### INSULAR DECISIONS WERE A NECESSITY

In the Opinion of Ex-Secretary of State Foster of Ohio.

### FEDERAL JUDGE HALLETT OF DENVER SEES ONLY IMPERIALISM

And Decadence of the Republic in the Attempt to Hold and Govern the Philippine Islands—We are in the Slough of Despotism and Don't Know It.

New York, June 6.—Ex-Secretary of State John W. Foster, in discussing the recent insular decision with the Washington correspondent of the Times, said: "I deem it fortunate that the court took the position it did. Consider the Philippine situation for instance. The United States now has possession of the archipelago. Having the islands in our grasp, it necessarily follows that we must govern them.

"The decision of the court in the Porto Rican cases clearly and unequivocally delegated such authority to Congress. It, therefore, settles the much mooted point as to whether Congress had the power to regulate affairs in our new possessions. For this reason, I say, the decision was practical and sensible. It will be a great bulwark for those now in power in the future government of our territory in the East. The exigencies of the situation demanded just such a decision as was rendered."

### MOST NOTED IDAHO PRISONER

One of the Firing Party in the Cour d'Alene Mining Riots Asks for Pardon

Afternoon Press Association Special. Boise, Idaho, June 6.—Paul Corcoran, the most noted inmate of the Idaho penitentiary, has given notice, in accordance with the state law governing pardons, that he will on July 3 apply to the State Board of Pardons, which consists of Governor Hunt, Secretary of State Bassett and Attorney-General Martin, for a full pardon. He is serving a sentence of 17 years for murder in the second degree.

shortly produced showing that Corcoran was one of the firing party that killed Cheyne, he being identified by Mrs. Ida Sinclair as the person who refused to help her carry the murdered man Cheyne, to her house. Corcoran was indicted and tried in July, 1899 for murder. He was found guilty of murder in the second degree and sentenced to seventeen years in the state penitentiary. His counsel asked the State Supreme Court for a writ of habeas corpus but their request was denied. An appeal was then taken, various errors of law being allowed, but the judgment of the lower court was again affirmed. An attempt was made which was unsuccessful to obtain a writ of error from the supreme court of the United States.

Corcoran's trial and conviction grew out of the riots in the Cour d'Alene, which were the precursors of the establishment of martial law in that section of Idaho. Briefly the facts are: On the 29th of April 1899, eight hundred or a thousand armed men from the town of Burke, Gem, Mullan and Wallace proceeded to Wardner, destroyed the mill of the Bunker Hill & Sullivan mining company and killed James Cheyne, a mill man. Some friction between the mining company and the miners union since 1892 but the immediate cause of the difficulty was the demand that the employees of the Bunker Hill & Sullivan Company should join the union and the refusal of the company to employ union men.

Paul Corcoran, financial secretary of the Burke union, was arrested together with three or four hundred others engaged in the riot. Evidence was

### IRON TRADE DEPENDS UPON TWO IMPORTANT CONDITIONS

Consumption Will Be Affected By the Widely Prevailing Strikes and the Dimensions of the Harvest That Will Be Gathered in Our Country This Year.

LEADVILLE, June 6.—At the meeting of the Colorado State Federation of Labor the following resolution was adopted in response to the action of the convention of the Reformed Presbyterian church in session at Pittsburg, in denouncing labor organization as dangerous:

"Resolved, that the convention desires herewith to state for the enlightenment of these over-zealous, bigoted, misrepresentatives of a large membership of that church that organized labor, as operated and controlled by the different unions of America is today working for the good of humanity, not only for its members but also for those who are not organized. That said organization is doing more good morally, bettering the condition of more people, causing the enactment and enforcement of better laws, making possible the better education of the masses, aiding in the building of more everlasting monuments of true Christianity, promoting the brotherhood of man, making it possible for more people to have three meals a day and to wear better clothes, than all the religious denominations of America. And the labor unions do it without any great amount of advertising."

track not 300 feet ahead of the rapidly moving train. He applied the brakes but could not stop the train until it was upon the unfortunate woman. When the engine struck the horse the animal was hurled over the bankment, but the woman and child fell in front of the engine and were passed over by the entire train. Coroner Butts was notified of the accident, and with an extra engine went out to the scene and brought the remains to town. They were frightfully mangled, both bodies being cut in two. No inquest was held.

A storage reservoir is contemplated in connection with the enterprise, but will not be undertaken until after completion of the canal.

### He Has Saved My Life

State of Oregon County of Marion. I, Mrs. Caroline Rotzoll, do hereby certify that I have been afflicted with Graves' Tumor for a number of years, also liver trouble. I desire to publicly state upon oath that Dr. F. Cook of Salem, Oregon, has removed said tumor, two in number, without the use of knife, plaster or poisonous drugs, and that I am entirely, and as I believe permanently cured. I cheerfully recommend Dr. Cook to all persons afflicted as I was. I feel that he has saved my life. My home is three miles south of Turner, Oregon.

MRS. CAROLINE ROTZOLL. Subscribed and sworn to before me this first day of May, 1901. W. W. HALL, County Clerk.

### Do Not Listen to "Cappers"

Who are hired to defame me and my methods of treatment. If I could not cure people there would be no use in fighting me. It is because I do cure people that I am persistently misrepresented, but I keep on curing folks just the same, and some of the best people in Oregon stand by me, for which I am thankful.

Send for circulars containing testimonials from patients cured both in Oregon and in the East. Don't despair because you have been told you have been pronounced hopeless by the "old school" physicians.

### A destructive frost was experienced in some sections all the fruit, killing reports have not been received from all parts of the valley yet, nor the rich agricultural districts of Eagle and Pine valley and the Burnt river valley, but it is feared that great damage has been done.

Fruit here is not far advanced, owing to the lateness of the spring, and was in the right condition to be killed. For the past two days unusually cold weather has been experienced, one day there being snow in the air most of the time.

### Citizens are at war with the local electric light company.

### Jos. Meyers & Sons

THE WHITE CORNER (TRADE MARK)  
SALEM'S GREATEST STORE

### Piano Given Away

1875

In 1875 two words designated the firm name of the best store in the Willamette Valley—This we know to be a fact and even our worst competitors are loyal enough to admit to admit it.

The Salem people are always proud of "The White Corner" because it out-rialed all competition for good goods and low prices.

Times have changed since 1875. The old style merchants of those days have given away to youth and progress; the country has grown and so has "The White Corner." It is today the best and largest store in the Willamette Valley. But the old building would not grow so this progressive firm was obliged to seek larger quarters.

In 1875, twenty-six years ago, the store was comparatively small, but the last twenty-one years, under the management of Jos. Meyers and his sons, made it the largest and strongest firm in the whole state outside of Portland, but for good goods and low prices we except none.

For twenty-one years past, for twenty-one years to come, we were and promise to be yours for good goods and low prices and fair treatment.

Everybody knows that we had our piano first, but that don't make any difference.

It is a good honest piano worth \$350 and will be given away to the lodge, society or other organization voted the most popular by October 1.
