State of Oregon } ss Salem, Ore, Aug. 24, 1901
County of Marion }

Crippled and Many Years an Invalid.

To whom these presents shall come, Greeting.

About fourteen years since at nine years of age I met with an accident which caused an injury to my spine and pelvic bone which resulted in the formation of humped shoulders and hip, a shortening of the waist and displacement of internal organs, and shortening of about two inches of one limb between the knee and hip. In addition to the outward appearance of my body as above described in March 1900 I was taken with a severe attack of La Grippe from the effect of which I suffered greatly with my lungs and heart, and when in May 1900 I came to and began treatment with Dr. J. F. Cook my condition was about as follows:— Could perform no manual labor, could not stoop to pick anything from the floor. Could get about the house only with difficulty, and getting up stairs was next to impossible. Could use my limbs only with difficulty and one of them was much wasted. My nervous system was badly wrecked. Had cough and severe pain on lungs and heart, no appetite, could sleep only in broken spells, and in many ways suffered almost constant and indescribable agonies. In short I was as much dead as alive. Previously to my attack of La Grippe I was treated over a period of years by many physicians to no effective purpose.

My personal appearance at this time is straight in the back as anyone. My wasted limb restored to normal size and but little more than half an inch shorter than the other. Have free use of my limbs and can go up stairs one foot after the other with perfect ease. My trunk is lengthening. Can stoop to the floor with ease. Can get about and do pretty much any and everything other well people can do.

My appetite is splendid sleep soundly and am absolutely free from pain.

Having lived in Dr. Cook's family for nearly a year I have seen much of the effect of his treatment upon others, and can truly and cheerfully recommend the Doctor and his and great skill to all in any way afflicted.

The Doctor's treatment in this case was wholly confined to his Botanical methods, was rationally administered. No resort to the use of knife, mechanical appliances or other method of treatment being employed.

LILLIAN ROSENBAUM.

Lillian Rosenbaum has lived in this vicinity about nine years.

We, the undersigned, are personally acquainted with the above affiant and cheerfully subscribe to the truth of the foregoing statement.

N. ROSENBAUM, Father.
SUSAN HARRISON,
A. V. ROSENBAUM.

Subscribed and sworn to before me this 24th day of Aug. 1901.

Seal attached. W. W. HALL, County Clerk.
By A. McCULLOCH, Deputy.

BANISHED SOUTH AFRICA

RED TAPE SERPENT

Strangling Efforts of War Office

Secretary Broderick Cannot Run it on Business Lines

Anglophobia Breaking Out in the German Newspapers.

NEW YORK, Oct. 21.—Concerning the South African situation, the London correspondent to the Tribune cables:

There are some curious tales going about with regard to relations between Lord Roberts and Mr. Brodrick. It is that things are not moving as smoothly as they might do in Pall Mall and that the Secretary of War is not receiving that support from the military side of the War Office which he is entitled to expect. Mr. Broderick is certainly doing his best to introduce reforms in his department, but the permanent officials are so powerful that a thorough reorganization is not to be expected. Not a few military men believe that Lord Kitchener is the only person really capable of tackling the serpent of red tape which strangles every attempt to run the War Office on business lines.

NEW YORK, Oct. 21.—A London Times special to the New York Times says:

Referring to the fresh outbreak of Anglophobia in Vienna, a correspondence in the Austrian Capital quotes the especially influential Catholic organ, The Veterland, which publishes an article headed: "Lord Kitchener As a Hangman." It says the Commander-in-Chief of the British forces in South Africa, in despair of being able to conquer the Boers by honest war, has for a long time had resourse to brutality. His bloodthirstiness was formerly restrained by the British Government, but it now appears that a free hand has been given to him.

The Vaterland goes on to say that the announcement that Commandant General Botha will meet violence by reprisals will convince all that the Boers are not intimidated, by only exasperated, by Lord Kitchener's inhumanity. The sanguinary seed sown by the British Commander will produce a harvest of blood and none can blame the Boer leaders if they have recourse to a terrible retribution.

