Steel Men Defy the Amalgamated Association Officers.

UNCONDITIONAL SURRENDER SEEMS TO BE THEIR ULTIMATUM

Rumors That Pierpont Morgan Wants Seth Low to Make a Settlement With the Strikers - Milwaukee Amalgamated Men Want Permission to Resume Work.

New York, Aug. 30.—The report that President Shaffer of the Amalgamated Association had presented to C. M. Schwab, of the United Steel Corporation, a statement of modified terms, could not be confirmed at the office of the corporation. It has intimated that no communication of any kind has been received from Mr. Shaffer, that none was expected and that if one were sent in it would not receive official consideration.

The attitude of the steel corporation remains unchanged. The officers of the company say there is nothing to arbitrate and that they will not treat with representatives of the strikers until they are convinced that they are negotiating with responsible persons.

It was rumored that J. Pierpont Morgan and some of his associates had expressed their willingness to leave the settlement of the strike to Seth Low, Mr. Morgan and Mr. Low are close friends, the report was received with some credence, but one of Mr. Morgan's partners promptly denied it.

Ralph M. Easley, secretary of the National Civic Federation, said last night that no peace overtures had been made. He repeated that the trouble had passed the point where arbitration was practicable, yet, he still hoped that there would be some way of bringing the contending forces together.

Pittsburgh, Pa., Aug. 30.—The most important feature in the steel strike today was a conference of a committee of Bayview Amalgamated Lodge of Milwaukee and an official of the Association. The committee's mission, it is said, is to arrange if possible to resume work at the Bayview mills.

After next Monday the Amalgamated Association will begin the disbursement of strike benefits to such as are still out of employment. The rate is \$4 per week.

Secretary Williams received a check from the Flint glassworkers today for \$2000, besides several other large donations.

SAN FRANCISCO, Aug. 30.—Leading grain merchants assert that the blockade of wheat ships had been effectually broken. Twenty-five non-union grain handlers were shipped to Port Costa today, and it is said others will follow tomorrow.

"All this talk about business moving smoothly on the city front is nonsense," declared Andrew Furness, secretary of the City Front Federation. "There are, at most, 800 men at work on the water front today. Employers are trying, with this untrained force, to accomplish the work of 12,000 experienced men who are on a strike."

The most serious disturbance of the State of Oregon is Salem, Ore., May 1, 1901. In which these persons shall, come crossing. This is necessary that I have been afflicted with Ocular Tumors for a number of years, also liver trouble. I desire somebody to state upon oath that Dr. J. F. Cook, of Salem, Oregon, removed said tumors, two in number, without the use of knife, plaster or poisonous drugs, and that I am entirely, and as I believe permanently cured. I cheerfully recommend Dr. Cook to all persons afflicted as I was. I feel that he has saved my life. My home is three miles south of Fisher, Oregon.

SENATOR GEO. F. HOAR

Celebrates His 75th Birthday in the Best of Health.

WORCESTER, Mass., Aug. 30.—The close of three quarters of a century of life finds the senior United States Senator from Massachusetts, George F. Hoar in excellent health and as active as many men 25 years his junior.

The venerable statesman yesterday celebrated his 75th birthday. He was congratulated by friends and admirers in many states of the union. The Senator is now serving his fifth term as a member of the Senate.

During the summer Mr. Hoar has devoted part of his time to pleasure and sight-seeing, but his literary work has not been neglected. He has also given some of his time to Clark University and other public matters.

HEAVY WAGERS

New York, Aug. 30.—Talk of big wagers on the result of the race for the American cup is becoming more pronounced. A Pittsburg syndicate is now said to be prepared to cover the commission which Mr. Arthur Pearson, the English newspaper publisher is said to have sent to this side.

Mr. Pearson asks for odds against the Irish boat of five to three. The Pittsburg men are said to have the courage of their convictions but are now awaiting the result of the first trial races before putting up \$250,000 to Mr. Pearson's \$150,000 which would be the largest amount ever recorded as one bet on the result of a yacht race.

