

ACCORDING TO PROGRAM

We threw open the doors of our new store in the Old White Court yesterday afternoon at 4 o'clock and made welcome the waiting throng. If the size of the crowd at our opening is any criterion as to the good will of the people comprising the crowd, then we feel liberally repaid for our trouble in fitting up our quarters. Our entire store, from basement to gallery was crowded. Now, we propose to continue the program, and the best part is to follow—all this week we will render the following program every hour of the day—one continual performance from 9:00 a. m. to 6:00 p. m., except Saturdays:

1. Splendid showing of the latest fabrics.
2. Bargain giving better than ever before.
3. New goods, latest creations.
4. Perfect light for inspection of wares.
5. Fair treatment all the time.
6. Money back if you're not satisfied.
7. A cordial welcome to come and look whether you buy or not.

A Good Watch

Should last a lifetime. Therefore, care should be exercised in purchasing one. If you buy one of us you receive a full statement of just what it is, backed by a guarantee for which we are responsible. A good watch is a good thing—an unreliable watch is worse than none at all. You can depend on getting a reliable time piece when you buy of us. Not because we sell it, for that is no reason why it is best, but because it is best in the reason we sell it.

BAD SHOWING OF BANK FAILURE

Many Unfortunate Depositors Are in the Soup

Individual Cases Reported That are Quite Distressing

An Effort will be Made to Save the School Savings Deposits

Many of the Reports Doubtless Exaggerated and Require Verification

Deputy United States Marshal S. L. Moore, of Portland, came to Salem Tuesday evening and served restraining orders upon members of the Gilbert banking firm, and left for points south on the late night train. When Marshall Moore went to the residence of A. T. Gilbert to serve the restraining order he found a company of depositors congregated about the residence waiting for interviews with the bank president, but they were disappointed.

Details of the Failure
By paying 5 and sometimes as high as 6 per cent on deposits, Gilbert Bros. offered an inducement to depositors to place funds in their institutions and many of the poorer and hardworking element of the community are effected by the bank's suspension. Quite a number of Salem business houses also had their money with this firm, but the losses consequent upon the bank's closing are felt by individuals rather than in the business community. Many of the employees at the state insane asylum and the other state institutions regularly deposited in this bank such amounts as could be spared from their quarterly salaries that the same might accumulate with the rate of interest allowed.

One of the sights Tuesday was two little tots crying as though their hearts would break. The cause of their grief was they were depositors in the public school savings bank system. One had deposited \$17 in that fund while her companion had something less to her credit. Master Joe Haines had deposited in this fund \$21, and there are some of the public school children who deposited even more.

It is reliably reported that there was on deposit in the bank quite a sum of insurance money belonging to the little daughter of Mr. and Mrs. Wm. Bagley, both of whom are recently deceased. Many rumors, adverse to the management of the bank were current Tuesday afternoon, one being that on Monday afternoon, the day before the bank closed, one deposit of \$1000 and another of \$2000 were received. This report may have been groundless and may have originated from the intense excitement attendant upon the closing of the bank.

A gentleman, who had occasion at one time to investigate the assets of the late Wm. Cooper's estate, said Tuesday afternoon in discussing the matter, that in investigating Mr. Cooper's banking interests and accounts, it was apparent that some very strange business transactions had been performed in which the deceased had evidently lost approximately \$50,000.

The fact that Gilbert Bros. have transferred some residence property and also a mortgage naturally calls into question the stability of the embarrassed banking institution. On the 18th inst., F. N. Gilbert for a consideration of \$5000 transferred to A. Bush, his residence property at the corner of Cottage and Marion streets. On Tuesday A. T. Gilbert assigned to John Hughes a mortgage for \$500 executed by Adam Ohmart.

It was reported Tuesday evening and the report had a reliable origin that on Monday the Ladd & Bush bank telegraphed \$20,000 to the bank at Moscow, that is conducted by Gilbert Bros. A further sum of \$5,000 is said to have been sent to the Moscow bank from a Colfax, Washington institution. The purpose of supplying the Moscow bank with these funds is reported to have been to enable the management to meet the demands of all depositors in event of a run on the bank which would surely follow the announcement of the Salem bank. Salem's veteran banker is a stockholder in the bank at Moscow.

