It Will Pay You

To think of Hinges when you want anything in either of his two branches of business. His watch repair department is the best equipped and best stocked of any in the state, and prices are of the twenty century kind, and the workmanship is second to none. The optical branch is as complete as it possibly can be, compare the demands of a city even four times as large as Salem. The most complicated prescription can be filled inside of 48 hours. Hinges, popular prices prevail in both branches.

CHARLES H. HINGES

296 Commercial Street.

FUNERAL OF MISS MARY KETCHUM

Daughter of the Presbyterian Minister.

Her Family all at Newport at the Time of Her Death.

The funeral of Miss Mary Ketchum was held at nine o'clock this morning at the family residence on State and Church streets. Services were conducted by the Rev. Thompson of Independence, and attended by a large number of friends of the family. Interment was at the Rural cemetery, and the relatives of the deceased took the eleven o'clock train for Newport, to attend the mother and sister, who are in a critical condition.

This sudden death of one of the most popular young ladies of Salem, has won for the family and friends of the deceased the heartfelt sympathy of the entire community. Miss Ketchum was a prominent worker in the Presbyterian church of which her father is pastor, and her friends are legion, being counted by the number of her acquaintances. She had been in ill-health the entire summer, and her assiduous care of her invalid mother and sister resulted in an attack of typhoid fever. With the best of attendance and care she was convalescing from this attack, and no doubt as to her recovery was indulged in, when heart failure suddenly attacked her, causing her death at 2 p. m. Saturday. Her brother, Will Ketchum, was the only one of the family with her, and he immediately telegraphed the sad news to his parents at Newport. Their arrival here would have been one day later than it was had not Edwin Stone, manager of the C. & E. R. E. sent a special train to Newport to hasten their coming home.

Dr. Ketchum and Miss Bertha were the only members of the family able to come, and by the special train they reached Albany at midnight Saturday. They were met there by Mr. Will Ketchum and F. A. Wiggins and reached here Sunday morning on the overland train.

Miss Mary Ketchum was born in Urbana, Ohio, 27 years ago. She has resided in Salem with her parents since September 1897, coming here from Berkeley, California.

Mrs. H. A. Ketchum, mother of the deceased, and Miss Ruth are just recovering from serious illness and Miss Edith was but recently stricken down with typhoid fever. They are at Newport, where the remainder of the family have gone today.

POOLED GRAIN

Sold at a Profit of Three Cents a Bushel Above Market Price.

Bids were opened at the Rock Point school house Saturday night for the grain that had been pooled by about fifty farmers of that district. There was over 55,000 bushels of oats, in the pool, which sold as follows: Winter oats, 29 1/2 cents per bushel, or \$16.55 per ton; spring oats, 28 1/2 cents per bushel, or \$16.05 per ton. These were taken by Simpson, Bean & Co. of Albany and Portland.

The pooled wheat aggregated over 11,000 bushels, and the offer of Gardner & Co., of Stayton, was accepted by the officers of the combine. They offer to take the wheat at any time the farmers are ready to sell at a price three cents above the Salem price.

There are about 25,000 bushels of oats in that district that is not in the pool, and Simpson, Bean & Co. offer to take this at the same price as that in the pool.

This is the second year grain growers have combined their interests in this line. Last year their profits over the prevailing market quotations are said to have been \$2500; this year it is estimated at \$3000, and the offer of Simpson, Bean & Co. is accepted for the remainder of the oat crop, that district will be the gainer by about \$3000 it is believed.

The Ohio Ensilage Cutter and Blower

One of the most modern money savers yet introduced for the dairyman and stock raiser. The one we have on display in front, will cut and elevate 12 tons an hour into silage as high as forty feet. The fan case is made of No. 12 sheet steel, which is very stiff and substantial, and will not rust in a few years. The fan is mounted directly on the pulley shaft, which easily attains a speed of 900 revolutions a minute. The Ohio self-feed cutter is well known, time tried and tested. Self feed saves more labor and earns more dollars than any other feature about an ensilage cutter. It saves three-fourths of the labor in feeding, and the cutting capacity is increased 33 1/2 per cent. Call and see us.

