

DISPEPSIA

For six years I was a victim of dyspepsia in its worst form. I could eat nothing but milk toast, and at times my stomach would not retain and digest even that. Last March I began taking **CASCARETS** and since then I have steadily improved until I am well as I ever was in my life.

Remembered Whole Books.

Walter Savage Landor carried his library in his head. When he had read a book, he always gave it away on principle, having, as he said, observed that with such a purpose in his mind he was sure to retain of a book all that was worth keeping. In his old age Landor was furious if he did not at once remember any passage of a book or any name or date.

Forever Settled.

He—Of course not, but that's because—

She—That's because there are no feminine rascals!—Chicago Tribune.

Ten Nights in the Bar Room

At the Grand Opera House, Wednesday, June 19th.

The James M. Ward Company presenting Mr. Ward's own version of "Ten Nights in a Bar Room," will appear at the New Grand Opera House on Wednesday, June 19th.

Mr. Ward is an actor of some 45 years' standing and one whose reputation is of the best. He has visited this part of the country on several different occasions in past years and is consequently known to a great many of the people of Salem.

The sensation of the season is introduced in the shape of a real saloon smashing scene executed by a superb impersonator of the renowned Kansas Smasher, Carrie Nation, augmented by a band of temperance workers who demolish a saloon in such a realistic manner that this one scene alone never fails to call forth from four to five curtain calls wherever it is presented.

The price on this date will be 25, 35 and 50 cents and the piece certainly deserves the patronage of everyone who likes a clean cut play with morals so pure and wholesome that they never fail to leave a lasting impression.

Pore is urged to promote Archbishop Chapelle to cardinal.

WEEKLY CROP BULLETIN

From the Oregon Section, Climate and Crop Service and Weather Bureau. Weekly Crop Bulletin Furnished by Edward A. Beff, Director, Portland, Or.

The cool spell which overspread Oregon June 1 continued almost unintermittently until the afternoon of the 14th, when a welcomed change to warmer weather occurred, and the following Saturday, Sunday and Monday were bright, warm, sunny days, that provided very beneficial in ripening grain and advancing the growth of hops, corn, potatoes and garden. The maximum temperatures during the week in Western Oregon ranged between 55 degrees and 84 degrees, and the minimum temperatures between 40 degrees and 60 degrees. In eastern Oregon the maximum temperatures ranged between 50 degrees and 80 degrees, and the minimum temperatures between 36 degrees and 54 degrees. Light frosts occurred in some of the most elevated districts and the heavy frosts in some of the lower elevations. The condition of fall grain is not as promising as it was last week. In the Willamette valley it is becoming spotted, and complaints of fields turning yellow are more numerous than heretofore. The grain aphid has again made its appearance in the upper portion of the valley, but it has as yet not done much damage. In Umatilla, Baker and Union counties fall wheat in low places and hollows was killed by the frosts of June 4 and 5, and some has been cut for hay or else plowed under. The crop, as a whole, however, continues promising, and with favorable weather from now on will yet prove an average one. Hay making has begun, with yields above the average, both as to quantity and quality. Gardens are backward and frosts Wednesday morning in Southern Oregon injured considerable garden truck in Josephine and Jackson counties and also hurt corn and some fields of alfalfa. The first cutting of alfalfa has also been injured by frost in Eastern Oregon but the stalk is vigorous and there is no reason why the second cutting should not be up to the usual average. Hops continue doing nicely and the yards are generally free of lice.

Reports regarding fruit very widely. In some sections the trees have all they can carry, while there are many orchards that will not produce sufficient fruit to pay for its being gathered. Cherries have been injured by the rains and strawberries are slow in ripening. In the Powder River valley all fruit suffered severely, and throughout eastern Oregon there will be a general shortage over last year's yields of prunes and apples.

SYRUP OF FIGS

NEVER IMITATED QUALITY.

An Excellent Combination.

The pleasant method and beneficial effects of the well known remedy, SYRUP OF FIGS, manufactured by the CALIFORNIA FIG SYRUP CO., illustrate the value of obtaining the liquid laxative principles of plants known to be medicinally laxative and presenting them in the form most refreshing to the taste and acceptable to the system. It is one of our best strengthening laxatives, cleansing the system effectually, dispelling colds, headaches and fevers gently yet promptly and enabling one to overcome habitual constipation permanently. Its perfect freedom from every objectionable quality and substance, and its acting on the kidneys, liver and bowels, without weakening or irritating them, make it the ideal laxative.

In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal qualities of the remedy are obtained from senna and other aromatic plants, by a method known to the CALIFORNIA FIG SYRUP CO. In order to get the beneficial effects and to avoid imitations, please remember the full name of the Company printed on the front of every package.

WEEKLY CROP BULLETIN

Landlord and Tenant.

Rev. St. Th. c. 68, § 15, provides that the expenses of the family shall be chargeable on the property of both husband and wife, or either of them, in favor of creditors thereof, and in relation thereto they may be sued jointly or separately. A house was rented by defendant, and the premises were occupied as a dwelling by defendant and wife. Held, that the contention that an action could be maintained only on the lease, and against defendant alone, because the instrument was in writing and signed by defendant, and not as an action for use and occupation, under the statute, against defendant and wife, cannot be sustained, since the statutory action was not merely remedial, but created a liability against the husband and wife, independent of any relation of landlord and tenant. 107 Fed. Rep. 619.

Railroad Companies

A stipulation in a bill of lading for live stock that in case of loss or injury in shipment the carrier shall not be liable beyond a stated and agreed valuation per head, in consideration of which the shipper is given a lower freight rate, is valid binding on the parties, although the loss or injury results from the negligence of the carrier. 107 Fed. Rep. 628.

Telegraph Companies

In an action against a telegraph company to recover damages for the failure to promptly deliver money transmitted through such company to the plaintiff, the fact that plaintiff was evicted from her house because of her failure to receive such money, and the injury to her reputation generally because of such eviction, are consequences too remote to be considered as elements of damages. 107 Fed. Rep. 668.

Beware of Ointments for Catarrh That Contain Mercury

Mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surface. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by Druggists price 75c. per bottle. Hall's Family Pills are the best.

Judicial Decisions

Bank and Banking.

Where the rules of the New York Clearing House provided that checks and drafts, payable through any bank a member of that institution, must be paid in accordance with its rules, and that any error or mistake must be corrected by the banks which were parties to the transaction, a note on one bank held by another, both of which dealt through the clearing house through the agency of members thereof, which was certified by mistake, its payment through the clearing house was not a voluntary payment, so as to preclude recovery of the money paid from the holder of the note. 70 N. Y. Supp. 78.

Beneficial Associations.

Contracts of investment security, debentures or certificates, which, by the device of a "numeral apart," may be called in and redeemed at any period before they would regularly accumulate a credit in the reserve fund equal to the stipulated endowment value, and otherwise giving unequal advantages to the certificate holders, contain the elements of chance and fraud, constituting a lottery, and are unlawful. 60 N.