New York, Aug. 30.—Sir Thomas Lipton in returning thanks for the reception tendered him at the banquet given in his honor at Asbury Park, last night said:

"The last time I was in America the principal object of my visit was not attained. I did not take the cup away but I carried away the friendship and good will of the American people, which was more than a recompense for my disappointment and defeat. I do not know what my success will be this time, but I hope I shall take away the cup and that the old folks at home will get a glimpse of it."

FRANCE'S PRESTIGE

New York, Aug. 30.—Leon Berthaut, of the French Academy, left for France on the liner L'Aquitaine. Mr. Berthaut, who is a delegate of the Alliance Francaise for the propagation of the French language, had made a long visit to Canada said:

"I am more than satisfied with the result of my mission. Our object is to create local committees to propagate the French language. Our work is not only patriotic, it is also commercial. In learning our language, people will learn our history, and, knowing our history, they will learn to like us. Our propaganda will help France commercially we are too much the slaves of Madame Routine, and we let the German and English influence abroad grow too strong."

SPUDS FOR THE SOUTH

STOCKTON, Cal., Aug. 30.—A special train of about 40 carloads of potatoes will leave here today for the middle and southern states. The potatoes are raised on the River islands west of this city and tossed here on barges. The demand for potatoes, onions and cabbage throughout the middle states is large owing to the drought and hundreds of carloads will be sent there from Stockton this year. Local dealers are paying from \$1.00 to \$1.50 a hundred pounds for potatoes on the river bank. Today's shipment is the largest single assignment of potatoes ever sent out of the state.

REFUND TARIFFS

WASHINGTON, Aug. 30.—Mr. Tracewell, comptroller of the Treasury has rendered a decision which disposes of the famous Delina case. He holds that under the recent decision of the United States Supreme Court the judgment obtained by Delina and Company for \$14,567 from United States, on account of duties paid by them on goods shipped from Porto Rico to the United States between the date of the ratification of the treaty of Paris and that of the approval of the Foraker act, may be paid out of the general appropriation by the Treasury department without further action by Congress.

Iowa Town Burns.
Des Moines, Ia., Aug. 30.—Business section here, forty miles north of here was destroyed by fire at midnight. The loss is estimated at \$90,000.

BURNED AT STAKE

Will be the Fate of the Missouri Murderer if Found.

KANSAS CITY, Aug. 30.—Armed men and blood hounds this morning again took up the search forty miles south of Kansas City for Bosse Francis, murderer of Miss Mary Henderson. A council of the pursuers has already decided that punishment shall be meted out at the stake.

He is believed to have been located in a mine pit in a negro settlement six miles north of Holden, and within a mile of Columbus, the scene of the crime. There seems no doubt that the murderer is hiding in that vicinity, but there are so many favorable places there in which he may secrete himself. Francis may elude his pursuers almost indefinitely. The clew to his whereabouts was obtained by stringing up three negroes who lived near the Hyatt farm in Columbus. The mob had spent the entire night searching for the negro. Finally after midnight, they came upon Emmett Davenport and Charles Briscoe, who lived near Columbus, and Bud Francis, a brother of the murderer, between Columbus and Holden. The men declared that they knew nothing about Francis whereabouts, but after Davenport had dangled at the end of the rope for a few moments he became terror-stricken and motioned to be let down. Davenport said that "Bud" Francis had told him he was to meet the murderer at the Porter-Murray coal mine, six miles north of Holden, when he was to give "Bosie" \$13 that Briscoe owed him. Bud Francis had Davenport and taken Davenport and Briscoe with him and made them go into the mine to find the murderer. He declared they had not found Francis.

Davenport, Briscoe and "Bud" Francis were hurried before the mob to the place indicated by Davenport. The mob worked hard and long, but to no avail, and only gave up when relieved at daybreak by hundreds of other armed men, who took up the hunt before the night shift had left off. The three negroes were finally sent to Warrensburg and placed in jail for safe keeping. Bloodhounds were sent from Odessa this morning. Until these arrive this afternoon it is not believed any progress will be made. The spot where Francis is believed to be hiding is in a negro settlement. The surroundings are favorable for him, both because he has many friends there and because the mine and thick brush afford ideal hiding places. Every white man in the neighborhood is on the alert, however, and as every avenue of escape is well guarded, it is believed that Francis will surely be captured.

Francis is known to be armed, and if he finally located in the mine it will doubtless become necessary to starve him out. As but few men could enter the pit at a time they would be at the mercy of the murderer.