F. A. WIGGINS 255-257 Liberty Street

Successor to E. M. Croisan and E. F. Parkhurst. Studebaker wagons and buggies, McCormick Harvesting Machinery, Russell engines and threshers, Tribune bicycles, Standard and White sewing machines.

RECORDER'S COURT HEARINGS

J. Mathews was arrested Saturday night by Chief of Police Gibson, charged with drunkenness. He was to be given a hearing before Recorder Judah this morning, but was liberated yesterday with admonitions against repeating the offense. His wife applied for his release and explained matters by saying that they had been traveling by team and camped in the grove near the S. P. passenger depot; her husband came to town and got drunk, and she was left at the camp unprotected. Hoboes had taken all her food from the tent and she asked the release of her husband to defend her.

David Conley a "corn doctor" who was also arrested Saturday on the charge of larceny, was given a hearing at ten o'clock. Upon motion of the District Attorney the case was dismissed for want of evidence.

An assault and battery case was heard in Justice O'Donald's court this afternoon. Sam Castro was the defendant in the case and Geo. T. Becker the private prosecutor. C. L. McNary, deputy district attorney represented the State and Maxwell & Hayden appeared for the defense.

The prosecutor is the owner of one of the best racing horses, and the defendant is a horse trainer, at the State Fair grounds. The trouble occurred Saturday afternoon and was the result of a petty quarrel. A pitchfork in the hands of Sam Castro inflicted a few slight wounds on Becker, and the feelings of both are at a degree that the matter could not be dropped, according to their version, without a settlement in the court.

SULTAN'S PENALTY

CONSTANTINOPLE, Aug. 26.—The amount of the indemnity which the Sultan agrees to pay the quays company for interference with its rights is 700,000 francs. The Sultan will also pay 600,000 francs to the Frenchman on account of seizing his lands in Albania. The company renounces for a year the cause of its concessions regarding the transfer of the quays to Turkey, only if it is believed, to save appearances.

PARIS, Aug. 26.—This action however, will only be a manifestation of dissatisfaction and not a rupture of relations as the council of the French Embassy and continue investigations. Constans will ostensibly leave on a vacation.

PARIS, Aug. 26.—Sultan Abdul Hamid's trade giving satisfaction in the quays question was taken as indicating that he would accept the entire French claims, but Mr. Contans telegraphed that the Sultan is still holding out against the claims in payment of three Frenchmen amounting to several million francs, for which Constans demanded a settlement, and declares he will leave for Constantinople today unless the matter is settled.

YOKOHAMA, Aug. 26.—Dispatches from Seoul say French representative at the Korean Capital presented a series of demands including 5000 yen as compensation for injuries sustained by missionaries, and the punishment of fifty persons guilty of taking an active part in the Quispert riots. Further attempts to supplant McLeavy Brown from his office as director general of customs have proved abortive.

A New S. P. President. LOS ANGELES, Cal., Aug. 26.—According to the Evening Express a private dispatch has been received here stating that second Vice-President Paul Morton, of the Santa Fe Road has been tendered the position of C. M. Hays, as President of the Southern Pacific.

Miners Killed. BLOOMINGTON, Ill., Aug. 26.—Four miners lost their lives at the Chenon Coal Mines today by breaking a cable precipitating them to the bottom of the shaft.

License to Marry. A marriage license has been issued to Pat Powers and Mrs. M. M. McCulley of Gervais.

NIGGER BURNED

Murder Notes Cremated Alive in the Presence of Thousands.

