**JOURNAL X-RAYS**  
Ozlogos biography.—He voted for McKinley and was buried in quicklime.

Republican politicians see little in the coming campaign but a struggle for the spoils.

More timber reserves—more grants for politicians, more wholesale grabs for syndicates.

The Corvallis Gazette outlines the duties of congress. Why not? A cat may look at a King.

Union county, which generally sends Republican grantees to the legislature is \$265,465 in the hole.

The Republican politicians do not seem to want to turn Geer out to pasture for fear the fence might not hold.

So many exchanges took THE JOURNAL'S joke, (about copyrighting its inside editorials), seriously, that the joke is recalled.

Eugene Register: Public office is a public trust, not a private snap that can be perpetuated by legislation favorable to the officers in power.

**BOER RESCUE MEETING**  
To be Held in Great Auditorium

Protest Against the British Policy in South Africa.

If Roosevelt Would Say the Word 500,000 Rough Riders Would Enlist.

CHICAGO, Nov. 18.—The monster Mass Meeting to be held at the Auditorium, Chicago, on December 8th, under the auspices of the Chicago Branch of the American Transvaal League, at which the eloquent Bourke Cockran will be the speaker, promises to assume national proportions and to have far-reaching results.

The President will also be reminded of the unspeakable condition of British concentration camps in South Africa, where the death rate is 370 per annum per 1,000, as shown in the following editorial taken from the "Manchester Guardian" of September 4, 1901:

"The annual death rate among the children in the Transvaal camps is about 370 per 1000. In less than three years, if the war goes on and the camps remain as deadly to their inmates, everyone of these babies, our prisoners, will be dead. The death rate for men, women, and children in these Transvaal camps was at the annual rate of 210 per 1,000. That is to say, if the present arrangements were maintained for five years, every Boer inmate of the camps, man, woman and child, would be dead. There is no parallel in history, as far as we know, to this process of extermination, steadily continued month after month, in which the enemy's casualties in the field seem likely to be completely eclipsed by the holocaust of woman and infants."

His attention will also be called to the precedent established by President McKinley when in referring to the reconcentrated camps in Cuba, he stated "Reconcentration, adopted avowedly as a war measure in order to cut off the resources of the insurgents, worked its predestined result. As I said in my message last December, it was not a civilized warfare; it was extermination. The only peace it can begeth that of the wilderness and the grave" and he will be asked to follow the example set by President McKinley and appoint committees in all the principal cities of the United States, to solicit and receive funds and clothing for the relief of the women and children who are confined in these deadly camps or whose homes have been devastated.

The authorities at Washington will be asked to join with other powers in a mutual protest addressed to the British Government against the maintenance of these camps in the interior of South Africa along the lines of railroad under British control where the hand of charity cannot reach. It will be pointed out that the Boers are not being fought fairly, for they dare not cut off supplies intended for the British army, for it is only the surplus after feeding the soldiers is allowed to the women and children imprisoned in the reconcentrated camps.

England should be asked by the powers to remove the camps to a neutral territory where friends may have a free hand in ministering to the wants of the suffering.

"The British seek to force the Boers to surrender by starving their wives and children," say the friends of the struggling Boers.

**MUSIC AT MOUNT ANGEL**

MOUNT ANGEL, Nov. 18. (Special)—Beatrice Barlow Dierke, the well known pianist, of Portland, is to give a concert at Mount Angel College on Dec. 7. There has been no pretentious musical performance at the institution since the appearance of Paloma and Karla Schramm last May, and Mrs. Dierke's coming is regarded by music lovers with happy anticipation. On the day following the concert there will be a reception tendered Mrs. Dierke by the Mount Angel students, and a contest will also be held between the musical departments of the young men's College and the young women's Academy, Mrs. Dierke acting as judge.

**SMART DRUMMER TOUCHED**

PORTLAND, Ore., Nov. 18.—E. M. Lowenthal, a diamond broker, of New York, was robbed of \$10,000, worth of diamonds and \$200 which were in his trunk at the Portland Hotel.

**ENTHUSIASTIC CONVERTS**  
There Are Thousands of Them Who Believe as This Woman Does.

Mrs. Ira Knowlton, of Butte, Mont., is a most enthusiastic convert to the virtues of Stuart's Dyspepsia Tablets as a cure for obstinate stomach troubles. She says: "I had poor digestion nearly all my life. It now seems to me that

for years I never knew what it was to be hungry, to have a good, natural appetite.

"I was troubled with gas in the stomach, causing pressure on the heart with palpitation and short breath. Nearly everything I ate soared on my stomach, sometimes I had cramps in the stomach, which almost resembled spasms. "Doctors told me I had catarrh of the stomach, but my medicines would not reach it and I would still be a sufferer had I not, in sheer desperation, decided to try Stuart's Dyspepsia Tablets.

"I know they were an advertised remedy and I didn't believe anything I read about them, but as I had no confidances in advertised remedies, but my sister, living in Pittsburg, wrote to me last spring telling me how Stuart's Tablets had cured her little daughters of indigestion and loss of flesh and appetite, and I hesitated no longer.

"I bought a 50-cent box at my drug store and took two of the large tablets after each meal and found them delightful to take, being as pleasant to the taste as caramel candy. Whenever during the day or night I felt any pain or uneasiness in the stomach or about the heart I took one of the small tablets and in three weeks it seemed to me as if I had never known what stomach trouble was.

**Forewarned, Forearmed.**  
The liability to disease is greatly lessened when the blood is in good condition, and the circulation healthy and vigorous. For the all refuse matter is promptly carried out of the system; otherwise it would rapidly accumulate—fermentation would take place, the blood become polluted and the constitution so weakened that a simple malady might result seriously.

A healthy, active circulation means good digestion and strong, healthy nerves.

As a blood purifier and tonic S. S. S. has no equal. It is the safest and best remedy for old people and children because it contains no minerals, but is made exclusively of roots and herbs.

No other remedy so thoroughly and effectually cleanses the blood of impurities. At the same time it builds up the weak and debilitated, and renovates the entire system. It cures permanently all manner of blood and skin troubles.

Mr. E. B. Kelly, of Urbana, O., writes: "I had Eczema on my hands and face for five years. I used all kinds of ointments, creams, washes and drops, leaving the skin red and inflamed. My doctors did not give me any relief. I used all the medicinal soaps and salves without benefit. S. S. S. cured me, and my skin is as clear and smooth as any one's."

Mrs. Henry Blodgett, of Cape May, N. J., says that twenty-one bottles of S. S. S. cured her of Cancer of the breast. Doctors and friends thought her case hopeless.

Richard T. Gardner, Florence, S. C., suffered for years with Boils. Two bottles of S. S. S. cured him in good condition and the Boils disappeared.
