Cuttle few years ago it was used as a The fown clock seen in the natic wall was presented by Queen Blesbeth in the year 1007. It has only one hand on the dist. This is the hour band. The minutes are judged by the position of the hand between the hours. The works of this clock are also a curyosity. The weight at the cart of the pendulum is a large stone, and it is driven by a rupe railed around a cylinder of wood, with another stone at the oud of the rope. The clock is still going office its contactes of service and is still the lown clock. Newcastle (England:
