STRIKE IS GAINING BOTH EAST AND WEST

More Plants Without Men at Bellaire, Wheeling and McKeesport

POLICE INSIST UPON ORDER EFFORTS TO GET NON-UNION MEN

President Shaffer Satisfied With Situation—Coal Famine in San Francisco Growing Worse—Painters Gaining Ground Every Day.

Chicago, Aug. 13.—The steel workers at the mills of South Chicago will be asked to reconsider their action refusing to comply with the order of President Shaffer to strike. Information has been received from Pittsburg that the supreme office of the Amalgamated Association has dispatched Assistant Secretary M. F. Tighe west, in an attempt to get the federal steel company's men here to follow their Eastern co-workers.

Pittsburg, Aug. 13.—Returns from strike centers indicate that there has been but a slight change in conditions since yesterday. During the night the strikers made further gains from the National Tube Co., at McKeesport and seem to have strengthened their position at Wheeling. Bellaire plant closed last night but a determined effort will be made to operate it today. The police have shown that they will make a determined attempt to prevent violence or disorder, and the steel managers regard this as a favorable point to break into the strike with non-union men. The American Tinplate Co. is moving to secure a resumption of work—at some of its plants.

President Shaffer this morning said: "I am satisfied with the situation. I leave tomorrow morning for Wheeling." A number of railroad torpedoes were set off near Clark's mill today as a joke. Remor converted the explosions into shots, and killed two negroes. There was no trouble, however.

Ten skilled men left the lower Union plant of the Carnegie Company today and it is claimed the remainder of the crew to the number of 25, will follow.

Cleveland, Aug. 13.—The American Tin Plate Co. succeeded in getting one mill out of the side at the Crescent works started this morning with non-union men.

San Francisco, Aug. 13.—The coal supply of this city continues to decrease owing to the strike. Most of the bankers are now empty and practically no coal is being received for general consumption. The Southern Pacific Company at the long wharf on the Oakland side of the bay and the western Sugar Refinery are the only big coal users that are getting all they require. The railroad employes

He Has Saved My Life

state of Oregon. I am Salem, Ore., May 1, 1900. To whom these presents shall come greeting, This is to certify that I have been afflicted with chronic Catarrh for a number of years, also liver trouble. I desire to publicly state upon oath that Dr. J. F. Cook, of Salem, Oregon, has removed said tumor, two in number, without the use of knife, plaster or poisonous drugs, and that I am entirely, and as I believe permanently cured. I cheerfully recommend Dr. Cook to all persons afflicted as I was. I feel that he has saved my life. My home is three miles south of Turner, Oregon.

County Clerk.

Do Not Listen to "Cappers"

Who are hired to defame me and my methods of treatment. I feel no one, people there would be no use to fight me. It is because I do cure people that I am persistently misreputed, but I keep on curing folks just the same, and some of the best people in Oregon stand by me, for which I am thankful.

Send for "Circulars" containing testimonials from patients cured both in Oregon, and in the East. "Hop's" despair because you have been told you have been told you could not be cured. Dr. Cook has cured hundreds of people whose cases have been pronounced hopeless by the "old school" physicians.

The doctor has devoted the best years of his life to the study of disease, and the use and action of Nature's vegetable remedies, until he knows absolutely just what he can do. They give him confidence.

EMPRESS BURIED

POTTSDAM, Aug. 13.—The remains of the Dowager Empress Fredericka were interred today beside her husband in the mausoleum of Frieleuskirche near Pottsdam.

New York, Aug. 13.—Commenting upon the reports from Germany in connection with the funeral of the Dowager Empress, one statement is being made that even the inhabitants of Victoria street, Pottsdam, will not be allowed to stand in their own front gardens during the passage of the funeral procession. The London correspondent of the Tribune says:

Great popular discontent is said to prevail on account of these stringent regulations which are probably due to fears of anarchist disturbances. The anarchists are believed to have tampered with the train conveying the German Crown Prince from Homburg. The spring of the carriage was found broken at Leinfelde and at another station a piece of iron was discovered on the line.

MINERS KILLED

HELENA, Mont., Aug. 13.—Two men were killed and two others staggered into the open air with almost their last gasp as the result of a peculiar accident which occurred at 6 o'clock last night in the new tunnel of the Minah mine at Wickes, Mont. The four men had gone to the end of the tunnel, a distance of 2800 feet, and were engaged in sinking a shaft which work had been in progress several days. They had been using a small engine for hoisting dirt. The smoke from the engine had been carried to a tunnel above the one in which the men were engaged, from where it was displaced by means of an air shaft. Last night after the men had been at work several hours, the air shaft became stopped up and the smoke was forced to return to the tunnel where it originated. When the men discovered their danger they began a retreat and had reached a point about 700 feet from the opening of the tunnel, where two of them, Eli Gunville and Martin Johnson, fell dead. The other two men escaped to the open air but were almost dead and were restored after much difficulty.