NEW YORK, Oct. 21.—A London times special to the New York Times says: The Lokal Anzeiger says a Hargin correspondent publishes savage and groundless denunciations of Great Britain, alleging that the troops at Middleburg placed the Boer women and children beside the canon to prevent the Boers from firing.

The correspondent remarks that the Berlin Post in spite of the orgies of malignant falsehood and slander, asks the British press, "not to sow the seeds of mistrust of Germany in Europe." The dispatch adds that one day it is Great Britain, the next the United States that is singled out for denunciation. The Kronz Zeitung says the Spanish-American war has done more than anything else to open the eyes of the Latin States of America to the fate preparing for them by the Anglo-Saxon North.

TEDDY'S FIRST VANITY

WASHINGTON, Oct. 21.—President Roosevelt leaves this afternoon for Farmington, Conn., where he will spend a brief time with his sister, Mrs. Cowles, before going to New Haven, where he is to receive the degree of L. L. L. D.

VICTORIA MEMORIAL MONUMENT

NEW YORK, Oct. 21.—In a fortnight's time the public will be able to inspect the plans and models of the Queen Victoria Memorial to be placed in St. James Park, says the Tribune's London correspondent. In view of the criticisms and suggestions which have passed with regard to the plans since they were privately exhibited at the Foreign Office some alterations, principally in the nature of modifications have taken place. A sketch of the model for a monumental group and foundation has, however, been much elaborated by the sculptor, Mr. Brock. The architectural plans, too, for what has been named the Queen's Garden, have at the suggestion of the architect, Mr. Aston Webb, been now produced in plaster. It has been wisely decided that the plans of other archtects which were not accepted will be on view at the same time.

GERMAN CROWN PRINCE

May Visit the United States to Study Ship Building Methods.

NEW YORK, Oct. 21.—According to the World, there is a possibility that Crown Prince Wilhelm of Germany, will visit the United States and particularly New Jersey, about April and May of next year. Emperor William is now having constructed at a ship yard in New Jersey a new yacht, ordered through the German Minister at Washington. He intends ultimately to give the yacht to the Crown Prince, and on that account is desirous of having the son present when the trial trip is made. He also wants the prince to study American methods in ship building. The yacht will be ready in April. The Crown Prince, if he comes, will be accompanied by several naval officers.

GERMAN TARIFF QUESTION

NEW YORK, Oct. 21.—The Berlin correspondent of the London Times cables the following, which is also published in the New York Times: Attempts are being made in Berlin to minimize the warnings to the German Government regarding the proposed customs tariff made by the Austrian Premier and semi official press. Even the Agrarians, however, will be unable to close eyes for long. The Vossische Zeitung says that the Austrian Premier's words are cool, calm and well considered; he knows exactly what he wants. The Austrians are "arming for the fray, for the struggle provoked by the raising of the German tariffs and by nothing else.

RUSSIAN DISCOVERY

Arrangement by Which Sound can be Transmitted Through an Arc Light.

ST PETERSBURG, Oct. 5.—A member of the faculty of Moscow Imperial Technical School recently discovered that a microphone attached to an electric arc lamp by wire will transmit sounds through the medium of another arc lamp.

Repeated experiments were made in which the two lamps were separated by a thick wall. The inventor read in a low voice a lecture on his discovery and his words, spoken into the microphone, were comfortably audible in the next room.

With characteristic carelessness the Russion newspapers failed to state whether the lamps were burning, but it is probable that this is to be assumed.

BUBONIC PLAGUE

NEW YORK, Oct. 21.—The Herald's Rio Janiero correspondent says: There were two new cases of bubonic plague here Saturday. There were three new cases Sunday. At the hospital there are 52 plague patients.

THE DAY'S NEWS.

Rebels in Colombia are concentrating and a decesive battle is soon to be fought.

White Pass and Youkon railroad has been severely damaged by a storm.

President Roosevelt goes to Yale college to have degree conferred on him.

Burglars tunneled under Chicago postoffice and robbed it of $80,000 postage stamps.

Former residents of the Transvaal in Holland entirely discredit rumors of death of General Dewet.

Another plot to slaughter Americans in Samar Island was frustrated. American troops there anticipate hard fighting.

Cuba's imports show a decrease, the exports show an increase.

