## HAZING NOW PROHIBITED AT WEST POINT

### War Department Lays Down the Law at the Military Academy.

#### SPECIFICATIONS IN DETAIL AS TO PRACTICES TO BE ABOLISHED

Will Probably Put a Stop to the Disgraceful Proceedings That Have Resulted in the Death of Several Students and Terrorizations of Others by Their Superiors.

New York, June 12.—According to a special to the Herald from Washington, strict relations defining rules prohibiting hazing have been issued by the War Department. The regulations are the direct result of the recent mutinous proceedings at the military academy. Hazing is thus defined:

Any cadet who shall strike, lay hands upon, treat with violence, disturb in his room or tent or offer bodily harm to a new cadet or candidate with intent to punish, injure, annoy, molest or harass the same; or who shall with the same intent invite, order, compel or permit a new cadet or candidate to sweep his room or tent, make his bed, bring water, clean his arms, equipments or accoutrements or perform any other menial service for him or to assume any constrained position or to engage in physical exercise or who shall with the same intent invite, order or compel any new cadet or candidate to eat or drink any article of food or to take into his mouth any articles whatever or to do for him anything incompatible with the position of a cadet and gentleman or any cadet, whose duty it is to enforce camp, barracks or mess regulations, who shall permit any cadet or candidate to eat or drink any food, or to take into his mouth any article whatever in violation of said regulations, shall be summarily dismissed from the military academy.

Hazing also includes any other treatment of a "harassing, tyrannical, abusive, shameful, insulting or humiliating character." Dismissal is the penalty for violation of these regulations. The practice of a duel or personal combat is also prohibited and other persons involved or any cadet abusing or condemning another for declining to accept a challenge will be dismissed.

Colonel Mills has furnished the War Department with an official copy of the

## He Has Saved My Life

State of Oregon vs. Salem, Ore., May 1, 1900. County of Marion vs. Salem, Ore., May 1, 1900. To whom these presents shall come greeting.

This is to certify that I have been afflicted with Great Cancer for a number of years, also liver trouble. I desire to publicly state upon oath that Dr. J. F. Cook of Salem, Oregon, has cured my cancer, my liver, my stomach, and that I am entirely well and believe permanently cured. I cheerfully recommend Dr. Cook to all persons afflicted as I was. I feel that he has saved my life. My home is three miles south of Turner, Oregon.

MRS. CAROLINE ROTTZOLL, Subscribed and sworn to before me this 11th day of May, 1901.

W. W. HALL, County Clerk.

## Do Not Listen to "Cappers"

Who are hired to defame me and my methods of treatment. If I could not cure people there would be no use to right me. It is because I do cure people that I am persistently misrepresented, but I keep on curing folks just the same and some of the best people in Oregon stand by me for which I am thankful.

Sent for Circulars containing testimonials from patients cured both in Oregon and in the East. Don't despair because you have been told you have been told you could not be cured. Dr. Cook has cured hundreds of people whose cases have been pronounced hopeless by the "old school" physicians.

The doctor has devoted the best years of his life to the study of disease, and the use and action of Nature's vegetable remedies, until he knows absolutely just what he can do. This gives him confidence.

## MURDERER OF J. E. EUDAILY

### Timber Cruiser who Decoyed Men to Their Death

Traces of one Victim who has Completely Disappeared

Special Correspondence Capital Journal  
MANSFIELD, June 10.—There has been a great deal of excitement in both Garry and Coos county so far as the dastardly murder of Jess E. Eudaily, discoverer of his body and the almost certain identity of M. D. Landis, of Coquille City as the author of the brutal murder, and who practically walked away from the officers who were satisfied that he was the one who did it. There have been many theories as to how the murder was committed but now on the development of clues and by putting small incidents in connection with each other there are still more horrible things coming to view.

## PEACE IS A CUCKOO SONG

### Wife of Commander-in-Chief Still the Center of Negotiations to Stop the South African War.

New York, June 12.—Peace in South Africa, says the London correspondent of the Tribune, is still a cuckoo song, although the cuckoos come from many quarters. The most effective peace maker is probably the wife of the Commander-in-Chief, who has concealed her work in London and baffled the most enterprising newsgatherers. While there is no authentic information, it is generally believed that she has delivered to Lord Minto or to Mr. Chamberlain some message from General Botha and other Boer

## OREGON CITY ELECTRIC

Rumors are again current on the streets of this city regarding the extension of the Oregon City and Southern Railroad company to Salem, and it is thought the motor line will be constructed here inside of a year's time. A trial has been pending at Oregon City between this company and the Southern Pacific in regard to the former crossing the lines of the latter and the court held that there was a necessity for the crossings and that the plaintiff had a right to select its route. Other matters of the companies are now under discussion and as soon as they are settled it is thought work of construction will begin between Oregon City and Salem, a number of cars for the line having already been completed and fitted with air brakes at the car shops. It is believed that the O. R. & N. company are backing the motor line in its work and war for competition many result between the O. R. & N. and the Southern Pacific. O. R. & N. freight rates will be greatly reduced if this line is completed and more speedy delivery can be given.
