

### HERPICIDE

**R Luxuriant Growth of Hair**

The chief adjunct of beauty, is now placed within the reach of every one by means of Herpicide, a new scientific discovery that effectively destroys the microbes responsible for dandruff and itching. It not only makes dandruff and falling hair things of the past, but invigorates the hair roots, causing a soft, healthy growth to supplant the old, brittle one. Here is what one happy woman says:

Fortune-teller, Nov. 10, 1915. My hair was coming out very rapidly, and I had a very bad itching scalp. My physician had strongly recommended Herpicide. I bought a bottle and used it as directed. My hair stopped falling, and is coming in again. I have a soft, healthy growth, and my scalp is soothed. I have used Herpicide. MRS. MARY GREGORY.

### A MAIDEN'S MEDITATION.

Here's Lent once again on its annual round,  
Good by now to feasting and dancing;  
With what great success has the season been crowned?  
I declare it was simply entrancing!

But now all the banners of pleasure are furled,  
No longer its coronet flashes;  
Renounced for a time are the joys of the world,  
Hail penance, and sackcloth, and ashes!

'Twas well I accepted Jack's offer last night,  
During Lent he'll be quite entertaining;  
To receive my betrothed will be perfect right,  
And by Easter he'll be in good training.

Dear fellow, his look was of perfect despair,  
His voice as he asked me was shaking;  
Well, his wife can have all the time I can spare,  
From the bonnet for Easter I'm making.

### The Power of Silence.

An intimate friend of Jennette Lee, a successful author whose books are published by Houghton, Mifflin & Co., writes of her thus:

"Mrs. Lee is a dark little woman, with very dark hair and very dark eyes, and a lot of silence about her, and I had what I thought some shrewd doubts about her at first; but the silence arose upon me. As I hadn't any faculty for silence and she had a great deal, we made a strong combination and got on famously. My main impression with regard to Mrs. Lee both in her work and her personality is that her silence is her secret. It is the silence of an intensely busy imagination. Her influence over others is that they never know exactly what she is thinking about, and that they would like to. She is a kind of secret society all by herself; one who has known her longer than I said to me one day. The probabilities are that every new book she writes will surprise her old friends in some new place."

### EGZEMA'S ITCH IS TORTURE.

Eczema is caused by an acid humor in the blood coming in contact with the skin and producing great redness and inflammation; little pustular eruptions form and discharge a thin, sticky fluid, which dries and scales off; sometimes the skin is hard, dry and fissured. Eczema in any form is a tormenting, stubborn disease, and the itching and burning at times are almost unbearable; the acid burning humor seems to ooze out and set the skin on fire. Salves, washes and other external applications do any real good, for as long as the poison remains in the blood it will keep the skin irritated.

### BAD FORM OF TETTER.

"For three years I had Tetters on my hands which caused them to swell to twice their natural size. Part of the disease was in the form of itching, very painful, and causing me much discomfort. I had only three bottles of S. S. S. and was completely cured. This was six years ago, and I have never had any more of my old trouble."—Mrs. J. B. Jackson, 1414 McGee St., Kansas City, Mo.

S. S. S. neutralizes this acid poison, cures the blood and restores it to a healthy, natural state, and the rough, unhealthy skin becomes smooth and clear.

### Cures Tetters, Erysipelas, Poriasis, Salt Rheum and all skin diseases due to a poisoned condition of the blood. Send for our book and write us about your case. Our physicians have made these diseases a life study, and can help you by their advice; we make no charge for this service. All correspondence is conducted in strictest confidence.

but finding it too humdrum he went for a soldier. This was quite to his liking. He saw plenty of service, and because he was fond of a sergeant who gave him his well known nick-name. So good a soldier he went through the first Boer war. In the disastrous battle of Majuba he lost the claymore that had been presented to him by his brother-officers. Joubert found the sword in the possession of a farmer, who on learning the story, parted with the claymore without reward. "Fighting Mac" had the pleasure of receiving his good claymore from the hands of General Joubert himself in the Dutch town of Newcastle.

### THE AMERICAN BOY FOR MARCH

The Sprague Publishing Co., Detroit, Mich., contains eighty-eight illustrations. It is hardly possible to think of a subject of interest to boys that is not treated in its pages.

It starts off with a timely editorial entitled, "Learn to Create," in which boys are assured to be originators and not imitators.

The stories in this number are: In a Forest Prison, Roly-Poly's Recitation, Daring Deeds of a Young Federal, The Brakle, the twelfth and thirteenth chapters of "Three Boy in the Mountains and the Kid."

The paper announces a prize for boys subscribing during the month of March, the prize consisting of a complete printing outfit, the conditions being set forth in full in this number. Monthly, \$1.00 a year. The Sprague Publishing Co., Detroit, Mich.

### HEAVY DISEASE

Some Facts Regarding the Rapid Increase of Heart Trouble.

Heart trouble, at least among the Americans, is certainly increasing and while this is largely due to the excitement and worry of American business life, it is more often the result of weak stomachs, of poor digestion.

Real organic disease is incurable; but not one case in a hundred of heart trouble organ.

The close relation between heart trouble and poor digestion is both organs are controlled by the same great nerves, the Sympathetic and Pneumogastric.

In another way, also the heart is affected by the form of poor digestion, which causes gas and fermentation from half digested food. There is a feeling of oppression and heaviness in the chest caused by pressure of the distended stomach on the heart and lungs, interfering with their action; hence arises palpitation and short breath.

Poor digestion also poisons the blood, making it thin and watery, which irritates and weakens the heart.

The most sensible treatment for heart trouble is to improve the digestion and to insure the prompt assimilation of food.

This can be done by the regular use after meals of some safe, pleasant and effective digestive preparation, like Stuart's Dyspepsia Tablets, which may be found at most drug stores, and which contain valuable, harmless digestive elements in a pleasant, convenient form.

It is safe to say that the regular persistent use of Stuart's Dyspepsia Tablets at meal time will cure any form of stomach trouble except cancer of the stomach.

Full sized package of these tablets sold by druggists at 50 cents. Little book on stomach troubles mailed free. Address F. A. Stuart Co., Marshall, Mich. 3-11-13-15