As nearly as could be learned Tuesday evening the aggregate of the deposits in the bank were \$125,000 and when the bank closed its doors it is said there was but \$1000 in cash in safe.

Prof. Yoler was kept busy yesterday answering questions from anxious relatives and neighbors. For once he probably wished there was no telephone in his office as the appeals proved too pathetic for his endurance.

HOME RULE IS DEAD IN HAWAII

Not One of the Radical Measures Has Passed.

Small Pox Seems to Be Principal Import From the Philippines.

Honolulu, April 17.—The transport Kilpatrick arrived on the 13th from San Francisco with two cases of small pox on board, and several cases of mumps and measles. She is in quarantine.

Lieutenant Cobb, Twenty-ninth Infantry, one of the small-pox patients from the transport Lawton, died 13th.

The strike among the employees of the Honolulu Ironworks continues and the company is sending a lot of its contracts to San Francisco.

The session of the first Territorial Legislature is drawing to end and it is admitted that the home rule program is dead. Not one of the many radical and independent measures which majority intended to pass has reached the Governor.

CUBAN HIDALGOS COME TO CONFER

The President will Probably give Them all Offices.

WASHINGTON, April 24.—A commission of five delegates to the Cuban Constitutional Convention at Havana, Domingo Mendez Capote, Pedro E. Betancourt, Rafael M. Portuondo, Diego Tamayo and Pedro Gonzalez Llorente, who were sent to Washington to confer with the President regarding Cuban relations with this country, arrived this morning.

Arrangements for their visit to the President will be through the War Department. Governor Wood of Cuba also arrived this morning.

INDEPENDENCE LOAN IS PROGRESSING

Banker Hirschberg of Independence is in town today and said the popular loan to take up the city floating debt was likely to be all taken.

The city had already a number of offers to take the bonds at par at four per cent. He says they are all interested in lowest possible rate of interest as the only way of getting low taxes.

The bank failure at Salem emphasizes the soundness of the popular loan as a means of saving money beyond the reach of bad banking, and the importance of laying up treasures "where moth doth not corrupt, nor thieves break in and steal." Still several thousand is to be subscribed for at The Journal office.

IT IS A PITY SO FEW WOMEN

Are Entirely Free From Pelvic Catarrh.

Everywhere the people, especially the women, are praising Peruna as a remedy for all forms of catarrhal difficulties.

Boxa Tyler, Vice President of the Illinois Woman's Alliance, writes from 910 East Sixtieth street, Chicago, Ill., the following:

"During the past year I gradually lost flesh and strength until I was unable to perform my work properly. I tried different remedies, and finally Peruna was suggested to me. It gave me new life and strength. I cannot give too highly of it."

The extreme sensitiveness of the mucous lining of every organ of a woman's body is well known to physicians. This explains why, in part at least, so few women are entirely free from catarrh. Peruna cures catarrh wherever it is located.

Tribunes are Safe

WHEN you mount your wheel, either on business or pleasure bent, you risk your life on a slender vehicle weighing from 25 to 35 pounds. It is rickety your life more often than you think for, for you daily pass over roads or walks at a speed that would insure a serious if not fatal injury if your wheel should break at the critical test.

Guarantees are good, but guarantees won't prevent breaks, nor will they mend broken bones or crack skulls. All wheels are guaranteed—the cheaper the wheel, the longer the guarantee usually—but better than a thousand guarantees is the purchase of a wheel that is to be reliable, every inch of it.

The Tribune factory has never known a broken fork crown. The Tribune square crown has become so popular that it is being copied by many other makes, but you seldom find a machine with such a neat trim crown as this. Tribune crowns are forged too.

Second-hand bicycles from \$1.50 up to \$20. There are a number of ladies' wheels in excellent condition, at prices from \$10 up, for wheels all ready to ride.
