

Scrofula
Few are entirely free from it. It may develop so slowly as to cause little if any disturbance during the whole period of childhood. It may then produce irregularity of the stomach and bowels, dyspepsia, catarrh, and marked tendency to consumption before manifesting itself in much cutaneous eruption or glandular swelling. It is best to be sure that you are quite free from it, and for its complete eradication you can rely on

DRUNK INDIAN INJURED

About one mile south of the S. P. Passenger depot, as the overland was going south last night, an Indian tried to drive his team across the track when the engine was only 20 feet distant. As a result the driver, who was intoxicated, was thrown to one side, the wagon battered and distributed for several yards along the track, and one horse had two legs cut off.

The train crew picked up the man and the train returned to the station and Dr. Byrd was called to attend the man. He found no injuries but the Indian complained of pains in his chest.

The fellow gives his name as Frank Crook, from the Grande Ronde agency. He and his wife have camped in J. P. Litchfield's pasture for the last week.

A FLAGRANT DISCOURTESY

Strangers in this city are often at a loss when bicycling to know on what sidewalks they can ride, as notices are not posted always in conspicuous places, so the order of forbidden sidewalks is usually disregarded in all parts of the city. It is well understood among local wheelmen that the north side of Court street is solely for the use of pedestrians, but a few days ago, so the story is told, a wheelman, evidently a stranger, was riding along this street. Alderman Boren, who resides on the corner of High and Court street, was standing in front of his residence, and as an act of kindness to the stranger, said "Excuse me, my friend, but you are riding on a forbidden sidewalk." Without dismounting, the rider replied that "he would get off," but his method of doing so was rather unexpected. All along that block to the east there are no fences or hedges, and the stranger immediately rode up the length of the block on the well kept lawns of the residents of that block. Mr. Boren's feelings can be better imagined than described, and he has resolved to let that man pay his fine for the next offense of riding on forbidden sidewalks.

Saw Log Case
In department two of the circuit court in the suit entitled W. R. Smith, plaintiff, versus Coolidge & McClellan, John M. Wolfard and John Lichty, defendants, the defendant John M. Wolfard has filed his answer to the complaint. His answer states that the plaintiff delivered to Lichty a quantity of sawlogs, under a contract, but the exact amount is unsettled. That in order to assist plaintiff he advanced money and merchandise and it was understood between Wolfard and Lichty that the former was to have an interest in sum due from the plaintiff. Lichty disputes the amount and a just settlement is asked.

Sick Women

Mrs. Valentine Tells How Lydia E. Pinkham's Vegetable Compound Oured Her.

Happiness will go out of your life forever, my sister, if you have any of the symptoms mentioned in Mrs. Valentine's letter, unless you get promptly. Secure Lydia E. Pinkham's Vegetable Compound at once. It is absolutely sure to help you. Then write for advice if there is anything about your case you do not understand.

You need not be afraid to tell the things you could not explain to the doctor—your letter will be seen only by women. All the persons who see private letters at Mrs. Pinkham's Laboratory, at Lynn, Mass., are women. All letters are confidential and advice absolutely free.

Here is the letter:—"It is with pleasure that I add my testimony to your list, hoping it may induce others to avail themselves of the benefit of your valuable remedy. Before taking Lydia E. Pinkham's Vegetable Compound I felt very badly—nervous, and I tried, had sick headaches, no appetite, and I was unable to stand. I was not able to do anything. Had sharp pains all through my body. Before I had taken half a bottle of your medicine, I found myself improving. I continued its use until I had taken four bottles, and felt so well that I did not need to take any more. I am like a new person, and your medicine shall always have my praise."—Mrs. W. P. VALENTINE, 506 Ferry Avenue, Camden, N.J.

\$5000 will be paid if this testimonial is not genuine.

Program to begin promptly at eight o'clock. J. Wenger, amusement director.

Matters in Probate.

In the matter of the estate of Wm. E. Joseph, spendthrift, Mark Skiff has filed an undertaking on appeal to the circuit court for this county. His appeal is from the order and decree rendered on August 2, 1901, wherein Jos. H. Albert was named as guardian of said estate, and the answer of Mark Skiff to the petition of Wm. Joseph was struck from the files.

In the matter of the estate of Elizabeth B. McCorkle, deceased, the administrator, M. A. McCorkle, has filed his final account and prays for his dismissal.

Practical Economy.

WILKESBARRE, Aug. 7.—The marriage of Mary Finley and Joseph Milken, which occurred here today, might have gone unnoticed beyond the humble sphere in which they live, but for the fact that their marriage was postponed until today as a matter of rigorous economy. January 14 last they went to procure a marriage license, but were told by the clerk that as Mary was an orphan and under 21, she must have a guardian appointed by the court, who would give consent to the ceremony, and that the fee for appointing the guardian was \$2. The pair consulted and finally decided to wait until Mary was 21 and to save the \$2 fee. This was done and Mary being 21 today the marriage ceremony was performed.

Good Medicine for Children.

"Through the months of June and July our baby was teething and took a running off of the bowels and sickness of the stomach," says O. P. M. Holiday of Deming, Ind. "His bowels would move from five to eight times a day. I had a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the house and gave him four drops in a teaspoonful of water and he got better at once." Sold by F. G. Haas, Druggist.

Catholic Abstinence Men

HARTFORD, Conn., Aug. 7.—The regular annual convention of the Catholic Total Abstinence Union of America is being held here today, and will continue three days. Delegates are present from every part of the United States. This evening there will be a meeting of the executive council of presidents and secretaries of the several diocesan unions at the Albany house. The programme includes religious exercises daily. Many distinguished clerical and lay members are present. The meeting will close with an excursion on the Connecticut river to Saybrook and a trip on the Sound.

It Saved His Baby.

"My baby was terribly sick with diarrhoea," says J. H. Doak, of Williams, Oregon. "We were unable to cure him with the doctor's assistance, and as a last resort we tried Chamberlain's Colic, Cholera and Diarrhoea Remedy. I am happy to say it gave immediate relief and a complete cure." For sale by F. G. Haas Druggist.

Candy Jobbers.

PITTSBURGH, Pa., Aug. 7.—The National Jobbing Confectioners Association of the United States is in session here and will remain for three days. A novel feature of the meeting is that it is being held on board the excursion steamer Francis J. Torrence. Edward Mease of this city is president of the association. The National Confectioners Salesmen Association is also in session here at the Monongahela House. The local people have raised a large sum of money for the entertainment of the candy people during their stay here.

Advertising is the greatest constructive force yet evolved in the science of business, and business is a science in every sense of the word. This is being demonstrated every day by the fact that there are many ways of being successful in business that were unthought of the day before. In every success the force that won was advertising.

WEATHER CONDITIONS AT RED HILLS

A communication received from J. H. Elgin at Oak Farm in the Red Hills, describes the weather conditions at that place as follows: On Sunday, August 4, the mercury was at 70 at sunrise and at sunset 91. There was a good breeze throughout the day, but it was slightly humid, inclining us to take to the shade where the humidity of the air lost its astringent effects.

Monday at sunrise the mercury was 63, and another warm day followed. At 4 p. m. the mercury was 94 in the shade. Harvesting goes merrily on in the sun without mad dogs or sun stroke. Threshing will begin Friday.

\$100 Reward, \$100.
The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
