BAND CONCERT.

At Eastwood Park Tomorrow Evening August 21st.

The Baby Prize will be awarded and prize paid at the Grand stand immediately after the judges' decision. The Salem Light and Traction Co. have given out the following notice.

On Wednesday evening the conductors on the street cars will collect 10 cents from each passenger to Eastwood Park and in payment thereof will deliver a coupon good for one return car fare to the city, as well as admitting them to the park.

Otherwise an admission of 1 cent will be charged at the gate.

BABY CONTEST DECISION

An Attraction Tonight At Eastwood Park.

The baby-show finals at Eastwood park tonight are exciting not a little interest, and no doubt a great crowd will go out to witness the prize awards as well as to take in the magnificent program. All are glad to hear the military band again, and scores will go to hear Mrs. Hinges sing, but the prize baby will be the center of interest. All who have attended the former baby exhibitions have no doubt made up their minds just which of the beauties will walk off with the prize. In fact one of the judges so far forgot himself today as to say it was all settled in his mind but upon being pinned down wisely declined to give *THE JOURNAL* an advance report. Other members of the committee have not been consulted, but it is learned from the car-line management that arrangements have been made for the committee to escape through a tunnel the moment the face of the prize winner is flashed upon the canvas.

RECEIVE LIPTON

NEW YORK, Aug. 21.—Escorted by the Erin, the Porto Rican and the tug Lawrence, Shamrock II will go beyond the hook today if sails can be bent in time to meet the Teutonic on which her owner, Sir Thomas Lipton is a passenger. The liner may be delayed on account of the fog but if she is on time it is not probable that the challenger will get away from her anchor today. The steam yacht Priscilla, with a number of prominent New York yachtsmen on board will also meet the Teutonic. It is proposed to give the Irish Baronet a royal welcome. The plan is if possible to take Sir Thomas and his friends from the liner at quarantine; should the Teutonic not arrive until night, it is proposed to emphasize the welcome with a pyrotechnic display for which a carte blanc order has been given. Sir Thomas Lipton will be the guest of the Seawanhaka Club on Saturday and will witness the races at Oyster Bay.

NATIONAL BAR ASS'N

DENVER, Colo., Aug. 21.—American Bar Association opened its 24th annual meeting at the labor grand opera house this morning. President Edmund Wetmore, of New York, delivered the address. He reviewed the most important changes in statute law, state and national. He said that recent legislation showed a tendency to divert legislatures and reserve more of the law making power to the people. Secretary Hinkley announced the admission by the executive council of 174 new members. A new executive council of one from each state was announced, including for Idaho, W. W. Wood; Oregon, C. H. Carry; Washington, C. H. Hanford. State Sewer Order. The state board of capital commissioners this afternoon considered the sewer bids, and awarded the contract to Chas. A. Gray on his bid No. 4, which provides for a sewer 20x50, the state to do the back-filling, probably by convict labor. The amount of the contract is \$13,990. This will give the state a sewer with a capacity for six times the amount now required. Work will begin forthwith. Schley's Trial. WASHINGTON, Aug. 21.—The NAVY Department this afternoon gave out the official correspondence in the Schley case. It concludes with a letter from Acting Secretary Hackett to Schley, stating that the Department should not at this stage of the proceedings undertake to hear and determine questions that may arise respecting the competency of members of the court. St. Louis Big Show. WASHINGTON, Aug. 21.—The State Department has issued a proclamation signed by President McKinley, inviting the nations of the world to participate in the Louisiana purchase Exposition in St. Louis in 1903.

Test Suit in Wheat Case.

The suit against the Salem Flouring Mills Company, mentioned in Tuesday's JOURNAL, has been filed in the justice court, and will be heard Aug. 23, before Judge O' Donald. The plaintiff is George W. Johnson. It is alleged that in the latter part of the year 1894 he stored wheat in the warehouse of this company to the amount of over 194 bushels; that in May 1898, the defendant converted this wheat to the use and benefit of the company, damaging the plaintiff in the sum of \$165.42. The recovery of this sum is prayed of the court.

