## REBELS ARE DEFEATED BY COLOMBIAN TROOPS

They Lose Their Ammunition and Many Prisoners are Taken.

### GERMAN-AMERICAN CONFLICT IS PREDICTED BY THE RUSSIANS

Uncle Sam Should Put His Foot Down Soon and Call a Halt—Liberals Have Ruined all the South American Governments by Their Reckless Administration of Affairs.

WASHINGTON, Aug. 22.—The Colombian Minister, Dr. Martinez Silva, today received an official letter from Minister of Colombia at Quito, Ecuador, which reports an engagement near Tomaco, in which the Colombian revolutionists were defeated, their ammunition and many prisoners taken. The letter also discloses a satisfactory condition of affairs between Ecuador and Colombia, and disposes of reports that an armed invasion by Ecuadorian troops was to be apprehended.

ST. PETERSBURG, Aug. 22.—The Nevoe Vrynes says: The fact must not be lost sight of that the German press is already beginning to use the dispatch of German warships to the coasts of Venezuela and Colombia, on the ground that it is difficult to foresee the outcome of the conflict between these republics. "Should the German Government follow these counsels a German-American conflict may easily be created upon the dispute between Colombia and Venezuela. The United States remains a stout supporter of the Monroe Doctrine of 'America for the Americans.'"

NEW YORK, Aug. 22.—General H. C. Jeffries, second in command to General Alban, is quoted by the Colon correspondent of the Herald as saying that he believes President Castro will be overthrown. "There will be no declaration of war," General Jeffries said. "In 1894 when President Zelaya of Nicaragua invaded Honduras, there was no declaration of war. There was no declaration of war in these countries. There is neither honor nor respect between one nation and another.

"While affairs are quiet now, they may not remain so. Only small bands of robbers and bushwhackers are in the country. "Venezuela recently called General Uribe Uribe, intending to send him into Colombia, but there will be no war with the machinations of President Castro or those of others who are abetting the Liberals. It is time the United States put down its foot and say 'stop.' The duty is now here if it were even in Havana. Nicaragua has sent here for expeditions. That government is supporting for president of Costa Rica a candidate who served four years in the state prison."

## THE IRON MASTERS GAINING

Several Mills Started Today in Opposition to the Strikers.

### An Exhaustive Review of the Metal Trade Conditions.

PITTSBURGH, Aug. 22.—Developments in the steel strike this morning, were all favorable to the masters. The American Tin Plate Co. succeeded in getting about 100 men safely inside the Star plant, and preparations were in progress for starting up two mills. Another crew was put on at the Lindsey and McCutcheon works, and the "Jinney" mill was started, and 250 men were reported at work in the Painter plant.

Seven foreigners were arrested for disturbing the peace at the Pennsylvania Tube plant last evening. They were given a hearing by magistrate McGarvey, and severely reprimanded.

NEW YORK, Aug. 22.—The Iron Age says: The strike situation has been complicated during the past week by the desertion of the Joliet and Milwaukee men which cuts off a monthly production of 10,000 tons of merchant bars at Milwaukee and 38,000 tons of steel products at Joliet. Through the closing down of the Joliet rod mills the wire trade is for the first time affected, at least locally. To both these steel plants must be added three of the steel works of the National Steel Company, the Bellaire, Mingo Junction and Newcastle and the Riverside and McKeesport Steel plants of the National Tube Company. Some of the blast furnaces have already been banked or blown out and others are likely to follow. The heavy cutting down of the consumption of pig iron on the part of the works of the United States Steel Corporation of course tells adversely on the changes of sales on the part of outside merchant furnaces of the Mahoning and Shenango Valleys and Bessemer pig is weak as a consequence.

The tube industry has been that most seriously affected by the latest developments now that the works in the Pittsburgh and Wheeling districts, the most important of all, are idle. The hoop and bar mills have been gaining steadily in tonnage and the same is true of the sheet mills. There will be a further accession to active sheet works during the next few days. So far as the tin plate industry is concerned it is likely that the two large works in the Shenango Valley will be started in the near future. Consumers are seriously embarrassed in the lines affected, notably in tin plate, sheets, bars and tubes and larger premiums are being paid for prompt delivery. Since the South Chicago men remain loyal the steel trade is unaffected. The same is true of the plates and shapes and with the exception of Joliet, of wire also.

The loss of revenue which the United States Steel Corporation suffer through the closing of some of their most profitable branches must be serious and a considerable part of the business is gone past recovery. On the other hand it will take many months to catch up with deliveries and thus the mills when once started again will be busy far into winter period when work is usually rather scarce. It is probable therefore that natural causes will tend toward a maintenance of values in the finished products in which the steel corporations have a commanding voice.

In foundry pig iron Philadelphia and Buffalo note considerable sales to the east iron pipe interests while Chicago report good transactions and a livelier demand. In the metal trade tin is being supported in the face of heavy arrivals and a virtual cessation of consumption for the tin plate manufacturers. In the copper trade rumors of an international agreement are plentiful. Those in control of the lead cling to the price so long maintained, in spite of the obvious fact that it is stimulating the production.