At Fulda, Minn., the Safe of the Farmers Bank was blown open early today, and $5,000 secured.

Famine conditions are proclaimed in five more Russian districts.

The distinguished Japanes statesman, Marquis Ito, was guest President Roosevelt at Luncheon today.

Leaders in Low Prices.

RAILWAY INTO TURKEY

Dicussion of the Russian Loan.

In Memory of the Battles of Nelson.

The Austrian Minister to Brazil to be Recalled.

NEW YORK, Oct. 21.—A London Times special to the New York Times, says: The Constantinople correspondent of the Times, says the convention which is now being held regarding the Bagdad Railway, is far from being brought to a conclusion. The kilometric guarantee occassons difficulties. The statement that the Porte has offered to conclude the convention promptly, in return for pecuniary facilities is altogether erroneous. Doubtless, however, the Germans would lend financial assistance, if the Porte, granting all they ask, including the Koweit extension, would expedite the conclusion of the convention.

The Novoe Vremlya publishes an article on the Persian Gulf, quoted by the Odessa correspondent of the Times. It is written by a Russian, who states that in January, 1900, a German mission visited Koweit, accompanied by the German Consul-General at Constantinople and several engineers. The mission, in the name of the Sultan, asked the Sheik to cede to it the village of Kahno, situated on the northeon shore of the Koweit Inlet. The cession of this village to the Badad Railroad Company is regarded as highly expedient. While declaring that the Sultan's wish was law, the Sheikh said he found it impossible to make over the village, since he was unable to answer for the acts of the Arabs.

"What you build today would be torn up tomorrow," said Sheikh Mubarakh.

NEW YORK, Oct. 21.—Discussing the expected Russian loan, a London Times special to the New York Times qrote a St. Petersburg correspondent as saying: The Finance Minister's declaration that neither at the time of the Czar's visit to France nor afterward has there been any loan, need cause any surprise. The rumors of a forthcoming loan are consistently contradicted, yet among the general public the belief is practically unniversal that another loan is impending.

"It is one of M. Witta's best known characteristics to deny vehemently all intentions of borrowing until a loan is about to be issued and secrecy is no longer possible.

"A story is current in well informed quarters to the effect that the Czar is much incensed at the caricatures in French and German comic papers at the time of his French visit, representing him as an impecunious mendicant. One result of his majesty's irritation is alleged to be an order that no new loan be raised for some time."

NEW YORK, Oct. 21.—This is the 96th anniversary of the battle of Trafalgar, and Nelson monument in Trafalgar square is again decorated by the Naval League, says the Tribune's London representative. The column is not festooned on this occasion, the scheme of decoration being confined to the plinth and base. A large laurel wreath is suspended from the mouth of the landseers four lions and streams of laurel run from their necks to the bottom of the column. Beautiful wreaths and floral designs are displayed on the plinth and interspersed with shields showing the arms of England, Ireland, Scotland and Wales, and the colonies.

NEW YORK, Oct. 21.—Austria Minister to Brazil will soon start for Europe and will probably not return because Brazilian newspapers have been attacking him, says the Rio Janeiro correspondent of the Herald.

The cause of the attacks is the whipping the Minister is said to have administered to a boy whom he caught stealing flowers from his garden. It is asserted that the Minister chastised the boy too severely.

COLOMBIA IN REVOLUTION

KINGSTON, Jamaca, Oct. 21.—Letters from Panama say the Colombian rebels lost heavily in a battle near there last Tuesday. The rebels are concentrating in camp both sides preparing for a clash which it is expected will largely determine the fate of the revolution.

FUNDS MAY BE RETURNED

LOWELL, Mass., Oct, 21.—The directors of the Merchant's National bank announce that the deficiency in the funds, resulting from the defalcations of Teller Smith and Bookkeeper Swift, is $115,000. Although the fact cannot be confirmed from official sources, it is believed that the money and securities taken from the Merchant's bank by Teller Smith and Bookkeeper Swift before they disappeared last Thursday have been returned to the bank on a promise of immunity from prosecution.

LIPTON RETURNS ENGLAND

Australia may be next Challenger for America's Cup.

