Crippled and Many Years an Invalid.

To whom these presents shall come, greeting. About fourteen years since at nine years of age I met with an accident which caused an injury to my spine and pelvis which resulted in the formation of lumped shoulders and hip, a shortening of the neck and displacement of lateral organs, and shortening of about two inches of one limb between the knee and hip. In addition to the outward signs of my body as above described in March 1890 I was taken with a severe attack of La Grippe from the effects of which I suffered greatly with my lungs and heart, and when in May 1891 I came to and began treatment with Dr. J. C. Cook's medicine...

ABOUT MISS STONE

Yellow News Concerning Missionary. She is Besieged by Bandits at the Dead of Night. A Russian Lady Begins an Energetic Campaign of Rescue.

LONDON, Oct. 18.—The globe says it fears the safety of Miss Stone is seriously compromised by the attitude of Consul General Dickson in refusing to pay the ransom and demanding of Bulgaria, first leaders of the Macedonian committee as the real authors of the missionary abduction. Papers say the situation contains all the factors of grave international complication and threatens an importance far beyond the possibility of any individual missionary.

NEW YORK, Oct. 18.—Mary Haskell, daughter of Dr. Henry C. Haskell, of the Samakov Mission, cables to the Journal and Advertiser from Samakov, the following details concerning the receipt of the communication from Miss Stone, now held in captivity by bandits: "Into my hands at the dead of night a brigand delivered the only communication received from Miss Stone, since her death-like captivity. My father and the whole family had long been asleep when a bandit bearing a letter knocked repeatedly at my bedroom window."

Replying to the question "What do you want?" the brigand handed a letter through the half opened window, containing his face and figure. I argued him for information. He showed me an enormous revolver, saying: "If you look in my face or make any trouble I will blow your brains upon the opposite wall." "He then directed me to give the letter immediately to Dr. Haskell, saying if the contents should be disclosed to any except those mentioned my father and his family would be put to death. Again warning me not to look upon his face under penalty of being shot, the well dressed brigand departed."

NEW YORK, Oct. 18.—The representative of Samakov of the Journal and Advertiser cables that paper as follows: It is learned that Mme. Bakhetiev, wife of the Russian diplomatic agent at Sofia, formerly of Washington, has begun energetic work on behalf of Miss Stone, and the strong attitude taken by the German diplomat agent, because of the murder of a German traveler, may hasten the authorities to bring about Miss Stone's release. The Bulgarian authorities are working hard to prevent the ransom from being paid on Bulgarian soil. Hence Dr. Haskell is likely to get another letter, requesting payment of the ransom on Turkish territory.

PORTO RICAN VISITORS

To be Royally Entertained by New York Merchants.

NEW YORK, Oct. 18.—Arrangements have been completed for the entertainment of the Porto Rican delegation by merchants of this city. The delegates, who are expected to arrive in New York on Monday next are prominent in business and financial circles in the island and were selected by the chambers of commerce in the principal cities of Porto Rico to the leading commercial centers of the United States. The delegates will spend two days in this city and a very interesting program has been arranged for their entertainment by a committee of merchants, appointed at a recent meeting of business men here. The committee will be at the pier to welcome the delegates upon their arrival. From the pier they will be conducted to the Waldorf-Astoria where they will make their headquarters.

After luncheon the delegates will give an automobile ride through Central Park, Morningside Park, and to other places of interest. On Tuesday morning, the delegates will enjoy a sail around the harbor. At 12 o'clock a reception and luncheon will be tendered to the Porto Ricans, in the rooms of the lawyer's club, in the Equitable Building. After 300 invitations have been issued and many representative merchants are expected to be present. A banquet will be given at the Waldorf-Astoria Tuesday evening in honor of the delegates, after which they will leave this city by special train for Boston. They will probably remain in Boston for two days, leaving there on the evening of the 21st for a tour of the New York State and the West.

