NEGRO DROPPED INTO A WELL

He Was Rescued by Barney Pompelley.

In Search of Lodgings But Above Ground.

Fell 18 Feet and Struck on His Head Unharmful.

A transient negro musician, known as "Diamond," experienced a mud bath about 5:30 this morning, by falling headlong into a well 18 feet deep. No serious injuries ensued, as he struck on his head. "Diamond" had evidently been "out with the boys" and not accustomed to hunting water rather suddenly found the opening of a well on Water street. His cries aroused Barney Pompelley, who occupied an elegant suite of rooms in the vicinity of a dilapidated building. He hastened to the African's aid, and procured a ladder, placed it in the well, and "Diamond" ascended from his unpleasant situation. When charged with taking to the water, the negro replied he was in search of a lodging and his quest had been rewarded.

ENDEAVORERS MEET IN SALEM

The 14th Annual Convention to Meet in Salem May 16-19.

Rev. F. E. Clarke, Founder of the Endeavor Movement to be Present.

Salem, the city of churches and conventions, is soon to be visited by 350 or 400 enthusiastic young people representing the various Young People's Societies of Christian Endeavor throughout the state. This convention promises to be of unusual interest. The state Executive committee, and the Salem Union are making extensive preparations that if possible it may prove the most profitable yet held.

Rev. F. E. Clarke, of Boston Mass., founder of the Endeavor movement who is making a tour of the West has arranged to be in Salem at this time. It has been several years since Father Clarke has visited this coast, and his presence here will add greatly to the general interest of the convention. The local Endeavorers expect to furnish some special features of entertainment to the visitors. A visit to the State Prison and Asylum for the insane, will likely be arranged for.

High Pressure Days.
Men and women alike have to work incessantly with brain and hand to hold their own nowadays. Never were the demands of business, the wants of the family, the requirements of society, more numerous. The first effect of the pressure is to keep up with all these things in common sense in a weakened or debilitated condition of the nervous system, which results in dyspepsia, defective nutrition of both body and brain, and in extreme cases in complete nervous prostration. It is clearly seen that what is needed is what will sustain the system, give vigor and tone to the nerves, and keep the digestive and assimilative functions healthy and active. From personal knowledge, we can recommend Hood's Sarsaparilla for this purpose. It acts on all the vital organs, builds up the whole system, and fits men and women for these high pressure days.

The Chief Justice of Samoa Says Peruna Is the Very Best Catarrh Cure.

Court Room Scene where Judge Chambers maintained the Supremacy of the United States in Samoa. In a recent letter to The Peruna Medicine Co., Chief Justice Chambers says the following of Peruna:

"I have tried one bottle of Peruna, and I can truthfully say it is one of the best tonics I ever used, and I take pleasure in recommending it to all sufferers who are in need of a good medicine. I can recommend it as one of the very best remedies for catarrh."

W. L. Chambers.

A tonic is a medicine that gives tone to some part of the system. There are different kinds of tonics, but the tonic most needed in this country, where catarrh is so prevalent, is a tonic that operates on the mucous membranes. Peruna is a tonic to the mucous membranes of the whole body. It gives tone to the capillary circulation which constitutes these delicate membranes. Hon. J. E. Macias, recent postmaster at Porto Rico, in a letter from 1417 K street, N. W., Washington, D. C. says:

"As a native born Cuban, serving as postmaster in Porto Rico, I contracted yellow fever and have been suffering from the ill effects of that dreadful disease since my return home. I was advised by a friend to use Peruna and I can speak in the highest terms of your remarkable medicine. I feel like a new man and shall take pleasure in recommending it to those similarly afflicted. It is a fine tonic, and is in every way a wonderful medicine. Peruna has become of national importance."

It has the record of the greatest catarrh remedy of the age." Peruna is a specific in its operation upon the mucous membrane. It is a tonic that strikes at the root of all catarrhal affections. It gives tone to the minute blood vessels and the terminal nerve fibres. Catarrh cannot exist long where Peruna is used intelligently. Peruna seeks out catarrh in all the hidden parts of the body. Address the Peruna Medicine Co., Columbus, O., for a free catarrh book.

Rival Interests Struggle for Right of Way.

SALT LAKE, April 20.—Continued activity on the part of the opposing forces of Senator Clark and the Harrison interests, who are engaged in a struggle for the possession of the abandoned right of way in southwestern Nevada, is reported. Oregon short line is laying track toward summit near Usada, while the Clark forces are hurrying teams and men to the front of the tunnel where the grading is in progress. Whatever may be the outcome of the dispute, it appears certain that the road will be built connecting Los Angeles and Salt Lake.
