MISS STONE PLEADS

That Measures of Rescue be Pressed

In Danger of Death if the Ransom is Delayed.

The Women are no Longer Treated With Consideration or Kindness.

Bashi-Bazouks Appear Upon the Scene and Create a Panic.

Miss Stone and Companion Are Hidden in a Subterranean Cave.

New York, Oct. 15.—According to a dispatch to the New York Journal, from Sofia, Miss Stone, in a letter written from Macedonia to W. W. Pett, treasurer of the Turkish mission at Constantinople, says: "The men who captured us at first showed great courtesy and consideration toward us, but now since Turkish soldiers and Bashi-Bazouks began to pursue us, and the ransom is delayed, our condition is altogether changed. Therefore I beg you to hasten in sending the ransom demanded, and that as energetically as possible, and that you will present it to the Turkish government that it may stop immediate pursuit. Otherwise, we shall be killed by the people in whose hands we are."

Sofia, Oct. 15.—Although the time fixed by the brigands who abducted Miss Ellen M. Stone, the American missionary, for payment of ransom demanded, expired a week ago, no one has appeared at Satakoff to claim money or announce the fate of the captives. It is learned that the band has dissolved but Miss Stone is kept under surveillance at some distance from the frontier.

Sofia, Oct. 15.—The parents of Madame T-slika, the Bulgarian teacher who was captured by the brigands with Miss Stone, the American missionary, have received another letter from their daughter urging the steps already taken, namely stopping military pursuit in event of danger. Writer says she and Miss Stone are hidden in a subterranean retreat and treated contemptuously, but the only means of securing their release is to pay the ransom demanded.

BOWLING RECORD BROKEN

CHICAGO, Oct. 15.—In a contest between teams in the Chicago League last night, the world's bowling record for averages was broken. In a series of three games played, the score was 1017; 904 and 1005. The best previous average was 997 1-3 made in the Illinois Bowling Association championship series by the Chicago League team last April.

SCHLEY SIDE OF THE CASE

WASHINGTON, Oct. 15.—The presentation of the Schley side of the case was continued in the Schley Court of Inquiry today. Lieutenant-Commander Sears, Schley's flag officer on the Brooklyn during the war, testified to many details connected with the campaign. He was followed by other Brooklyn officers. Schley thinks it probable that the presentation of testimony in his behalf can be completed next week. He will be the last witness.

Sears said that when the Flying Squadron arrived at Cienfuegos, he knew nothing of the code of signals for communicating with the Cuban insurgents. The McCalls memoranda, he said, had

been brought to Commodore Schley by the Hawk and by other vessels to his knowledge. The blockade at Santiago was maintained at varying distances of from three to six miles. The reconnaissance of May 31, was when the Colon first developed the strength of the land batteries. Schley had told the witness that the purpose was to ascertain what the batteries were. The witness described the engagement of July 3.

Captain Cook, of Brooklyn, was recalled. In answer to a question asked by the court in regard to Schley's conduct in battle, Cook said: "I cannot imagine any conduct more admirable; he was cool, brave and enthusiastic from the beginning to the end of that action."

He said that the Commodore's position had been one of great danger as that of any other person.

THREE BANKS ROBBED

GALION, O., Oct. 15.—The vault of the Farmers & Citizens Bank of Tyro, near here, was wrecked early today by six robbers, who secured the contents, and escaped. It is said the vault contained \$10,000. The doors of the vault were blown completely off and the building partially demolished. The people of the town were driven away by robbers armed with rifles. A posse and bloodhounds are on the trail of the robbers.

MOUNT VERNON, O., Oct. 15.—The vault of the Bank of Danville, Ohio, was blown open early today by eight robbers. The explosion aroused the citizens and a pitched battle took place. The thieves sought shelter in Adrians woods. It is expected all will be captured. At least one robber is wounded. Banker Wolf says little of value was secured.

MASON, CITY, Ia., Oct. 15.—The safe of the Bank at Rudd was blown open last night and the robbers secured \$1500. The President of the Bank states that the amount secured was about \$3000.

WAR OVER COREA

SAN FRANCISCO, Oct. 15.—A war between Russia and Japan over Corea is predicted by Dr. Nicholas Sann, professor of surgery in the University of Chicago, who has arrived here from a tour of the Orient. Said he: "While I was in Japan I noticed on every hand that the Japanese were making preparations for war with Russia and they made no secret of it. The cause of the trouble is no secret in Japan. It wants Corea. Japan is not large enough for the Japanese. Russia practically holds Manchuria and Japan does not intend letting this nation extend its influence to Corea if this condition can be prevented. Hence the preparations for war."

