Druggists sell all kinds of hair prepaions and as a rule they are wisely chary of giving preference to any particular one, but many of them have come out plainty for Newbro's Herpicide, the new treatment that absolutely kills the dandruff germ. H. Swannell & Son, Champaign, 111., says: "One customer of ours who did not have a hair on top of his head when he began to use Herpicide, now has a fair start toward a good head of hair. We believe Herpicide to be by far the best preparation of its kind on the market." Hundreds of similar testimonials from everywhere.
