COMMON COUNCIL MEETING

New Rules for the Fire Department Adopted.

The principal business considered by the city council Tuesday evening was matters relating to the fire department. For the better control of the department a resolution was passed to the effect that no member is allowed to be away from the hall after 10 o'clock p. m. without an order from the chief. That he cannot leave the city without permission from the chief, and then must provide a capable substitute. The doors of the department are to be fitted with locks, and when a member is outside after hours, he will be given a key by the chief for admission. This action is taken on account of the fact that tramps are constantly spending the night in the engine room, and all the men are asleep upstairs. To prevent the occurrence of any accident or mischief the doors will be kept locked at night hereafter.

W. W. Johnson, chief of the department, recommended the retention of the present hosemen in their positions. They are: L. H. Murphy, W. H. Selwood, Clem. Lewis, C. N. Churchill, William London, Ralph Churchill, Harold Jorgenson, Ira Jorgenson and Louis London. The communication was accepted by the council.

Another matter of this nature was referred to the committee on fire and water. It was that on Twelfth street near the Woolen mill and also on Centre street, the fire plugs are so arranged that if a fire should occur across the street, the hose would have to be laid across the railroad track, and might interfere with the progress of the trains.

E. M. Croisan petitioned the council for a franchise granting him right to make improvements to his property on a basis of one foot lower than required by the ordinance, which is 36 feet above low-water mark. It was referred to the committee on streets and public property, with power to act. The petition was accompanied by the written consent of the adjoining property owners.

Herman W. Barr communicated with the council for permission to suspend his watch sign from the electric light pole at the corner of State and Liberty streets. It will be hung nine feet above the ground.

Alderman Poble was granted the right to erect a corrugated iron building 31x25, in the rear of the Poble & Bishop place of business.

The monthly bills, aggregating \$455.30 were ordered paid; the committee asked further time to consider the claim of J. F. Staiger for \$28.35.

A Fireman Badly Hurt

A very unfortunate and serious accident occurred at Grants Pass Saturday evening at 6:15 o'clock while the north bound overland was "wounding up" at that place, Fireman Joe Stafford of Roseburg being the victim of the unfortunate affair. The engine on which Stafford was firing for Engineer Dick Morris was run up beside of the wood dump and brakeman Al Moran, before springing the crate and dumping the great mass of wood into the tender asked if all was ready but the steam exhaust of the engine rendered his words inaudible to Stafford who was at that time clearing the tender to receive the new cargo of wood and the brakeman receiving no response to his query supposed that all was well and tipped the crate, dumping the great mass of wood upon the fireman. He was soon extricated from beneath the wood by the trainmen and it was found that his left arm broken, his shoulder dislocated or severely injured, his jaw frightfully bruised and probably broken and it was feared that he had also suffered internal injury.

San Francisco, Jan. 21.—At an early hour this morning Patrolman Eugene C. Robinson, of the Southern Station, was mortally wounded by three burglars who he surprised in the act of breaking into a hardware store on Valencia street near Sixteenth. He died soon after being taken to the hospital. One of the trio of safe crackers, supposed to be E. Daly, was badly wounded by a shot from the policeman's pistol and captured.

Robinson discovered the burglars just as they were entering the store, and immediately crossed the street to arrest them, calling upon them to surrender as he did so. Instead of obeying, they opened fire upon him simultaneously, and three bullets struck the policeman in the abdomen. As he fell he opened fire with his revolver and struck one of the burglars, who ran for a short distance in the arms of another policeman, attracted to the scene by the shots. The other two men escaped meanwhile, and although a posse of policemen soon took up the scent, they managed to elude their pursuers. Daly refused to tell the identity of his companions.

When the firing commenced in the street below, Adolph Albersmeyer, who had been suffering from delirium tremens for several days, sprang from his bed, and with a scream of terror, rushed into the hallway, broke away from the grasp of his nurse, ran to the front of the house, and plunged through a window, carrying sash and all with him. The unfortunate man landed on an awning over the entrance to a store below and rolled to its edge, where he clung for a moment. Then he dropped heavily to the sidewalk, striking on his head and was found unconscious. Albersmeyer was hurried to the city and county hospital, but as he was being lifted to the operating table he gasped and died.

MINE WORKERS CONSIDER

The Charges Made Against Officers.

INDIANAPOLIS, Jan. 22.—Routine business consumed the greater portion of today's session of the Miners' convention, the election of officers according to the plan outlined yesterday after Miss Meredith's charges against President Mitchell and Percy Wilson having been deferred until the investigation committee have reported. It is generally believed that Mitchell and Wilson will be re-elected.

LUCAS WILL BE RETURNED

Special police officer Hedrick is expected to arrive tonight from Seattle, with J. Lucas in custody. As soon as Lucas was arrested he secured counsel and preparations were made to resist the requisition papers issued by the governor. At the trial here, an effort will be made to prove that Lucas was a contractor of the stone work on the Chemawa building, instead of an agent or sub-contractor. If this is successful the charge against him, that of larceny by baillee, will readily be proven.

INTERNATIONAL POULTRY FOOD

A medicated poultry food which gives the most remarkable results. It prevents disease, it cures chicken cholera. It greatly increases the egg production and it makes chickens grow very rapidly. Put up in 25c, 50c, \$1.00 size packages, and 25 pound pails.

THE WONDERFUL EGG PRODUCER—The greatest increase in production of eggs has given "INTERNATIONAL POULTRY FOOD" a wonderful reputation throughout every state. We guarantee that it cannot be fed to hens at any time winter or summer, without showing a large increase in eggs. You do not have to use the food at an extra expense because it will make you more money at or deducting its cost. One extra egg per month will pay the entire cost of feeding and it often more than double the supply. It contains no poisonous or injurious ingredients; has very superior merits.

It Gives a Glossy Plumage.
It prevents sickness, promotes good health, causes young chicks to grow very rapidly invigorates the digestive organs, supplies material for bones, muscle and feathers, and is very beneficial during moulting season.

It invigorates the egg producer organs and hens will lay more in longer. It will prepare your chickens for the market more rapidly than any other preparation and has been used for years by prominent chicken breeders.

Remarkable Cash Guarantee.
Which is printed on every label.

Buy, pay for, and use one 25 cent box or one 50 cent box, or \$1 size box of "International Poultry Food" as directed and if it fails to fulfill our claims write to our office and we will refund your money. We will pay anyone \$1,000 in cash if we ever refuse to live up to this agreement.

International Food Co., Minneapolis, Minn.

Also Cheapest to Use.

Our 25 cent box contains 100 feeds for 12 fowls. Our \$1.00 size box contains 500 feeds for 12 fowls. You cannot afford to pay 25 cents per box for some other kind that only contains 25 feeds. 100 feeds for 25 cents is certainly very much cheaper than 25 feeds for 25 cents. Only costs 10 cents a month to feed it to 12 fowls.