NEW YORK Oct. 21.—Sir Thomas Lipton has just returned from Chicago. When asked at station he said that he had enjoyed his visit to Chicago and had received more invitations of a social nature than he had been able to accept. He said he would return to England either on the Celtic, leaving tomorrow or on the Teutonic Wednesday. He is being entertained by John D. Crimmins.

NEW YORK, Oct. 21.—R. A. Watson, formerly of Canaada and now of Sydney, N. S. W. at an informal reception given him by the Nonpariel Rowing Club said that the recent races between the Columbia and Shamrock 11 were the greatest that had ever taken place in any waters. He added that on his return to Australia he would try to form a wealthy syndicate to build a boat and challenge for the cup from Australia. Mr. Watson, who is visiting here, was at one time the backer of Ned Hanlon, the oarsman.

AMERICA'S CHAMPION OARSMAN

May Compete At Henley for the Diamond Sculls.

NEW YORK, Oct. 21.—New York oarsmen are keenly interested in the propositions to send Constance S. Titus, a member of the Union Boat Club to Henley next year to compete for the Diamond Sculls, says the Times. Titus, who originally hailed from New Orleans, gained prominence last year when he won the Association single scull race in the regatta of the New York Association of Amateur Oarsmen, which victory practically declares him as the champion amateur sculler of America. E. B. Van Tyck is really the champion, but he has announced his determination to retire from rowing competition. When he won the championship race last summer the Union Boat Club honored Titus with a life membeship in the club. A special meeting of the club has been called for Sunday to devise means for raising the funds necessary to send Titus abroad to compete for the diamond sculls. The friends of Mr. Titus express confidence that the money will be raised in time.

At Cincinnati today detective Calvin D. Crim was fatally shot by John Folly, an ex-convict, whom he arrested for picking pockets.

FIGHT ON C. A. SEHLBREDE

Oregon Man Holds Job in Alaska.

Founded on What a Skagway Paper Says.

Grand Jury Will Investigate Charges of Violation of His Trust.

The Skagway Daily Alaskan says: "A new United States Commissioner will soon be appointed for this district, to take the place of C. A. Sehlbrede, who several months ago left the city on a tour through the north.

"For some time past it has been alleged that Judge Sehlbrede has used his official position to his own personal advantage. When the authorities at Washington became aware of the questionable manner in which he was conducting his official affairs, a special agent was detailed to investigate the matter, which investigation led to discoveries which left no doubt that Sehlbrede has in many ways violated the trust imposed upon him.

"The grand jury during the coming session will thoroughly ventilate Sehlbrede's administration, and startling disclosures will no doubt be made public."

(Sehlbrede is an Oregon man whose family reside at Salem. At the time of his appointment, he was a practicing attorney at Roseburg. In Roseburg and and elsewhere, it is said that Hon Binger Hermann, the present Commissioner of the Federal Land Office, was of some assistance to Sehlbrede in getting the Alaskan Commissionership, which is a good billet.)

SEWING MACHINE WORKERS

Are on a Strike in New Jersey.

NEW YORK, Oct. 21.—The effects of the strike at the Singer Sewing Machine Works. Elizabethport, N. J., are becoming apparent. The strikers number 400, but there are three times that number idle because there are no machines for them to work on. Over 300 additional young women have just been laid off on this account. The Singer Company has served notice on the strikers that unless they accept individually at once and ask to be taken back they will never be allowed to return to work at the factory.

England's Rulers

NEW YORK, Oct 21.—The King and Queen will leave Balmoral today and arrive in London tomorrow says a London special to the Tribune. They will stay at Marlborough house, though preparations are still going forward to make that royal residence suitable for the requirements of the Duke and Duchess of Cornwall.

Ask Him

Ask your doctor what he thinks of Ayer's Sarsaparilla. He knows the formula, so ask him if there is anything better for purifying the blood, strengthening the digestion, and building up the nerves. Follow his advice, whatever it may be.

"I have taken Ayer's Sarsaparilla every spring since 1848. As a blood-purifying and nerve-strengthening medicine it cannot be equalled."
S. T. Jones, Wichita, Kans.
