# The Skin an index to

Millions of little glands or tubes connect the blood with the skin, and through them usuall drain places perspiration passes out, carrying with it the impurities that are thrown off by the blood. Should the pores of the skin be entirely closed for even a brief space of time, and the poisonous matter forsed back into the circulation, instant death would result. In addition to the sweat glands, the skin is provided with certain others which pour out upon it he only substance, keeping the skin pliable and soft and protecting it from heat and cold. The blood smi skin are so closely related that whatever affects one scrannily interferes with the functions of the other. Not only health, lett life itself, depends upon perfect harmony between the blood and skin. Walnut Lake, Ark., June 3, 1980.

I thank you for the benefit I remired from your advice and the Wine of Cardul I took in my terrible condition. My life was no pleasure to me at all and I was of no use to soybody. After receiving your advice and medicine I commenced taking it and began immediately to improve. The pairs left me and the menses, which came at the correct time, continued three days. I have gained strength and my weight has increased. My husband says the medicine has made me better looking than ever before.

Mrs. Left Ed. MANNELLE.

Womanly health means bright eyes, rosy cheeks, clear complexion and elasticity of form. This is the youth unmeasured by years—the heauty of perfect womanhood. Beautiful women are happier and get more out of life than their staters whose faces indicate suffering. Wine of Cardini made Mrz. Blannell "better look."

is giving thousands of women health, beauty and freedom from the drag-We giving thousands of women health, beauty and freedom from the dragging pains which made their lives so miserable. Wen faces, haggard eyes and emaciated forms are the results of suffering. What suffering can compare with the torture of irregular menstruation, leucorrhoea and falling of the womb! Beauty flees quickly before the raveges of such disease. The sharp pains of failing of the womb despen the crow tracks in the face. Menstrual irregularities rob the eye of its fire and the complexion of its transparency. Leucorrhoea desins the body of its strength, but Wine of Cardui restores the natural beauty, brightens the eye, clears the complexion, rounds out the figure and brings back the vigor of health. Every druggist in this city handles \$1.00 bottles of Wine of Cardui.
