### JOURNAL X-RAYS

In the appointment of Geo. W. Blaber as receiver of the Oregon City land office the presence of Mitchell in Washington is acknowledged. He is the same vigorous Mitchell as of yore and is a valuable man in the senate for the state of Oregon.—Eugene Register.

Is that all you can see in a senator? How about his opening our harbors and stopping corporations stealing our timber lands.

Independence Enterprise, Rep: It is a conservative conclusion that a trust or any other business combination is harmful when it insures the greatest greed to the smallest number. The largest good for the most people is still a worthy end of living.

Mrs. Russell Sage asks the women of the country to wear some badge of mourning for thirty days in honor of McKinley, and Helen Gould suggests that all people put on for a time "something emblematic of the deep grief they feel."

**The White House Restaurant**  
Is the place to go to get the best meals at all times. The number of customers is a sign that they serve the very best.

**Grain-O! Grain-O!**  
Remember that name when you want a delicious, appetizing, nourishing food drink to take the place of coffee. Sold by all grocers and liked by all who have used it. Grain-O is made of pure grain, it aids digestion and strengthens the nerves. It is not a stimulant but a health builder and the children as well as the adults can drink it with great benefit. Costs about 1/4 as much as coffee. 15c and 50c per package. Ask your grocer for Grain-O.

## MARION CIRCUIT COURT

In the circuit court one decision was made by the jury Monday. It was in the case of Tilmor Ford, executor vs. M. A. Plamondon, et al, a suit for money, and a verdict was given for the plaintiff in the sum of \$384.80, and \$50 attorney fees.

The case of the State vs. A. T. Zumwalt charged with criminal rape, is being heard today. It will not be completed until late this afternoon, as 26 witnesses are to be examined.

Plea of "not guilty" were today made in the following cases:  
State vs. Henry Sullivan, criminal rape.

State vs. Fred Fisher, criminal larceny in and from a shop.

State vs. John Gow and Louis Durenberg, criminal, giving and selling intoxicating liquor to a minor, Harbly Booney.

State vs. John Gow and Louis Durenberg, criminal selling and giving intoxicating liquor to a minor, Clyde Townsend.

State vs. John Kelly, criminal assault with intent to kill.

**The Excitement not Over**  
The rush to the drug store still continues and daily scores of people call for a bottle of Kemp's Balsam for the Throat and Lungs for the cure of Coughs, Colds, Asthma, Bronchitis and Consumption. Kemp's Balsam, the standard family remedy, is sold on a guarantee and never fails to give entire satisfaction. Price 50c. and 80c.

## ANDRADE TRIES AGAIN To Overthrow Castro Government.

Start of a Strong Emancipation Movement in Austria.

Czar, King and Emperor to Hold a Consultation for Peace.

NEW YORK, Oct. 15.—Ignacio Andrade, ex-President of Venezuela, will make another attempt to overthrow the Castro government, says the San Juan, Porto Rico, correspondent of the Herald. Preparations are being made for an expedition led by General Andrade, which will land in Venezuela early in November.

The Venezuelan revolutionists in Caracas, recently visited by General Andrade, are preparing for the proposed movement. General Andrade has issued a manifesto, in which he promises, in the event of his success to negotiate a treaty, providing for a standing American tribunal to adjudicate all disputes with foreign countries, and to protect foreign interests.

Attempts are being made to include in this movement the Peraza, Riera, Pietri and Crespo partisans. Substantial aid is expected from the Venezuelan revolutionists in New York.

NEW YORK, Oct. 15.—The Berlin correspondent of the Times says the Hamburg Chamber of Commerce has submitted a report on the new tariff scheme to the Hamburg committee of commissioners on shipping. The Chamber expresses a strong desire that the tariff shall not obtain the assent of the legislature.

It points out that the commission employed to prepare the new tariff did not contain adequate representation of the non-protectionists commercial and industrial interests. The German Chamber of Commerce, it is declared, were not consulted by the omission which kept its proceedings secret.

The report finally declares the tariff scheme as constituting the greatest danger that has menaced Germany's economical prosperity for many years.

NEW YORK, Oct. 15.—A resolution adopted by the General Assembly of the Evangelical Alliance at Breslau causes indignation on the part of the Austrian Catholic press, says the Vienna correspondent of the Times.

The resolution expressed grateful satisfaction at the blessed progress of the Evangelical movement in Austria. The General Assembly sent hearty greetings of the Austrian Evangelists.

