It Will Pay You

To think of Hinges when you want anything in either of his two branches of business. His watch repair department is the best equipped and best stocked of any in the state, and prices are of the twenty century kind, and the workmanship is second to none. The optical branch is as complete as it possibly can be, compare the demands of a city even four times as large as Salem. The most complicated prescription can be filled inside of 48 hours. Hinges, popular prices prevail in both branches.

CHARLES H. HINGES

296 Commercial Street.

Hue Wing Sang Co.

To Cleanse the System.
Effectually yet gently, when constive or bilious, to permanently overcome habitual constipation, to awaken the kidneys and liver to a healthy activity, without irritating or weakening them, to dispel headaches, colds, or fevers, use Syrup of Figs, made by the California Fig Syrup Co.

Trotter Killed.
New York, Aug. 30.—Vesta G., one of the fastest of the New York speedway trotters, with a record of 2:05 1/2, was killed last night as the result of a collision with a street car. The mare ran away with her owner, Dr. David Randall, and dashed into the rear of the car. Her neck was broken and a policeman's revolver finished the unfortunate animal.

War Property.
LONDON, Aug. 30.—The Express says: "France and Russia will have 92 submarine destroyers in six months time."

DEATH OF J. B. STUMP

Sketch of the Eminent Pioneer and His Work.

Funeral to be Held in Salem from the Family Residence.

The news of the death of the Hon. Jesse B. Stump, at Sevier, published in yesterday's Journal, came as a shock to his large circle of friends. It was supposed by all that he was in excellent health, and his death was unexpected by both his family and friends.

Mr. Stump had been working regularly in the field, and the day before his death complained for the first time of not feeling well. He lay down in the shade and rested, after which he appeared as well as ever, Thursday while at work in the field he again complained of not being well, and went to the house. It was only a few minutes until he was dead, as a result of heart failure.

Mr. Stump was born in Ohio, September 15, 1832. He came to Oregon in 1854. He taught school at Monmouth for five years, then took up the occupation of a farmer, having at one time over 2000 acres of land in Polk county. He owns a handsome residence in this city, but has resided on the farm for the past six years. In 1859 he was married to Miss Martha Davidson, daughter of Carter T. Davidson of Illinois. There are two children in the family, a daughter, Jessie Belle, now Mrs. Clarence S. Hamilton of this city, and a son, Fred Newton Stump, living with his parents.

Mr. Stump was prominent in public affairs of the state and county, being a member of the State Legislature in 1867, being elected to that position by the Republican party, of which he was an ardent member until the organization of the People's Party, when he adopted their beliefs. He was again elected to the Legislature in 1898 by the Silver Republicans of Polk county.

Mr. Stump was a member of the Grange, being at one time the treasurer of the State Grange. He was also interested in several local organizations, always protecting the interests of the people.

He has several relatives in this state, among them being a nephew, J. B. Stump, of Monmouth, who is a prominent stock raiser.

Attempts to communicate with Mrs. C. S. Hamilton, daughter of the deceased, were futile, until a late hour last night. It has been learned that Mr. and Mrs. Hamilton will arrive here from Sevier with the family today.

The remains will be brought to this city today, to the family residence at the corner of Chemekeeta and Front streets, where the funeral will be held. The remains will be laid to rest in Rural cemetery, where two sons of Mr. Stump were buried some years ago.

The funeral services will be conducted at the family residence at 2:30 o'clock, p. m. Sunday, the Rev. Wm. G. Elliot, Jr., officiating.

RUSSIAN FAMINE

ST. PETERSBURG, Aug. 30.—The day on which the first fruits of the harvest were blessed in the church, which was celebrated throughout Russia this week, must have been a day of mourning in many of the provinces. The outlook has grown worse almost every week during the last four weeks. Even vegetables, including potatoes, have been largely burned by the scorching heat in some districts. The approaching winter will be one of the gloomiest Russia has ever seen.

The government already has begun preparations for the feeding of the population in districts where starvation is threatened. By a law adopted some time ago, the Zemstvos, or district assemblies, are relieved of all responsibility in the matter, the famine relief funds being now turned over to the central government.