HOLDS, Mo., Aug. 30.—It is believed that Bosie Francis, the murderer, has escaped.

BOMBARD SETTLERS

TUCSON ARIZ., Aug. 30.—Forty three ranchers and all the resident of the residents of the town of Fairbank, in the San Pedro Valley, have been notified to leave their homes, which are on the Bonquillas Spanish land grant. The grant came into the possession of a large cattle company recently and will be fenced in as soon as the settlers are ejected. One rancher has built a fort and proposes to stand off the company's cow boys, who will be engaged in clearing the land of the ranchers and their improvements. The grant embraces 17,355 acres.

FIRE IN HONOLULU

SAN FRANCISCO, Aug. 30.—The steamer Solace brings the news that on August 21, the buildings of the stock yards company in Honolulu were destroyed by fire and 75 fine horses were burned to death. Three cottages were also consumed. The loss by the fire, which is supposed to have been of incendiary origin, was \$100,000. Timely rains have done much good to the sugar plantations of Hawaii.

SHIPPING POTATOES

James M. Kyle of this city formerly with Page & Sons, of Portland, is engaged at present in shipping potatoes to Missouri and Kansas. The continued hot weather there destroyed the spring crop, but it is believed the fall crop will be at the average so the shipments will not continue long. It is rather unusual to ship potatoes so far, but at this time a good profit can be made.

Prize Fight at Frisco

SAN FRANCISCO, Aug. 30.—George Gardner and "Kid" Carter will meet in a 20 round contest at the Mechanics Pavilion tonight. The stipulated weight is 160 pounds. Jack Kitchin will act as referee. The betting is slightly in favor of Carter.

IMPEACH PRESIDENT SHAFER

Demand Made by the Editor of the Labor World.

PITTSBURGH, Aug. 30.—The Pittsburg Labor World in an editorial demand, this afternoon the impeachment of President Shaffer, of the Amalgamated Association. Members of the board of control of the Labor World are George Howell, President of the Tin Plate Workers' International Protective Association of America, L. E. Thomas, President of the Pattern Makers' National League, and Patrick Dolan, President of District No. 5 United Mine Workers America.

HOWISON RETAINED

Denies Authenticity of Interview Reflecting on Schley.

WASHINGTON, Aug. 30.—Acting Secretary Hackett has made public a letter received from Admiral Howison, dated August 24, denying the authenticity of the interview in which he is made to comment adversely on Admiral Schley. The acting secretary has therefore continued Admiral Howison as a member of the Schley court of enquiry.

In his letter Howison said: "The newspaper cutting in question contains a statement that I make a comparison between Schley and Sampson unfavorable to Schley. The word respected as used by the officers, I am sure I could never have said this as he reports, nor said that Schley had a reputation of being nervous and hot headed in the naval academy. I have no recollection of the gentleman reporting for the Boston Record, and I do not approve his public statement as mine. I cannot say that I have not discussed with acquaintances the matters published in the newspapers relating to our navy's success, as well as the unfortunate disputes as widely commented on. If the department feels that the cause of the navy and justice would be better served by relieving me from duty on the court I am entirely ready to withdraw voluntarily or have the Department relieve me upon its own instance.

On the other hand, the Department knowing all the circumstances, desires that should perform the duty. I am entirely ready to perform it and can upon my conscience and oath do my duty as a member of the court without partiality as the law requires." In reply Secretary Hackett, wrote: "The Department, let me assure you, has no purpose of relieving you of this duty. It has implicit confidence in your sense, justice and fair-mindedness."

TURKEY RETALIATES

Proposes to Make French Religious Communities Pay Heavy Taxes.

PARIS, Aug. 30.—The Matin says today: "The Sultan's flat retaliation against France is an irade withdrawing the concessions and tax exemptions from the French religious community at Beyrouth, Syria. The French communities at Jerusalem are also taxed."

SHOOTING TOURNAY

New York, Aug. 30.—International and Interstate Rifle, revolver, carbine and pistol shooting tournament of the National Rifle Association of America began at the state camp ranges at Sergeant, N. J., today. It is probably the most important shooting tourney that has ever taken place in the United States.