The correspondent says the emancipation movement forms an integral part of the Austrian Pan-Germans. Last week the Burgomaster of Vienna declared that the movement was dangerous to the state, as it was intended to facilitate the absorption of Austria by Germany.

NEW YORK, Oct. 15.—The Rome correspondent of the Times, says that King Victor Emmanuel will not meet the Czar at St. Petersburg, but at some other place, where Emperor Francis Joseph will also be present.

It is believed that the chief object of the meeting is to examine the situation in the Balkans with a view of antagonizing growing Italy and Austria-Hungary and the anxiety of Russia to avoid complications.

The date for the meeting has not yet been determined. The king will be accompanied by the premier and foreign minister.

NEW YORK, Oct. 15.—Gloomy reports of the condition of the British West Indies are printed and the morbid is drawn that the reassembling of the Brussels Congress is indispensable to the revival of the prosperity of the sugar industry, says the London correspondent of the Tribune.

The foreign office has made strenuous efforts to secure the reassembling of the Brussels Congress and the abolition of the continental bounties. A member of Parliament, who makes a specialty of the sugar question is authority for the statement that the Congress will meet speedily and agree upon a general abolition of bounties.

NEW YORK, Oct. 15.—The Buenos Aires correspondent of the Times says that in Austria, where everything in the shape of fuel is being carefully investigated, sawdust is impregnated with a mixture of tarry substances and heated to the proper temperature. It is then passed over a plate of iron heated by steam, from which a screw conveyor takes it to a press, where it is compressed into briquettes of the required size.

The press turns out 10 per minute, weighing two-fifths of a pound each and measuring 6 by 2 1/2 by 1 1/2 inches. The calorific power is about the same as that of lignite, with but 4 per cent of ash. One factory produced last year over 7,000,000 briquettes, costing about 10 cents per 1,000 and selling at from 90 cents to \$1.

## WAREHOUSE MAN Brought to Salem and Put Under Bail.

On Charge of Twelve Hundred Bushel Shortage of Grain.

A. M. Humphrey, a former warehouseman of Salem, who last winter sold the wheat stored in his care and left the state with the proceeds of the sale, was today arrested in Portland on a criminal charge, on a bench warrant issued by Judge Burnett. He is charged with larceny by bailment. The amount of grain sold by him was about 1200 bushels and it was owned by eight or ten of the prominent farmers in the county. Information was found against him and he was arrested this morning by the Portland police and will be brought to Salem Tuesday evening. He was admitted to bail in the sum of \$300.

## BIG TEXAS FIRE

DALLAS, Tex., Oct. 15.—Early this morning fire destroyed \$200,000 worth of property in the business section of Beaumont, Tex. The fire originated in the McFadden block, the first floor of which was occupied by T. S. Redd, wholesale grocer, and the second floor as a rooming house. There are rumors of several lives lost in the McFadden flats, but Mrs. Field, proprietress, thinks every one escaped.

Other buildings destroyed are the Blanchett building, Gilbert building, two Sero-Fino buildings and the Dunlap Cunningham, a new three-story building just completed. At 2:15 a. m., the Southern Pacific warehouse, a frame structure 300 feet long, was in imminent danger. If this warehouse catches, the fire will likely cross Crockett street into the Crosby Hotel Block. No further information could be obtained at 2:15 a. m., and it is not known whether the fire is yet under control.

## SCHOONER RACING

NEW YORK, Oct. 15.—After a voyage and race of 10 days down the coast from New Brunswick, two three masted schooners, the Nimrod and the Sarah C. Smith, reached this port yesterday, half a minute apart. The Nimrod came in first. Not until the official starting time is received from Hillsboro, N. B., there fore can the faster craft be determined. The winner will be favored by a cement company in the transportation of its material from Canada, says the World. While the race lasted the vessels were constantly in sight and within hailing distance of each other and every yard of canvas was strained and every conceivable device of nautical skill employed by the skippers to gain even the slightest advantage over the other. The distance is 800 miles.

## An Eagle and a Donkey's Head.

Officials of the United States treasury are liable to make things uncomfortable for one of the government engravers if they can trace to its source the man who, apparently in a spirit of fun, placed a puzzle picture on the 1880 series of \$10 notes. Incidentally the American eagle is said to be in a state of high indignation because the engraver made it look, turned upside down, like a common everyday donkey, with long ears and a white nose. On the face of the bill appears an American eagle between the signatures at the bottom. There is nothing about the appearance of the bird to denote that it is different from the same picture appearing on the other bills, but when one turns the bill upside down the head of a donkey looks up plainly.—Washington Letter.