PROMOTED TO MANAGER

SAN FRANCISCO, Aug. 30.—The Call says that J. B. Wright, who retired recently from a position of the Sacramento division of the Southern Pacific, is to be shortly taken back in the employ of the company and is to succeed Julius Kruttschnitt as General Manager of the road.

STUDEBAKER FARM WAGONS

We have been delayed somewhat in getting our car of wagons, but have word now that they are on the way, and we hope to have them in by next Monday or Tuesday. Get an order in at once for your wagon and avoid delay. There's nothing else that's like the Studebaker. Their slope shouldered spoke is the best in the world, makes a spoke that will stand more than anything else made. Black birch hubs, second growth white oak spokes and fellers, clipped gear, steel truss under axle and everything that's good and desirable in a wagon. Call and see us.

F. A. WIGGINS 255-257 Liberty Street
Successor to E. M. Croisan and E. F. Parkhurst. Studebaker wagons and buggies, McCormick Harvesting Machinery, Russell engines and threshers, Tribune bicycles, Standard and White sewing machines.

MORE TESTIMONY TAKEN

As Witness Introduced to Give an Idea of the Value of the Assets of Gilbert Bros.

The taking of testimony in the Gilbert Bros. bankruptcy proceedings was continued this afternoon before Referee John Bayne. The attorneys opposing bankruptcy introduced Mr. Tyler of Buena Vista. He is a teamster and has been employed by A. T. Gilbert for about twelve years, hauling clay from property owned by Mr. Gilbert, in Buena Vista. His testimony was introduced to show the value of the property which consists of 17 lots. He estimated the amount of clay on these lots to be 1100 carloads, with 15 tons to the carload. He says it is worth \$2.50 per ton over the price of excavating and hauling. This would make the lots worth about \$50,000.

The taking of testimony was reconvened until next Tuesday at 10 o'clock. H. B. Thieleen will be the principal witness at that time.

The attorneys opposing bankruptcy will present most of their testimony at Portland before Judge Bellinger.

ALL QUIET AT COLON

Ecuador Adopts Neutrality and None of Her Troops Have Invaded Columbia.

WASHINGTON, Aug. 30.—The following cablegram has been received from Capt. Sargent, dated at Colon, Aug. 29th, I visited Panama and Colon. The most authoritative reports and investigation give the following information: There is no appearance of an organized insurgent force in the vicinity of the railway. Free and uninterrupted transit obtains with every prospect of continuance. The rumor is unfounded that United States property is in need of assistance. All is quiet here and more reassuring than when we started.

QUITO, ECUADOR, Aug. 30.—Although the government of Ecuador has adopted neutrality measures which are being generally respected, it is known that the liberal revolutionary troops are beyond the frontier of Carchi and within sight of a military force or the Colombian Government. There has been no invasion of Columbia by troops of Ecuador.

COLON, Columbia, Aug. 30.—The French cruiser Snehel has left for a cruise. She probably will go to Venezuelan ports and then to Martinique.

A strange steamer appeared off this port last night for the second time. She hovered about for two hours and then disappeared. The captain of the United States gunboat Machias has gone to Panama to consult with the United States Consul there. The local situation is tranquil. The Government has seized at Barranquilla a large quantity of arms belonging to the rebels. The proposal to impose an export duty on Manganese has been withdrawn.

MOTHER BAPTISTE KILLED

DENVER, Colo., Aug. 30.—By the derailing and overturning of a Pullman sleeper on the Denver and Rio Grande west-bound express near Chama, New Mexico, Mother Baptiste, head of the Sisters of Mercy of Colorado, was instantly killed. Sister Nora, her companion, was fatally injured. Harley McCoy, also, received injuries which caused his death at the hospital.

McCoy died at 1:30 o'clock this morning at the Mercy Hospital in this city. McCoy was at one time an active Denver politician, served several years in the Canon City penitentiary for the murder of Captain Hawley of the Denver police, in 1891 in a quarrel which had its inception in a political fight in the State Assembly.