CHATTANOOGA, Tenn., Aug. 26.—Henry Niles, the negro, who shot to death Mrs. Charles Williams, wife of a prominent farmer near Winchester, Tenn., last Friday, was captured early Sunday morning at a water tank near Coan, Tenn. He was taken to Winchester by his captors and placed in the county jail. Sheriff Stewart made haste to try to barricade the jail and protect the prisoner. Soon an angry mob of several hundred men gathered about the Assistant Attorney-General, N. M. Whittaker, who appeared and made a speech to the crowd. He appealed to them to assist in allaying excitement and upholding the majesty of the law. He promised to reconvene the grand jury promptly to indict the negro and have him speedily tried.

No sooner had their appeal been made than several hundred citizens from the neighborhood where the crime was committed augmented the crowd to thousands. They swept forward upon the jail, overpowered the Sheriff and his deputies, took the prisoner and started for the scene of the crime, 12 miles distant at 10:15 a. m. The mob was orderly, but determined. It seemed that the whole population for miles around had turned out to see the fate of the wretch. A procession, three miles in length, followed the mob to the Williams home. Arriving at a point in sight of the scene of the crime, the negro was placed upon a stump and made a veritable confessional.

He finished his statement at 1:35 p. m. He was taken from the stump, carried to a tree nearby, bound to a tree by chains and his body saturated with oil. At 1:40 p. m., a match was applied and instantly the quivering body was enveloped in flames. Fence rails were piled about the burning body and soon life was extinct. The negro made no outcry at any time, and died as stoically as a steer. There were no disorderly scenes about the burning body. At least 6000 people witnessed the horrible fate of the negro. Many remained until nightfall, augmenting the blaze until the body was entirely consumed. Then they departed for their homes quietly.

The Negro's Crime. Lying on the floor of the family room, her face splashed with clotted blood and the planks stained with the same drops, Charles Williams found his devoted wife Friday afternoon when he returned from marketing his wheat in the little town of Maxwell. A heavy bullet had gone through her head, life was extinct, and two baby children were crying alone in their grief and fear. The oldest boy, aged 5, told what had occurred. The young mother had been shot and killed by Henry Niles, a negro hand upon Williams place. As the mortally wounded woman sank to the floor, Niles shot at the boy, the bullet grazing the child's head. Then he fled to the woods. The motive it is believed, was robbery and \$20 was obtained by the assailant. Mr. Williams is a farmer well-to-do, and one of the most prominent residents of his section of Franklin County. The dead woman was a member of one of the oldest and most respected families in the county.

INNOCENT IRISHMAN

NEW YORK, Aug. 26.—Patrick Malady, who, many years ago was convicted and sentenced to life imprisonment in England for complicity in the Fenian plot for which the three Irishmen known to history as "The Manchester Martyrs" were executed, is dying in St. Michael's hospital, Newark, New Jersey.

Malady was pardoned after serving 10 years of his sentence and came to this country getting out west. He returned to Newark some months ago in bad health. Malady insists that he is innocent of the offense for which he was convicted.

The men with whom he was said to have been concerned and who died on the scaffold belonged to a Fenian organization and planned the rescue of two Irish American suspects who were being conveyed to prison in Manchester. In the attack on the prison van, a policeman was killed.

MORE RACE TROUBLES

A Clash Brings Threats to Run Negroes Out of Camden.

NEW YORK, Aug. 26.—South Camden, N. J., was the scene of trouble between negroes and whites last night. The affair might almost be termed a riot. A negro was arrested by the police, and upon reports exaggerating the offense being spread, the white people in the neighborhood became excited. A mob formed and the houses of a number of negroes were entered, doors being broken in amid great confusion and much noise. Threats were made that all negroes should be driven from the place. The police were called out and the rioters were dispersed. A number of people on both sides were injured but no fatalities are reported.

SAPULPA, I. T., Aug. 26.—Additional notices warning the negroes of Sapulpa to leave town this afternoon were posted last night. Today nearly all the blacks not employed or owning property are missing. United States District Attorney Soper wired that he will prevent the offending whites. Surrounding towns are taking up the fight against negroes.

