IDAHO MIDLAND RAILROAD

BOISE, Idaho, July 22. (Special)—Messrs Nathan Falk and W. H. Ridenbaugh and Bishop A. J. Oclorien, trustees of the right of way to the Midland railway, have submitted an agreement to the Idaho Midland railroad company, represented by Mr. Bates, which, if accepted practically assures the construction of the road.

According to the terms of the agreement, the Idaho Midland railroad company must within 90 days give a bond in the sum of \$25,000 which shall be acceptable to the trustees, and within four months commence the construction in good faith of a standard gauge railroad.

He Has Saved My Life

State of Oregon, County of Marion, ss Salem, Ore., May 1, 1900. To whom these presents shall come (greeting). This is to certify that I have been afflicted with Ovarian Tumors for a number of years, also liver trouble. I desire to publicly state upon oath that Dr. J. F. Cook, of Salem, Oregon, has removed said tumors, two in number, without the use of knife, plaster or poisonous drugs, and that I am entirely, and as I believe permanently cured. I cheerfully recommend Dr. Cook to all persons afflicted as I was. I feel that he has saved my life. My home is three miles south of Turner, Oregon.

MRS. CAROLINE ROTZOLL, Subscribed and sworn to before me this 1st day of May, 1901. W. W. HALL, County Clerk.

Do Not Listen to "Cappers" Who are hired to defame me and my methods of treatment. If I could not cure people there would be no use to fight me. It is because I do cure people that I am persecuted and misrepresented, but I keep on curing folks just the same, and some of the best people in Oregon stand by me, for which I am thankful.

TEAMSTERS STRIKE

One Thousand San Francisco Drivers Quit Work

MAY EFFECT LONGSHOREMEN, SAILORS AND MANY OTHERS.

SAN FRANCISCO, July 22.—The wholesale and retail business houses are experiencing great difficulty today in having their goods hauled, owing to the strike of teamsters, which was inaugurated this morning.

It is estimated that 2500 teamsters have left work and it is thought that this number will be greatly added to during the next few days. It is generally believed there will be a general tie-up of the wholesale and retail business.

It has been decided to make the strike of the teamsters a final issue between employers and employees in San Francisco. This morning about 1000 drivers will go to their places of work as usual and will be discharged.

Estimates vary as to the number of men and the far reaching effect of the teamster tie-up, for the matter has not as yet reached the proportions of a strike. There are over 4000 men driving teams that are connected with the various unions that constitute the Team Drivers Executive Council.

Should non-union longshoremen be secured to handle the merchandise then the sailors will go on strike and refuse to work the ship. The outlook seems to be for a general tie up.

SALESMAN, Pa., July 22.—The striking boiler makers, machinists and foundrymen at the shops of the Delaware, Lackawanna & Western R. R. Company returned to work at the old wages today.

SHARON, Pa., July 22.—The American Steel Casting Company is badly crippled by the strike of chippers, molders, apprentices and crane men, caused by the importation of machinists to take the places of the men who struck last week.

NEW YORK, July 22.—President Schwab of the United States Steel Corporation, refused today to make any reply to President Schaffer of the Amalgamated Association or discuss strike situation.

WILKESBARE, Pa., July 22.—It is thought that the strike here will be declared off tonight, and at least eighty-five per cent of the strikers will be back in their old places tomorrow.

FIRE AT WOODBURN

WOODBURN, July 22.—At 7:45 last night fire was discovered in a storeroom in the rear of the postoffice building. The postoffice building and three others belonging to Walter L. Toose were destroyed. A chemical engine and A. R. Kurtz with a two-inch hose connected with the water works succeeded in extinguishing the flames and saving several thousand dollars' worth of property.

WOODBURN, July 22.—A fire in tenement this morning caused the death of Mrs. Sophia Katiza and three children. Francis Katiza, her husband, was badly burned.

Look Out! The new third party is in the field, but when it comes to arousing interest that's more vital to your pocketbook, our low prices are certainly doing the trick.

MRS. KRUGER IS DEAD AT HER PRETORIA HOME

"Oom Paul" Receives the Sad News With Great Fortitude.

WHAT THE EFFECT MAY BE ON THE SOUTH AFRICAN CAUSE

The Old President Said to Be Losing Heart and His Own Health is Failing—English Press and People Do Mrs. Kruger Honor.

PRETORIA, July 22.—Madame Paul Kruger, wife of the Transvaal president died in this city late Saturday, after some illness.

LONDON, July 22.—"Owing to the Sunday telegraph hours in Holland," says a dispatch to the Daily Mail from Hilversum, "Mr. Kruger was not informed of his wife's death until evening. The news was broken to him by Dr. Heymans and Secretary Boeschoten. Mr. Kruger, who had just returned from church, burst into tears, and asked to be left alone. He exclaimed: 'She was a good wife. We quarreled only once, and that was six months after we were married.' He prayed for a long time, and is now calmly sleeping, his Bible beside his bed."

"The Transvaal and Orange Free State flags flying above the white villa were draped and half-masted. Shortly before the news came, a crowd of country girls had been singing a folk song outside the villa."

NEW YORK, July 22.—A dispatch to the Tribune from London says: The death of Mrs. Kruger may have some influence in shortening the war. Mr. Kruger himself has been reported to be exceedingly dependent over the military operations and the correspondance between Retz and Steyn has justified his discouragement. His domestic bereavement may cause him to lose heart for a hopeless struggle.

General Bullard was notified and has ordered out a party of soldiers to bring in the bodies and every effort will be made to identify them. General Bullard thinks that they were a party of prospectors who, in an effort to reach St. Michael, had run out of provisions and perished from exhaustion and exposure.