Mrs. S. C. Dyer, Mr. and Mrs. Scott Borzoth and others will leave tomorrow for their Lincoln county homesteads, where they expect to enjoy their years' crop of vegetables, fruits, etc.

RACING AGAINST TIME

A Consumptive Starts for a 2000 Mile Ride and is Overtaken by Death.

CHICAGO, Aug. 30.—Racing from Denver to Cincinnati, where she would be content to surrender her life if surrounded by friends and dear ones, Miss Minnie Schock succumbed in Chicago last evening. After clinging to life with the hope that she could survive the long course of nearly 2000 miles the young woman's strength gave way shortly before the flying train bearing her home to die reached Chicago.

When the train reached the depot Miss Schock was unconscious. An ambulance was taken her to the hospital but on the way she died. A brother who accompanied her from Denver will take the body of his sister back to the Cincinnati home today. Miss Schock was a victim of consumption.

NOTABLE WOMEN

Will Discuss Marriage, Divorce and Kindred Subjects.

NEW YORK, Aug. 30.—Marriage and divorce will be the subject for discussion before the National Council of Women at its convention in Buffalo, beginning September 11 and lasting for three days. Among the speakers announced are Miss Susan B. Anthony, Rev. Anna Shaw, and Mrs. Alice Parker Lesser, Senor Antonio Galante of South America, May Wright Sewell, president of the International Council and Mrs. Peck of Iowa, vice-president of the National Council, will speak on the evening of the 13th which is the final day of the convention. The National Woman Suffrage Association will meet on September 9 and 10 at Buffalo. The discussions will be confined chiefly to the question:

"Would the Enfranchisement of Women Advance the Progress of Civilization? If so How?"
Lydia Avery Coonley Ward, Illinois; Henry B. Blackwell, Massachusetts; Elizabeth Boynton Harbert, Illinois; Priscilla D. Packstaff, New York; Kate M. Gordon, Louisiana; Lucretia Blankenburg, Pennsylvania and Anna H. Shaw of Pennsylvania will be among the speakers.

RUNNING FUTURITY

Some Fast Time Developed for the \$40,000 Purse.

NEW YORK, Aug. 30.—America's richest horse race, the Futurity, is to be run tomorrow at Sheepshead Bay. It will be worth \$40,000 at least and probably more, the value depending on the number of starters. W. C. Whitney won it last year with Ballyhoo Bey, and it is conceded that he has a good chance to capture it again this year.

Many of the Futurity candidates were sent from the final trial over the Coney Island Jockey Club's course early yesterday morning and a small sized army of spectators were on hand to time them. J. E. Madden's Flywheel furnished a surprise even to the best informed by running three quarters of a mile in 1:13 1/2 and finishing strong. Numeral Perry Belmont's candidate, was reported to have gone the same distance in 1:13 on Wednesday. W. C. Whitney's candidates attracted the lion's share of attention. Nasturtium was not hurried, covering the distance in 1:17 1/2. King Hanover and Goldsmith, Mr. Whitney's other entries, remained in the stable. Yankee and Blue Girl, owned jointly by Mr. Whitney and John E. Madden, ran the three quarters in 1:15 1/2 and 1:15 1/2 respectively. W. O. Seely sent the Baron John Daly's only entry, seven eighths of a mile in 1:28. Peter Wimmer sent J. B. Haggins' Waterpower and Remorse the regular distance.

Other trials at three quarters were: Heno 1:15 1/2; Caughwaga 1:15 1/2; Numeral 1:17 and Lux Costa 1:15 1/2. Despite Fly wheel's fast work, horsemen like Nasturtium's chances best and he will probably go to the post a favorite. The race is regarded as an open affair and the victory of any one of eight horses would not be a great surprise.

CONTRACT APPROVED

WASHINGTON, Aug. 30.—The War Department has approved the contract made by the local engineers of San Francisco for the construction of the Oakland Canal, from Oakland Harbor to San Leandro Bay. The contract was made about four months ago, but was held until today by legal complications.