**Immigration Frauds.**  
NEW YORK, Aug. 22.—More arrests, in connection with the alleged frauds practiced by officers on western bound Atlantic liners and in collusion. It is said, with immigration inspectors are likely to be made in the near future. The investigation is being conducted under

## TORNADO IN OKLAHOMA

Kills Five Persons and Injures Many Others, Besides Damaging Property.

EL RENO, O. T., Aug. 22.—A wind and rain storm amounting to almost a tornado, nearly demolished the new town of Anadarko last evening. W. P. Lewis, of Rutherford, Texas, John Antone, of Paris, Texas, and Dr. Mays, of Wichita, were killed by falling buildings. A number of others were injured. While about twenty buildings are almost completely wrecked, hundreds of tents and great quantities of merchandise are strewn over the prairie. The wreckage will be cleaned away and the buildings replaced. The damage amounts to thousands of dollars.

At Hobart two and a fourth inches of rain fell in an hour. Thousands of dollars worth of merchandise in unfinished buildings and tents were ruined, but as far as learned no one was hurt. Reports indicate the storm was severe in the country districts. One report says four persons were killed at a farm house a few miles from Anadarko.

ANADARKO, Fla., Aug. 22.—Further details of the tornado which struck this city last night indicate that the storm was severe in the country districts where several persons were killed and injured and many buildings destroyed. The loss in crops and livestock will be heavy. One report says that four persons were killed at a farm house a few miles distant.

## FRANCE BLUFFS TURKEY

NEW YORK, Aug. 22.—Edward Bruwart, the French Consul General in this city ridiculed the possibility of a war between this country and Turkey.

"The trouble arises," he said, "over the wharves in Constantinople. A French company built wharves there. They were to charge vessels for docking privileges and the Turkish Government guaranteed the income up to a certain fixed sum yearly. If the income from the wharves did not reach that amount the Turkish Government was to make up the difference. The income did not reach the sum fixed and the company wants Turkey to make good its guarantee. 'There comes in another question. You know France has a post office of her own in Constantinople. Turkey does not like that. She says it interferes with her postal service, but France will not consent to do away with her post office. Then Turkey tries to force France. She says very well, you keep your post office and we shall keep the money belonging to your wharf company. When you abolish the post office we shall pay the wharf company. Now France intends to have both the post office and the wharf company's money. She has seen the success your country has had in collecting money from the Sultan and she is going to collect the money due her."

"But war! No. This is what you call a bluff. It is like two children. One says: 'I will not play with you', and goes home. Then they do not speak until one apologizes or a friend makes it up between them. You may think of war when France sends Munir Bey, Turkey's Ambassador in Paris, his passports. France will not do that, though Munir is not very well liked in Paris." Mehmet Webb, the Turkish Consul General in this city, said that he did not think there was a possibility of war between France and Turkey.

## CAPTAIN SCHLEY

WASHINGTON, Aug. 22.—Captain Thomas F. Schley, of the twenty-third infantry, made an official reply to the War Department, regarding his alleged interview with the matter of the Schley court of inquiry. Schley says he talked for publication with no person. The publication misrepresented what he said in a friendly conversation with other gentlemen. The letter is regarded at the Department as a satisfactory explanation.

## NATION'S LAWYERS DISAGREE

Littlefield Applauded for Denouncing the U. S. Court Insular Decisions.

Mr. Moses of Chicago Protests, But is Promptly Squelched.

DENVER, Colo., Aug. 22.—There was an increased attendance this morning at the opening of the second day's sessions of the annual meeting of the American Bar Association. The feature of the forenoon session was the annual address, which was delivered by Congressman Charles E. Littlefield of Maine. Mr. Littlefield took as his subject "The Insular Cases," and his remarks were listened to with rapt attention by the distinguished audience. The remainder of the morning was occupied with the reports of standing committees. At noon the convention took a recess until eight o'clock this evening, when it will reassemble to listen to the address by Henry D. Estabrook of Chicago, Platt Rogers of Denver and other distinguished lawyers.

Littlefield declared the decision of the supreme court regarding the Porto Rican tariff laws, considering the inconsistent views expressed by the different members of the court, "without parallel in our judicial history." After dissecting the various arguments by the court and a comparison of one with the other, Littlefield reached the conclusion that, "so far as the operation of the constitution concerned this territory it was too all intents and purposes part of the United States. It matters not how the constitution reached the territory as far as this case is concerned, so long as it was there."

The Committee on commercial law reported the present bankrupt law unsatisfactory. Adolph Moses of Chicago, created a sensation by the following protest: "With recent my vote in dissent to the general applause which followed the presentation of the insular cases by Mr. Littlefield, I regret to have listened to what I consider an unwarranted attack upon the supreme court of the United States, and as a member of this association wish to raise my voice in protest against the use of the platform for any purpose of this kind." He was declared out of order by the President.