BANK ROBBERS CAPTURED

RANTOUL, Ill., Oct. 15.—It is reported here that one of the four Potomac bank robbers has been captured near Roseville after a desperate struggle, it requiring six men to overpower him. The other three bandits are still at large but are being pursued. It was learned that President Messenger had the night previous to the robbery taken \$5000 from the bank safe and deposited it in another place in the village which accounts for the small haul made by the burglars.

MOTOR CAR IN CONGO

New York, Oct. 15.—A dispatch from Boma, quoted by the Brussels correspondent of the Times, announces that the district of Wells, Congo Free State, has been pacified. The motor car has been introduced successfully for transport in the upper Congo region. One such car conveyed a load of three tons over a road too hilly to admit of any other method of conveyance.

ADVANCE IN COFFEE PRICES

New York, Oct. 15.—An advance of a half cent per pound in the price of their package coffee has just been announced by the Arbuckle Brothers, which makes the net price 9 1/2c. It is said the coffee houses affiliated with the American Sugar Refining Company have made no change in the price of package coffee.

BELGIAN MINERS STRIKE

May be Settled in a Few Days.

Serious Conflict Impending in Florida Factories.

Employers and Men Both Trying to Get Advantage.

NEW YORK, Oct. 15.—A dispatch to the Times from Brussels, says the settlement of the miners' strike is now only a question of a few days. In a small number of pits the men hold out, but most of the workers have accepted the reduction in wages of five per cent in accordance with the decision of the Miners' Federation at Liege.

TAMPA, Fla., Oct. 15.—United States District Attorney J. N. Stripling, who has been several days investigating the labor troubles, and especially the recent deportation of Resistencia strike leaders and with a view of adjusting differences, has made his report to the Attorney General at Washington. He describes in detail the trouble between the striking cigarmakers and the manufacturers and declares "the gravity of the situation can scarcely be overstated. He found that lawless acts had been committed by both union men and their opponents, but he was unable to obtain any evidence to identify the individuals who committed these acts of lawlessness."

He says: "I conferred freely with members of the board of trade, with representative citizens and with the executive committee of the Resistencia union, which is conducting the strike, but was unable to obtain evidence of violation of the laws of the United States." The district attorney then deals with the differences between the employers and the men. He has been striving to obtain concessions on each side that will lead to an adjustment and is hopeful of success.

AMERICAN ACTORS IN ENGLAND

NEW YORK, Oct. 15.—Interviewed concerning the reports that American actors have been treated harshly by London audiences, Sir Henry Irving, who has just arrived in this country, said: "Your actors are playing to the most kindly and enthusiastic audiences in England. Gillette, in 'Sherlock Holmes' is creating the sensation of the season in London. I saw the play the day before I sailed and found much merit in both the play and the manner in which it was presented. There is no ill feeling between American and English actors. Instead, there is a reciprocity that tends to link our countries strongly together. Mr. Goodwin and Maxine Elliott are making marked success of 'When We Were Twenty-one,' and I may say that it is one of the best accented plays of the season."

BLOW TO RUSSIAN TRADE

NEW YORK, Oct. 15.—The correspondent of the Times at Odessa, says recent returns in regard to Russia's trade with China bear testimony to the severity of the blow dealt to Russia by the outbreak in China. In the first four months of this year the trade by the Kiachta route amounted to \$20,000,000 roubles (\$437,753) as compared with the trade in the corresponding months of last year of 6,800,000 roubles. In the light of these figures, remarks the correspondent, the attitude of the Russian journals toward the restoration of Manchuria to the Chinese is intelligible.

BIG BILL STEAL

NEW YORK, Oct. 15.—W. H. Brendall, Collector of Customs at Buffalo, N. Y., has been in this city recently in consultation with the sub-treasury officials and secret service officers over the theft of \$5000 from an express package containing \$7000 consigned from Buffalo to the sub-treasury president. The original package was filled with \$7000 in bills of the same denomination as were in it when it left Buffalo. Certain bills had been made in the covering at Buffalo and when the package was again filled these bills, which had

penetrated two portions of the covering were found to fit exactly. The package was carefully traced and it was shown that it had not been tampered with from the time it was receipted for by the express company until it was delivered at the sub-treasury. It was also proved that it had been receipted for in good order at the sub-treasury and that the seals were unbroken. After the expert examination the secret service men are inclined to think the package was tampered with after it reached the sub-treasury and had been receipted for.