REFEREE NEARLY MOBBED

Kenosha, Wis., Oct. 18.—During a bout between Adam Ryan of Chicago and Joe Percotto of Milwaukee last night the crowd became incensed at the decision of the Referee. With a wild yell of rage 500 sports made a rush for the stage and threatened to mob Sig Hart, the referee. Six burly policemen lined up in front of the stage and held the crowd back until the Referee could leave the stage and the building. When the crowd left the Opera House they made a rush for the hotel where Hart was stopping. Two hours later the police managed to disperse the crowd.

AFTER OUR BACON

NEW YORK, Oct. 18.—It is stated that Sir Thomas Lipton's real object in visiting Chicago is to arrange for the transfer of a portion of his bacon trade in that city to a British company, says the Tribune's London correspondent. Sir Thomas is understood to be in constant communication with his London solicitors, Day & Russell and negotiations have, it is said, so far progressed that British capitalists will be asked to subscribe to the venture early next month. The purchase price is put at \$5,000,000. The report at present lacks confirmation, as Day and Russell keep their own counsel.

AFTER CATTLE THIEVES

TULSON, Ariz., Oct. 18.—Captain Bert Moseman of the Arizona Rangers accompanied by three rangers, has started for the Black River country where two rangers were killed last week by cattle thieves. He will mobilize all the rangers there and make a thorough search for the outlaws who have made that portion of Arizona dangerous for many years. The country is very rough and in a hunt for outlaws the latter have far the best of it.

ADMIRAL SCHLEY CONFIDENT

Accused Admiral Satisfied That Court of Inquiry Cannot Fail to Vindicate Him.

NEW YORK, Oct. 18.—The Copenhagen correspondent of the Times says he is authorized to state that the Duc D'Orleans who is now traveling in the south intends later to visit King Edward and Queen Alexandra. The correspondent says he learns that after the Duke wrote the letter of apology to Queen Victoria for the unfortunate incident last year (when he congratulated the artist who made a number of caricatures of Her Majesty in a Paris paper) he received a touching reply, assuring him that the misunderstanding was at an end. Queen Victoria's letter was written but a short time before her death.

The Paris correspondent of the Times says the royalist report that the Duc D'Orleans received visits from his political friends at Carrières and had a long conversation with the President of the Royalist Committee, who expressed their fidelity and devotion to him. The Duke has made a special study of questions relating to the organization of the Royalist party for the next French Parliamentary elections.

NEW YORK, Oct. 18.—A dispatch from Melbourne to the Times says the feeling against the proposed tariff growing and especially in New South Wales where, it is declared, the fight against it must continue until the next elections. The debate in Parliament proceeds vigorously. The free traders denounce the bill as a protectionist measure asserting that it is a violation of the promises made by the Ministry at the time of the elections. The ministers reply that high duties are necessary for revenue.

CORRECTING TESTIMONY

Previously Taken Before the Schley Court.

WASHINGTON, Oct. 18.—The list of yesterday's witnesses called before the Schley court of inquiry at the beginning of today's session for the purpose of correcting the testimony, was exceptionally long, comprising eight persons. There were not many new questions asked and the time consumed in hearing them was not great.

Lieutenant Commander Nicholson related the story of the battle of July 3d, which he observed as navigator on the Oregon. The witness said he could not say positively he had seen the Brooklyn make the turn, but he had seen her correct position. He had never seen the Brooklyn and the Texas when they were closer together than a mile or a mile and a half.

Postmaster's Named. WASHINGTON, Oct. 18.—President Roosevelt has appointed the following postmasters: Frank W. Swanton, Yuma, Alaska; Elias A. Wade, Mullon, Idaho.

Then you want strength. Good food, an active liver, and pure blood will bring it. You naturally think of eggs and milk, Ayer's Pills and Ayer's Sarsaparilla. Ask your doctor if he can come any nearer to the truth. Do as he says, at any rate.