Notice had been served upon John Albert, agent for M. V. Rork, ordering the construction of new sidewalks along both sides of the property, included in lot 10, block 74, being the southeast corner of Chemeketa and Cottage street. An order was made for the Street commissioner to build the walk and the costs will be taxed to the owners.

The recorder announced to the council that he had received a message from A. Bush of Ladd & Bush, in which he was directed to tell the council that Ladd & Bush would take care of the \$30,000 bonds, maturing October 1st at an interest charge to the city of 3 1/2 per cent per annum until the city should perfect its own arrangements for the redemption of said bonds.

FATHER LILLY EXPIRES

NEW YORK, Aug. 21.—The Rev. M. D. Lilly, for more than 30 years father superior of the Church of St. Vincent Ferrer, is dead at his home in this city. He had been blind for the last four years. He was prostrated by heat early in July and grew worse steadily. Father Lilly was born in County Fermagh Ireland, about 70 years ago. He came to this country when a young man and lived at Memphis, Tenn., until he joined the Dominican order a few years later, at St. Joseph's, Perry County, O. While still a young man he became president of the Dominican College there. This position he held until he came here about 1867. At that time he made was Father Superior of St. Vincent Ferrer Parish. When Father Lilly took charge of St. Vincent's it was in its infancy but in his hands it was built up and extended it became the extensive parish that it is today.

FATHER LILLY EXPIRES

Father Lilly at different times presided over the Province, as it is known in the Dominican order which includes all the churches of the order in this country west of the Rocky Mountains.

BIG FISH STORY

Boston, Aug. 21.—The Carrie F. Roberts has come in from a trip off shore with the biggest sword fish introduced to the Boston market within recent memory. Before he was cut up or sawed off, he tipped the scales at nearly half a ton. His length was close to 17 feet. He was armed with a rapier of three feet with which by chance he might have rammed and sunk a dory if not a schooner. After dressing he weighed exactly 680 pounds. Aboard the Carrie F. Roberts it was stated that the capture had been made southeast of the Isle of Shoals, after the monster had been harpooned. The play lasted for two solid hours.

The Ohio Ensilage Cutter and Blower

One of the most modern money savers yet introduced for the dairyman and stock raiser. The one we have on display in front, will cut and elevate 12 tons an hour into silos as high as forty feet. The fan case is made of No. 12 sheet steel, which is very stiff and substantial, and will not rust out in a few years. The fan is mounted directly on to the pulley shaft, which easily attains a speed of 600 revolutions a minute. The Ohio self-feed cutter is well known, true tried and tested. Self feed saves more labor and earns more dollars than any other feature about an ensilage cutter. It saves three-fourths of the labor in feeding, and the cutting capacity is increased 33 1/2 per cent. Call and see us.

DEATH FROM SERUM

New York, Aug. 21.—Dr. Caldas' experiments with his new yellow fever serum will not be stopped by the death of two mosquito bitten subjects, says a dispatch to the Journal and Advertiser from Havana. But the official tests under the direction of Major Harvard are at an end. Dr. Caldas, the Brazilian physician, announced that he had discovered a serum with which he could, as it were, vaccinate persons and there by rendering them immune or with which he could cure persons having mild attacks of fever. Havana was the spot selected for the proof. Mayor Harvard's mosquitoes were to have their supreme test.

This test is to take place next Thursday, in spite of the deaths of Carro and Cambo. Dr. Galdas said: "It will make no difference in our experiments. We have already inoculated five non-immunes with my serum and on Thursday we shall test them with infected mosquitoes. "The authorities were too rash and reckless in their experiments. One case should have been allowed to develop before another was attempted. Yet it was a natural error. Major Gorgas, chief sanitary officer at Las Animas said: "We shall cease our experiments. I have already issued orders to that effect. It is to be deplored that such an accident could have occurred at this time. We had more than 30 inoculations prior to this time with no fatalities and I cannot understand how it happened. Each of these cases were of the greatest severity. "I hold myself responsible for what occurred, and I cannot sufficiently express my sorrow. We shall aid the widows of the dead men and insure them positions for life. "It is terrible that it should occur just as we appeared to have immunity in sight through Dr. Galdas' serum. It has not developed yet what action the American authorities will take in view of Dr. Galdas' decision in continuing his experiments.