A Judge on Trial.
WASHINGTON, Aug. 30.—Judge Humphreys, of Honolulu, called at the Department of Justice today. The Attorney General has arranged for a hearing of the charges against Judge Humphreys next Monday or Tuesday. Humphreys will be present. Also Frederick W. Hankey who represents the members of the Honolulu bar antagonistic to the Judge.

IMPERFECT INSANE COMMITMENT

Four Men Sent to the Asylum Without Authority from the Sheriff.

The four convicts, Chas. Wilson, Alex Isaacson, Henry Kubi and Jos. Strohbey, who were committed to the insane asylum Wednesday, will have to be re-committed. The commitment papers were taken to the office of the Secretary of State to be filed, by one of the officers of the state prison. The Secretary of State refused to file them, because they were not signed by the sheriff. In the absence of the county judge the men were examined by Justice of the Peace O'Donald, but his authority to do so did not come from the sheriff, so the commitment was not legal.

MALARIA CONTAGION

Board of Health Attributes Cases to Presence of Italian Laborers.

Boston, Aug. 30.—In the annual report of the State Board of Health, Secretary S. W. Abbott says that during the past 10 years every case of malaria investigated in Massachusetts has been traced to the presence in the neighborhood of Italian laborers. Italy, it is well known is crissed by malaria, says the report.

In a previous report on the sanitary condition of the Sudbury and Concord Rivers made to the general court in May to the board stated plainly that there was nothing in the condition of the meadows near those rivers to generate malaria. But within the last 11 years 191 cases have been reported in the distance of 40 miles along the river from Saxtonville, in a population of about 500. Few cases, the board says, were reported below this point previous to 1895 and not many until 1898, since which time it has prevailed in Concord and Billerica.

In both cases the board says: "The evidence tends to show that it was introduced into these towns by laborers engaged in digging up the streets when constructing the water works and sewerage systems. Upon the completion of the works in Billerica, the number of cases rapidly diminished, while in Concord, the effect of the work continued through last year and we must wait another season to learn whether it also diminishes here."

ANOTHER DREYFUS

Sergent Marten to be Retired by a French Military Court

NEW YORK, Aug. 30.—Both German and English journals display great interest in the military trial of Sergeant Marten, says the London correspondent of the Tribune.

While it differs from the Dreyfus case in dramatic interest, and underplot, it raises the same questions, involved in the proceedings at Rennes, namely, whether military discipline ought to be converted into a fetich and exalted above the abstract Justice, and whether the court martial can be allowed to force conviction on inadequate grounds. When Captain Kroisigk was found murdered in barracks, after making the lives of men under him miserable, Marten was alternately acquitted and convicted when the evidence merely indicated that he had failed to account for six minutes of the day in question, that he expressed no regret when informed of the murder and that he had been seen near the gun rack sometime before the shooting. The German press has taken up the prisoner's case with great spirit, and insists upon having either a commutation of the sentence or a rehearing by the Supreme Court.

Railroad Man Dead.
DES MOINES, Ia., Aug. 30.—Marcus Kavanagh, father of Judge Kavanagh of Chicago, died last evening after a short illness. He was born in Ireland in 1833. He was a railroad builder and he constructed the Winterest and Des Moines Railroad, the Indiana line, a large part of the Texas Pacific between Long View and Dallas and many other roads in Iowa and Kansas.

General Ludlow Expires.
NEW YORK, Aug. 30.—Brigadier General Wm. Ludlow of the United States army, died at Convent N. J., of consumption today. His illness was first noticed on his arrival from the Philippines in May last. He was sent home in hopes that the American climate would restore him.

Serum Caidas.
HAVANA, Aug. 30.—Caidas will return to Brazil next week. The condition of the last patient attacked by yellow fever was serious last night and if he dies an autopsy probably will be held by the board, preparing the report to the government.

Estate Settled.
NEW YORK, Aug. 30.—The full and half blood-heirs of the late George Francis Gilman have agreed upon a plan of settlement which, according to the Journal and Advertiser, includes a \$30,000 share to Helen Fots.

To the agreement among the heirs there is one exception, however. The exception is Edward S. Percival, a nephew of the dead tea merchant.