Fighting Jo Lionized

NEWPORT, R. I., Aug. 13.—General Joseph Wheeler is being lionized by Newport society. Recently he was the guest of honor at a dining party given by Mrs. William Astor. The dinner took place in Berewood and was a pretentious affair, the guests numbering 38. It was Mrs. Astor's second entertainment of the season and the party included many prominent persons, among them being Colonel J. J. Astor, who was with General Wheeler at the time of the Santiago campaign.

Kruger's Health

New York, Aug. 13.—Reports of Mr. Kruger's falling health are not authoritatively confirmed, says the Tribune's London correspondent. Specialists may be required for his injured eyesight, but feeble heart action is the real source of danger and cannot be guarded against.

Scandinavian Town Burns.

CHRISTIANA, Aug. 13.—Four-fifths of the town of Karsrud, on the North sea, has been destroyed by fire. The church, postoffice, State bank and school were gutted. About 1200 people are rendered homeless.

BANKER BUNCOED

How a Chicago Financier Was Swindled Out of \$30,000.

CHICAGO, Aug. 13.—It leaked out here today that one of the Chicago banks was recently swindled out of \$30,000 in cash in a skillful manner. An effort is being made to keep the matter secret and not even the name of the bank is given. It seems that a depositor of several years standing appeared one day in the president's office with a draft on London for £9000, which was perfectly good. The depositor informed the president that he desired to deposit his London draft and at the same time to check against it, presenting his check for \$30,000 to the president to O. K. The latter put his initials on it and thought nothing of it. It seems, however, that the depositor went out into the bank and deposited his London draft and on the following day presented a check for \$30,000 which was paid, the teller knowing that amount was to his credit on the books. Later in the day he again appeared at the window and presented the check for \$30,000 which had been initiated by the president. This check was also paid. Nothing more has since been seen of the depositor.

CRISPI AND GERMANY

BERLIN, Aug. 13.—The papers comment sympathetically upon the death of Signor Crispi, but they do not ignore the great defects of his character. The strongest emphasis is laid upon his unvarying good will toward Germany, his fidelity to the triple alliance and his friendship for Bismarck. The Berliner Post says:

"Germany must not forget that in 1870 it was chiefly owing to Crispi's energetic action that Italy did not support France."

The Vossische Zeitung and other journals make the same point. The Norddeutsche Allgemeine Zeitung closes a brief and cordial review of his career in this strain:

"Thus it is befitting us gratefully to honor the memory of the man who was a zealous promoter of the central European alliance and a friend of Germany from conviction."

The National Zeitung considers it characteristic that the fact of Crispi's death was added to count von Buelow after it was sent to the King of Italy.

SOLDIERS REUNION

SALT LAKE CITY, Aug. 13.—Several hundred former volunteer soldiers representing the volunteer regiments that took part in the campaign in the Philippines were greeted at the assembly hall today by General Irvingham, of Colorado, first vice-president of the society of the Philippines, in the second annual reunion of that order. Large delegations were present from Colorado, Utah and Idaho and other regiments that made themselves famous in the campaign around Manila. The reunion will last three days. The annual parade of volunteers will be held tomorrow.

THE WOOL MARKET

BOZEMAN, Aug. 13.—Taken as a whole the wool market is in good shape, and conditions are firm. Territory wools, fine, medium and fine are selling at 40 1/2 cents. Choice staple grades are quoted at 46 a 48; fleece wool 55 cents steady.

ROBBED TRAIN

Five Texans Go Through All Passengers and Crack Express Safes, but Get Little Plunder.

DENVER, Tex., Aug. 13.—The Missouri, Kansas and Texas passenger train No. 3, south bound, was robbed at Caney switch at 1:30 this morning by two men who got on the train at Atoka. They crawled over the tender with pistols in hand, covered the engineer and fireman, commanded them to stop at the Caney water tank. There they were joined by three others and a full load of shots alarmed the crew and passengers. Postal clerk Tully was compelled to go through the train, carrying a sack in which the valuables were thrown in. Every passenger was robbed then the robbers turned their attention to the express cars. Both safes were blown open with dynamite, and the contents secured. The amount stolen is not yet known, although the robbers got some valuable jewelry. After the work was done the robbers sat around and laughed over the matter.

After holding the train two hours the robbers left, going into dense bottoms. The Express Company claims it lost nothing, and Conductor Nolan estimates that the passengers lost about \$300.

FLOODS IN ARIZONA

PRESCOTT, Ariz., Aug. 13.—The heaviest rain storm this season has occurred in this section. Five bridges on the Santa Fe, Prescott and Phoenix railway are reported washed out. A cloudburst in the Black Hills between Prescott and Jerome did much damage and several narrow escapes from drowning occurred but no loss of life is reported.
