

Nothing Tastes Good

And eating is simply perfunctory—done because it must be. This is the common complaint of the dyspeptic.

If eating sparingly would cure dyspepsia, few would suffer from it long.

The only way to cure dyspepsia, which is difficult digestion, is to give vigor and tone to the stomach and the whole digestive system.

Hood's Sarsaparilla cured the niece of Frank Fay, 100 N. St., South Boston, Mass., who writes that she had been a great sufferer from dyspepsia for six years; had been without appetite and had been troubled with sour stomach and headache. She had tried many other medicines in vain. Two bottles of Hood's Sarsaparilla made her well.

Hood's Sarsaparilla
Promises to cure and keeps the promise. Don't wait till you are worse, but buy a bottle today.

of So. Glen Falls, N. Y., describes a condition which thousands of men and women find identical with theirs. Read what he says, and note the similarity of your own case. Write to him, enclosing stamped addressed envelope for reply, and get a personal corroboration of what is here given. He says regarding

L. D. Palmer.

Dr. Miles' Heart Cure:

"I suffered agonizing pain in the left breast and between my shoulders from heart trouble. My heart would palpitate, flutter, then skip beats, until I could no longer lie in bed. Night after night I walked the floor, for to lie down would have meant sudden death. My condition seemed almost hopeless when I began taking Dr. Miles' Heart Cure, but it helped me from the first. Later I took Dr. Miles' Nervine with the Heart Cure and the effect was astonishing. I earnestly implore similar sufferers to give these remedies a trial."

STOMACHS THAT WON'T WORK

That Retain the Food and Refuse to Digest it, Makes the Head Heavy and the Nerves Weak, Need Stuart's Dyspepsia Tablets

There is a cure for dyspepsia. Sufferers who have tried noxious nostrums will probably be skeptical but skepticism vanishes when Stuart's Dyspepsia Tablets are tried. Whenever the trouble

is dyspepsia of long standing, or merely a simple case of indigestion, relief is prompt and pronounced. The less the trouble the fewer tablets need be taken. Heaviness after eating, sour stomach, as indicated by belching, fatigue with slight exertion or with no exertion at all, disturbed sleep, nervousness, constipation, depression, "bites," these things can be commonly set down as symptoms of dyspepsia. And dyspepsia is merely indigestion in an aggravated form.

By promoting perfect digestion Stuart's Dyspepsia Tablets produces strong nervous, restful, refreshing sleep, pure blood and good sound healthy flesh. They make the skin clear, the eyes bright, the mind cheerful.

Stuart's Dyspepsia Tablets are a medicine and more than a medicine. They digest the food and make it easy of assimilation, and they relieve the inflammation, diseased condition of the membrane linings and the glands of the stomach and bowels. They help the digestive organs over the hard places, and put them into a healthy, active condition. They effect a quick and permanent cure. You don't have to continue taking them forever, still it is well to have a box handy and take one at the first return of the trouble.

Perfectly well people are made sick by eating too much, or unwholesome food, but not if they take a tablet after eating. Treatment with Stuart's Dyspepsia Tablets does not necessitate dieting or any change of habits. They digest the proper food and act upon the other kind in such a way as to make it pass off quickly and harmlessly. You may eat and drink what you like, when you like, and as much as you like if you take a tablet afterwards.

Stuart's Dyspepsia Tablets are sold by all druggists at 50 cents for full size package.

Send to F. A. Stuart Co., Marshall, Mich., for little book on stomach diseases, mailed free.