Consul Hughes of Coburg says that in Austria, where everything in the shape of fuel is being carefully investigated, sawdust is impregnated with a mixture of tarry substances and heated to the proper temperature. It is then passed over a plate of iron heated by steam, from which a screw conveyor takes it to a press, where it is compressed into briquettes of the required size. The press turns out 10 per minute, weighing two-fifths of a pound each and measuring 6 by 2 1/2 by 1 1/2 inches. The calorific power is about the same as that of lignite, with but 4 per cent of ash. One factory produced last year over 7,000,000 briquettes, costing about 10 cents per 1,000 and selling at from 90 cents to \$1.

**CANDY CATHARTIC**  
**Cascarets**  
BEST FOR THE BOWELS  
Genuine stamped C. C. C. Never sold in bulk. Beware of the dealer who tries to sell "something just as good."

## THE LUCKY PERSON

Mrs. R. A. Riggs, of Salem who has reported the name and number of the oldest machine in use today, wins the new 4-drawer White machine, with drop head. She will call or send for the machine and get it at any time. Her old machine is a Wheeler & Wilson, No. 17,567. Our only regret is that we cannot afford to give away another one or two. This has been a most interesting contest, and we have had reports from all over the country, on machines of all ages, kinds and conditions. We carry needles, oils and parts for all machines, and Mr. N. H. Burley, one of the best machine men in Oregon, does repairing of all sorts here. All work guaranteed or no charge.

**F. A. WIGGINS** 255-257 Liberty Street  
Successor to E. M. Croisan and R. F. Parkhurst. Studebaker wagons and buggies, McCormick Harvesting Machinery, Russell engines and threshers, Tribune bicycles, Standard and White sewing machines.

## WAREHOUSE MAN

Brought to Salem and Put Under Bail.

On Charge of Twelve Hundred Bushel Shortage of Grain.

A. M. Humphrey, a former warehouseman of Salem, who last winter sold the wheat stored in his care and left the state with the proceeds of the sale, was today arrested in Portland on a criminal charge, on a bench warrant issued by Judge Burnett. He is charged with larceny by bailment. The amount of grain sold by him was about 1200 bushels and it was owned by eight or ten of the prominent farmers in the county. Information was found against him and he was arrested this morning by the Portland police and will be brought to Salem Tuesday evening. He was admitted to bail in the sum of \$300.

## STAYTON HIGHWAY ROBBERY

A bench warrant issued from the circuit court Monday resulted in Bert and Arthur Watters of Stayton, being brought to Salem at two o'clock this morning, to appear before District Attorney Hart on the charge of highway robbery. It is charged that a few nights ago they held up Ab Smith of Stayton, knocked him down and robbed him of \$12.50.

The boys are cousins and belong to good families. They were admitted to jail at \$300 each.

## TO RECOVER MONEY

A suit to recover money was today filed in the Marion county circuit court entitled, John Hughes, plaintiff vs. Mrs. Annie M. Ramsden, defendant. He seeks to recover \$138.37, with interest at 10 per cent, per annum, from August 3, 1905, and \$50 attorney fees. The promissory note was given to pay for groceries used in the family of Mr. and Mrs. P. H. Ramsden, and the first party now being deceased, Mrs. Ramsden is made defendant in the case. S. T. Richardson is attorney for the plaintiff.

## Scientific Research.

NEW YORK, Oct. 15.—A dispatch from Paris to the Times, says it has been found necessary to amputate one of the fingers of Dr. Calmette, director of the Pasteur Institute, on account of a bite from a cobra from which he was extracting the venom. It is presumed that the serum invented by Dr. Calmette, after his studies in Cochin China, saved his life, but after three weeks, amputation was necessary.

## USEFUL SNOW.

But For It Much of the Earth Would Be Little Better Than a Desert. If all the condensed moisture of the atmosphere were to fall as rain and none of it as snow, hundreds of thousands of square miles of the earth's surface now yielding beautiful crops would be little better than a desert. The tremendous economic gain for the world at large which results from the difference between snow and rain is fertile and well watered lowlands.

It is in the extensive regions where irrigation is a prime necessity in agriculture that the special uses of the snow come chiefly into view. All through the winter the snow is falling upon the high mountains and packing itself firmly into the ravines. Thus in nature's great lighthouse a supply of moisture is stored up for the following summer.

All through the warm months the hardened snowbanks are melting gradually. In trickling streams they steadily feed the rivers, which as they flow through the valleys are utilized for irrigation. If this moisture fell as rain, it would almost immediately wash down through the rivers, which would hardly be fed at all in the summer, when the crops most needed water.