TO BET ON SHAMROCK

NEW YORK, Aug. 21.—With \$25,000 to bet on the Shamrock II it is stated in a cable dispatch to the Journal and Advertiser, an agent of C. Arthur Pearson of London will leave in a few days commissioned to place the big bets that the millionaire publisher wants to make that the Irish boat will win. Mr. Pearson is intensely interested in yachting and he studied the Shamrock very closely while she was being tried out with the old challenger.

CHINESE STUDENTS

SAN FRANCISCO, Aug. 21.—Hwang and Tsai, Chinese professors in the William Nast College at Kinkang, Kiangsi Province, China, have been landed and will proceed east to prosecute their studies. They speak English perfectly. They are the first Chinese to arrive from Kiangsi Province, the dialect of which is not understood by the Chinese now in the United States.

Postoffice Robbery

SALT LAKE, Aug. 21.—The post office authorities here have not yet heard from Inspector Bennett, regarding the arrest at Baker City, Ore., yesterday of Frank McBride, formerly assistant postmaster of Salt Lake, suspected of complicity in the recent postoffice robbery here. Postmaster Thomas and the chief detective of the service, Holton, believe McBride has not been in Salt Lake since he was released from the penitentiary two years ago, after serving a sentence for embezzlement.

DIED.

SMITH.—At Jefferson, Ore., Tuesday August 20, 1901, at 11 p. m., Mrs. Eva Smith, wife of C. M. Smith, aged 30 years, of consumption. The funeral services will be held at 2 p. m. tomorrow. Burial will take place at the Jefferson cemetery. Her husband and one child survive her, and they have the sincerest sympathy of a large circle of warm friends.

HEALTHY WOMEN.

Mary J. Kennedy, manager of Armour & Co's Exhibit at the Trans-Mississippi Exposition at Omaha, Neb., writes the following of Peruna, which cures for that common phase of summer catarrh, known as indigestion. Miss Kennedy says:

"I found the continual change of diet incidental to a night years' traveling completely upset my digestive system. In consulting several physicians they decided I suffered with catarrh of the stomach. "Their prescriptions did not seem to help me any, so, reading of the remarkable cures effected by the use of Peruna I decided to try it and soon found myself well repaid. "I have now used Peruna for about three months and feel completely rejuvenated. I believe I am permanently cured, and do not hesitate to give unstinted praise to your great remedy, Peruna. "The causes of summer catarrh are first, chronic catarrh; second, derangements of the stomach and liver; third, impure blood. "Such being the case anyone who knows anything whatever about the operations of Peruna can understand why this remedy is a permanent cure for summer catarrh. It eradicates chronic catarrh from the system, invigorates the stomach and liver, cleanses the blood of all impurities, and therefore permanently cures by removing the cause,—a host of maladies peculiar to hot weather. The cause being removed the symptoms disappear of themselves. "Summer Catarrh" sent free to any address by The Peruna Medicine Co., Columbus, Ohio.

SIX MEN DROWNED

CLEVELAND, O., Aug. 21.—Six men were drowned last night as a result of an explosion of gas in a tunnel leading from the water works crib No. 3, two miles from crib No. 2, where the fatal accident of last Wednesday occurred. The accident occurred early last night, but nothing was known of it on shore until today. No boats are kept at the crib. Thirty men on the crib when the explosion took place, spent the night vainly signalling for assistance.

It was long after daylight before a tug reached them. It is supposed the men who were digging, struck a vein of gas which was ignited by a spark made by a workman's pick.

So great was the destruction wrought that it will possibly be weeks before the damage can be repaired and the bodies of the unfortunate workmen recovered. Mayor Johnson has ordered all construction work on the tunnel stopped, until every safeguard is provided for the protection of the men.
