To all Our Friends and Patrons we Wish

We wish to thank all for the generous alrouge given us during the past oar, generous beyond expectation. The relations between our patrons and ourselves have been mutually enti-factory and we hope they will continue to be so. With the closing of the old year and the beginning of the new, we hope tha friendships will not close, but will remain as warm as in the past, and we invite all to visit our store in the new year as during the past.

RAILROAD CONTRACTS TO BE LET

For the Construction of the Bohemia Line.

Corrage Grove, Jan. 3.-It is expected that contracts for the construction of the first 20 miles of the Bohemia railroad wil be let within a month or six weeks at the outside. A telegram was received lately from the Eastern capitalists asking for information as to this section of the road and the figures were furnished them. Correspondence is being carried on with big company of contractors at present ooking to the letting of a contract coon.

The engineers are expected to finish their work in ten days or two weeks and come down to the mouth of Mosby creek and run out the spur that is to be built up that stream for the Booth-Kelly Company. This apur will likely extend up as far as Palmer's or about 12 miles. Shorter spurs will also be built for the accommodation of the Booth-Kelly Co up Teeter's creek and Sharp's creek. These spurs are for hauling logs, and it s said the company will likely put a mili near the mouth of Mosby creek where there is an excellent mill site, about four miles from Cottage Grove. It is learned from parties who have

every facility for knowing what is going on, that dirt will begin to fly by March and as contracts will probably be let to men who have the means to push the work as rapidly as possible, the iron horse will be snorting up Row river early next summer.