These facts are so well known as to be commonplace in the Salt Lake valley and in the subarid regions of the west generally. They are not so well understood in New Jersey or Ohio, where snow is sometimes a picturesque, sometimes a disagreeable, feature of winter.

In all parts of the country the notion prevails that the snow is of great value as a fertilizer. Scientists, however, are inclined to attach less importance to its service in soil nutrition—for some regions which have no snow are exceedingly fertile—than to its worth as a blanket during the months of high winds. It prevents the blowing off of the finely pulverized richness of the top soil. This, although little perceived, would often be a very great loss.

In nature's every form there is meaning.—Youth's Companion.

**Big Red Apples.**  
Did you see those Big Red apples at Brandon & Ragan's? That is a sample of the fruit and vegetables received by them daily now.

**Money to Loan.**  
Plenty of money to loan on improved farm and city property at 6 and 7 per cent. No commission. No delay.

### PERSONALS

John Shaw of Mill City was in Salem Monday.

L. B. Geer has gone to Columbia county for a few days.

John Steelhammer will go to his home at Silverton this evening for a brief visit.

Mrs. C. H. Burggraf is attending the Grand Temple of Rathbone Sisters in Portland.

Mr. and Mrs. O. M. Davis have gone to Harrisburg, to the bedside of Mr. Davis' brother, J. F. Davis, who is seriously ill.

Frank J. Wrightman and Chas. A. Murphy have gone to Portland as representatives to the Grand Lodge Knights of Pythias.

L. J. Davenport has returned from Whitman county, Wash., where he spent the summer. He will probably spend the winter in Marion county.

Mrs. Anna Kay, Mrs. Thorsen, Savage and Rev. and Mrs. McKillop are in Portland attending the Baptist State Convention that closes Friday night of this week.

Miss Nellie Standish went to Portland today and after a brief visit there will go to Chicago to enter the Conservatory of Music. Her parents accompanied her to Portland.

Mr. and Mrs. J. A. Blakely of Brownsville, who have been the guests of attorney General and Mrs. D. R. N. Blackburn for several days, have gone to Portland to attend the carnival.

Homer Davenport will be in the city tomorrow and lecture at the Opera house in the evening. As he is an Oregon boy and the modern Thomas Naft, all will want to hear him and see him do sketching.

Mrs. N. Shupp, wife of the Evangelist minister, who was taken seriously ill with malarial fever at Jefferson is reported as having passed the crisis, and to be improving. She is at the home of C. H. Cneick in that place.

Box office for sale of tickets to Davenport's lecture will be open at 9 o'clock Wednesday morning.

### DIED.

JESSUP.—At the family home in Salem Oregon, Tuesday morning, Oct. 15, of an aneurism, Spion Robinson Jessup, aged 62 years.

Dr. Jessup was one of the best known and most widely beloved professional men Salem has ever had, and although his death has not been unexpected, the announcement comes with a shock that reaches scores of friends with sadness.

Dr. Jessup was born at Stylerville Indiana, Apr. 23, 1839, where he remained until early manhood and received a good education. Upon coming west he first settled at Dallas, in Polk county, and later came to Salem to make his permanent home. He studied medicine at San Francisco, and later at Bellevue, N. Y. He at first adopted the allopathic school and later became devoted to homoeopathy, which school of medicine he practiced the remainder of his career. Up to a year ago, when his health failed he enjoyed a large practice.

Aug. 26, 1868, Dr. Jessup was married to Miss Sophronia Coshaw, who survives him. Their union was blessed with three children, only one of whom survives, Dr. Albert A. Jessup, of this city, two children having died young. Deceased was a member of the Baptist church, and a devoted Christian worker in his church.

Funeral services will be conducted at the residence on State street Thursday afternoon at 2 o'clock. Revs. Ronald McKillop and P. S. Knight will officiate.

**G. A. R. and Relief Corps.**  
Attention G. A. R. Post No. 10. All members of the post and veterans are requested to meet at the Post hall at 9:30 a. m., Wed. Oct. 16, to attend funeral of our late Comrade Dr. B. H. Bradshaw. Please be on hand. I. C. Sutton, post commander, J. Q. Barnes, adjutant.

Members Sedgwick Relief Corps, No. 1, are requested to meet at their Hall Wed. at 9:30 a. m. sharp for purpose of attending Comrade Bradshaw's funeral. Mrs. Lizzie Roff, Secy.