SCHOONER STOLEN

NEW YORK, Aug. 26.—A three masted schooner Sallie Marville was stolen from the docks of the Sharpstown, Md., Marine railway some time on Saturday night. A special to the Tribune from Laurel, Del., says the vessel has just been captured and is valued at \$60,000. She was stealthily taken from her moorings at about midnight by an ocean tug. The work was so quickly done that even the bridge tender was not awakened. While hurriedly enroute to Virginia waters with their prize, the thieves ran the Marville into the draw bridge of the B. C. & A. Railroad at Vienna, Md., and damaged the bridge to such an extent that it will be impossible to resume traffic over the road within 48 hours. The Marville was owned by Laurel Capitalists.

GERMAN TARIFF

Causes Great Feeling in Russia Against William's Subjects.

NEW YORK, Aug. 26.—The prevailing anti-German feeling in Russia, says the St. Petersburg correspondent of the Times, has greatly increased since the proposed new German tariff has been made public. This is particularly true of Poland where, even under normal conditions, great racial animosity exists between the Teutonic and Slav elements of the population.

In any case it seems certain that the Russian Government will shortly take steps to prevent the immigration of Germans into Russian Poland. There are at present according to official figures no fewer than 600,000 foreigners in the Province of Warsaw of whom 82 per cent are Germans. According to the same figures 14,520 foreigners, the majority of whom are Germans own real estate in the Province. The total value of this real estate in the hands of the foreigners is 430,000 roubles. The numerous industrial establishments in the Province of Warsaw are now nearly all in the possession of Germans. As the wealth of the rich district of Warsaw is thus concentrated in the hands of Emperor William's subjects it is easy to foresee what would happen in the event of a Russo-German War. The "German" problem in Poland is certainly not one of the least important which the Russian Government will be called upon to solve in the near future. The new German tariff bill is principally directed against Russia.

The importation of Russian wheat into Germany was particularly disastrous to the Agrarians. By excluding Russian cereals, Germany has undoubtedly dealt a severe blow to Russian agriculture. But on the other hand German manufacturers will pay dearly for the triumph of the Agrarians. Hitherto the annual exports of manufactured articles from Germany to Russia amounted to considerably more than \$100,000,000.

The manufacturers of Breslau will suffer considerably by the cutting off of a large market for their products and while the new German tariff has caused consternation in agricultural districts in Russia it has been received with disguised delight by Russian manufacturers.

CROOKED SERVICE

CHICAGO, Aug. 26.—The Civil Service Commission will begin its investigation of the city detective bureau this afternoon, holding its sessions in the city council chambers. The specific charge to be inquired into will be that Lieutenant Joyce and Sergeants Tracy and Cramer collected from the State of Illinois \$75 as expense for bringing a prisoner named Larkin back from Cleveland. The matter really goes further than this however, and it is the purpose of Acting Mayor Walker and Superintendent of Police O'Neill to uncover the entire workings of the detective bureau.

The men with whom he was said to have been concerned and who died on the scaffold belonged to a Fenian organization and planned the rescue of two Irish American suspects who were being conveyed to prison in Manchester. In the attack on the prison van, a policeman was killed.

STEAMSHIP TELEPHONE

NEW YORK, Aug. 26.—A new thing in telephony has been inaugurated at one of the piers of one of the big ocean going steamers. Telephone apparatus is placed on the steamers and a station erected on the pier. Connection is made by a flexible cord.

By this means telephone communication can be established with incoming steamers before the gang plank is put out. In the case of outgoing steamers passengers can have telephone communication with their friends till the vessel leaves the pier.

Chinese Delays. PEKIN, Aug. 26.—Li Hong Chung informed the Ministers that the bearer of edicts necessary to the signing of the protocol by the Chinese Plenipotentiary, who was on the way from Sian Fu, and was expected to arrive Wednesday, had been delayed with floods, but it is anticipated that he will reach Pekin shortly.

Severe Wind-Storm. CENTRALIA, Ill., Aug. 26.—A cyclonic windstorm and cloud-burst did thousands of dollars' worth of damage at Centralia last night.
