Savage & Reid,

Crippled and Many Years an Invalid. To whom these presents shall come directing.

About fourteen years since at time years of age I met with an accident which caused as injury to my spins and pelvic bone which resulted in the forms ion of humped shoulders and hip, a shortening of the waist and displacement of interest organs, and shortening of about two inches of one limb between the knee and hip. In addition to the outward appearance of my body as above described in March 1900 I was shortening of the waist and displacement of the terral organs, and shortening of about two inches of one limb between the knee and hip. In addition to the outward appearance of my body as above described in March 1900 I was taken with a severe attack of the Grippe from the officer of which I suffered greatly with my lungs and heart, and when in May 1920 I came to and began treatment with the J. F. Cook my condition was about as follows:— Could perfor a no manual labor, could not shoop to pick anything from the floor. Could get about the house only with difficulty, and getting up states was next to impossible. Could use my limbs only with difficulty and one of them was much was ed. My nervous system was ladly wrecked, itself of the could be supposed the could also my limbs only with difficulty and one of them was much was suffered almost constant and indosoribable agonies. In short I was as much dead as alive. Previously to my attack of La Grippe I was treated over a point of years by many physicians to no effective purpose.

My personal appearance at this time is straight in the back as anyone. My waster limb restored to normal size and but little more than the other. Have free use of my limbs and can go up have one free use of my limbs and can go up have one free use of my limbs and can go up have no one has after the other with partons were My way it is lengthening. Can sto up to its floor with case, that get about and do provide and cheerfully recammend the D stor and his medical skill to skill us any way affected.