LEGAL CONTROL OF DRINK

NEW YORK, Oct. 15.—Mr. Chamberlain, says the Tribune's London representative, devoted himself in a recent address to a Birmingham temperance society, to showing that it is not by coercive legislation that drunkenness can be put down, but by the gradual improvement of the physical and moral conditions of the people. If the figures which he read are to be relied upon, there are 3,000,000 total abstainers in Great Britain at this moment, which is a proof that the leaven of moral suasion is working rapidly. He referred to his old doctrine of municipal control of public houses, and suggested that the sale of intoxicants by grocers and clubs should be subject to the approval of the licensing authorities. No scheme of reform which assumed the possibility of confiscating the interests of the publicans, would, he asserted, with an emphasis of conviction, ever be tolerated by public opinion.

ORGANIZER ARRESTED

JAMESTOWN, N. Y., Oct. 15.—George M. Gunter, a special organizer of the Woodworkers Union from Boston, was arrested in Hornellsville and brought to Jamestown, was finally taken to Mayville where he has been arraigned on two indictments. One charges him with being a public nuisance, being based upon attempts of organizer Gunter to bring on a strike of the woodworkers in Jamestown during the latter part of the summer. The other indictment accuses him of obstructing laborers about a strike with the object of depreciating the value of bonds and stocks of the Jamestown manufacturers and ruining their business. When arraigned, Gunter pleaded not guilty and was admitted to bail in the sum of \$600. It is expected that there will be a speedy trial which promises to be one of the most interesting and important ever heard in Chautauque county.

STOLEN JEWELS FOUND

NEW YORK, Oct. 15.—Jewels valued at \$7000, the property of Mrs. Græma Harrison of London, missing for five hours, have been returned to their owner. Mrs. Harrison, who was Miss Alice Oston, a well known society woman of Baltimore, had spent the summer with her daughters at Newport. A few days ago she arrived at Rye Lake, Westchester for a short visit. More recently she accepted an invitation to spend the night with friends in this city. At the conclusion of her visit a casket containing a diamond brooch and several sapphires was missing. The police were notified and the gems were found in a closet. The police refused absolutely to discuss the matter.

PANAMA CANAL PROGRESS

NEW YORK, Oct. 15.—A dispatch from Paris to the Times says the directors of the new Panama Company in a circular to the shareholders say that Columbia has expressed its readiness to sanction the transfer of the canal to the United States. An estimate of the value of the undertaking is therefore being prepared at the request of the Isthmian Canal Commission. It will be ready by the time Congress meets.

MOLINEUX GRANTED NEW TRIAL

ALBANY, N. Y., Oct. 15.—Roland B. Molineux, who was convicted of the murder of Catherine J. Adams, of New York City, was sentenced to death. The court of appeals grants a new trial, on the ground that the lower court erred in admitting evidence as to another alleged crime, the death of Barcott, and thus merged the two issues.

GENERAL BOTHA CAPTURED

According to a Rumor in London.

But it is One of Those Unconfirmed Reports.

Immigrants are Flocking Into Cape Town to be Supported by Charity.

LONDON, Oct. 15.—A rumor was started on the stock Exchange this morning that General Botha, the Boer commander-in-chief has been captured, but it is not confirmed.

NEW YORK, Oct. 15.—The Cape town correspondent of the Times says there has been a renewed influx lately of poor people who hope to reach Johannesburg. Those stranded in Cape Town include many Russian Jews. Efforts are being made to stop the immigration, as the immigrants must be supported by public charity.

ENGLAND FOLLOWS AMERICA

NEW YORK, Oct. 15.—Commenting upon the subject of legislation and proposed electrical railroad improvements, the London correspondent of the Tribune says:

As the time draws near lodgement of Parliamentary notices of schemes to be submitted during the coming session, the details are forthcoming of various projects of electrical communication within the English metropolis. It is said that the London County Council expects to approve of the adoption of a shallow tunnel system, as in New York, but the difficulty of constructing any railway immediately under the surface of the central thoroughfares is very great with such a mass of mains, sewers and conduits belonging to water, gas, hydraulic and electric companies and the general postoffice. The total authorized or proposed capital and borrowing powers of existing and projected concerns is nearly \$250,000,000.

AMATEUR ATHLETIC CLUB

NEW YORK, Oct. 15.—A conference of delegates of athletic clubs composed of the Amateur Union and its methods of conducting amateur athletics has been held here. It is asserted by many active athletic clubs that they are not getting proper consideration. The dissenting faction asserts that there are members of the governing boards of the A. A. U. selected from small clubs who take no active part in athletics.

It was decided to ask the board of managers to change a number of rules and there was some talk of forming an opposition organization. It was said that there were plenty of clubs ready to go into a new organization and that the Pittsburgh district would furnish a dozen clubs for this purpose. It was decided to ask President Sullivan to call a meeting of the board of managers of the Metropolitan Association by November 1, so that these matters could be laid before it prior to the annual meeting November 15.
