Old age, like disease, brings infirmities; and with the advancing years come the wanted muscles, the falling strength, the wrinkled visage and uncertain step. In old age the vitality is lowered, the heart beats with a feebler pulse and the blood moves through the body at a aluggish pace. The digestion is easily deranged, the nervous forces are weakened and the resistive powers are greatly reduced. It is then that tonics and strengtheners are gratefully received by the failing body; and when the tonio is combined with a nerve-food and vitalizing principle such as Dr. Miles' Negvine Hall and will be attended by about forty contains, the results are peculiarly happy.

"I was all worn-out, feit tired and dull, had pains in my back and side, no appetite for food and was so nervous I could hardly do any thing. Our doctors say aid folks must not expect to feel well; but I began taking Dr. Miles' Nervine and it braced me right up. It makes me feel well and strong and has kept me in good health for seven years." D. M. DEWEY, Murray, Iowa.

Among the proposed amendments to the constitution of the grand court is a change in the law pertaining to the grand court funeral fund. This fund since its adoption by the grand court two years ago, has proved to be of great benefit both to the various courts and the membership. There have been 20 funeral claims paid, both to members and members' wives, amounting to \$1100.

A FEW FACTS

About the New Catarrh Cure. The new Catarrh Cure is a new departure in so called catarrh cures because it actually cures, and it is not simply a temporary relief.

The new Catarrh Cure is not a salve, inustasm that amount to simpost a contment, powder nor liquid, but a pleasant tablet containing the best specifies for catarrh in a concentrated convenient form

The old style of catarrh salves and numents are greasy, dirty and inconvenient at the best; the new preparation being in tablet form is always clean and convenient.

The new Catarrh Cure is superior to Catarrh powders because it is a notorious fact that many catarrh powders contain
