Weekly One Year \$1.00 in Advance.

EDITORIAL

NEWSPAPER NOT A BURDEN TO A COMMUNITY.

The Journal maintains a payroll that helps support about twenty families and it has never in over twelve years under the present management failed to pay the laborers on Saturday night. Excepting Woolen Mills there are few enterprises that disburse more wages the year around than The Journal office. Every dollar of its expense is again spent by those receiving it in the city.

Thousands of dollars are brought to the city from foreign advertising and subscriptions from all over the state and nation, and all this money brought to Salem is put in circulation here through labor. Many immigrants have come here as the direct result of reading The Journal. Not only residents of the city and county, but industries are running now and employing labor that were brought here by its efforts.

A newspaper is a source of life and development to a community by assisting in establishing a better local government, better schools, helping establish new business houses, and extend the trade of all firms.

A newspaper helps to build new churches and assists every legitimate line of development, and some that are not so legitimate. But that is true of all sources of influence. Some of it is not for good always.

Every new business that is started is helped upon its feet. The Journal could point out some establishments that have begun in a small way to advertise in this paper and in a few years have built up a large trade.

The Saturday double illustrated Journal is a fine advertisement of the business activities of this city. In midwinter, when all is dead and dull in many places, Salem is showing great life and enterprise.

With good harvest, new enterprises, increasing population, new industries coming in, building contracts showing up all around, Salem has a red-letter season ahead for the year 1902.

SOUND POLITICAL ECONOMY
Strong and Schafer in commenting on the development of our form of government in their book, "The Government of the American People," remark that we must go back to the glorious forests of the Rhine and the Elbe to get a glimpse of the political life from which our system of government has grown.

The above profound remark is of greater importance than at first would appear. It is of interest to the people of Oregon because the book referred to has become one of the textbooks in the public schools.

The author is the President of the state university and hence while its principles will be imbibed by the children in the common schools, they will also be advanced and put into active circulation by the author.

What is this political life that has come down to us from the forest fathers of north Germany. It stands for the greatest individual liberty for the citizen, at the same time placing the rights of the citizen above property or rulers or classes.

The fundamental principle of Germanic civilization is self-government through the representative principle, the power of delegating authority, and yet retaining control of the delegated authority.

The Germanic political idea stands for the individualism, yet having within itself the germ of power that throttles monopoly and resorts to public ownership of any branch of the public service.

Under the inspiration of that principle the declaration of independence was written and the federal and state constitutions were drawn. Under its operation the public schools and the postal service have been developed.

Under that charter of human liberty the American people will be able to throttle any trust and will be able to secure public ownership of any branch of the public service that in private control becomes oppressive.

Under that same principle there can never be a complete overthrow of a representative government, of a republican form of government that is guaranteed by the constitution of the United States.

The equisite between a theoretical democracy without executive ability and centralized plutocracy with all power in the hands of a few can be maintained and the use of such a textbook is very important to the people in educating the children to get the right balance of systems established in their minds.

Nearly all the lawyers and financiers in Salem said the Assan bond for \$5000 could never be collected. But the businessmen in the city council went right ahead and collected it just the same.

The Salem Hayseed council does not seem to be steered from within nor from without by politicians. It simply does business.

Under the steering of the Hayseed council the City of Salem will be on a cash basis by April 1st.

The Democratic County Central Committee men in town so far are strongly anti-fusion.

Only twenty men are promised places on the legislature ticket so far.

Gilbert Bros Bank Assets

Claud Gatch receiver of Gilbert Bros. Bank has filed two reports in the Circuit Court of the property which he has received from H. B. Thielson, as receiver of Gilbert Bros. appointed by the judge of the United States Circuit Court for the District of Oregon, showing a total of \$145,744.89 and of notes and accounts received from C. A. Whale as the proceeds of the sale of musical instruments belonging to Gilbert Bros.

The reports are made separate and designated as report A and report B, the summary of which follows.

Report A.

Bills receivable	\$45,139.01
Warrants, state, county and school	300.12
Furniture and fixtures	3,294.13
Notes and accounts issued by H. B. Thielson under schedule B	334.03
Accounts against sundry parties for insurance premiums	407.54
Overdrafts	2,229.50
Additional assets schedule A	93,875.36
Total	\$145,744.69

Report B.

Received from C.A. Whale as proceeds of musical instruments belonging to Gilbert Bros.

Notes received June 21, 1901, as per account rendered—	Amount	Payment	Balance
\$4281.50	\$103.00		\$4178.50
Notes received as per his statement of December 21, 1901, and as the order of the Circuit Court of December 23, 1901:	Amount	Payment	Balance
\$7953.09	\$396.50		\$7556.59

It looks like fifteen cent hops next year.

AN IDEAL MEDICINE

A New Discovery Which Cures all Forms of Catarrh

The tablet is the ideal form in which to administer medicine, but until recently no successful catarrh tablet had ever been attempted. There is now, however, an excellent and palatable remedy for catarrh in tablet form, known as Stuart's Catarrh Tablets and sold by druggists, composed of the most recent discoveries in medicine for cure of catarrh and results from their use have been highly gratifying.

The old time treatment of catarrh was in the form of inhalers, washes, douches, sprays, etc. Later on internal remedies were used with greater success, but being in liquid or powder form were inconvenient to use and like all medicines in liquid or powder form, lose their medicinal properties when opened or exposed to the air.

Stuart's Catarrh Tablets contain highly concentrated antiseptics, Bed Gum, Blood Root, etc., which kill the catarrh germs in the blood and mucous membrane, and in this respect are strictly scientific and modern, because all authorities are now agreed that catarrh is a constitutional blood disease, and local applications can have only a transitory effect.

The use of inhalers, douches and sprays is a nuisance and inconvenience and can in no wise compare favorably with the same antiseptics given in tablet form internally, where they can reach the stomach and blood and kill catarrh germs right where they are produced.

A prominent lawyer and public speaker of Pittsburg says: "I have been troubled with catarrh of the head and throat for twelve years. In this climate it seems impossible to get rid of it. The continual dripping of mucus from the nose into the throat caused irritation and hoarseness, seriously interfering with my public speaking. It took me an hour or more of coughing, gagging, expectorating and sneezing every morning before I could settle down to work and this condition gradually brought on catarrh of the stomach, causing loss of appetite, poor digestion and a foul breath, which annoyed me exceedingly. My physician advised me to try Stuart's Catarrh Tablets and I took them for two months and was astonished to find how quickly they cleared my head, throat and stomach and I have no hesitation in recommending them. They are not only pleasant to take, but they seem to get at the very root of the trouble, because since using them I have no trace of catarrh."

Druggists sell Stuart's Catarrh Tablets at 50 cents for full sized package. They can be carried in the pocket and used any time, and as often as desired since they contain no cocaine, mercury or any other injurious drug. 2-13-15

The new Anglo-Japanese alliance, being a purely defensive one, arouses no serious apprehension in Europe.

S.P. Company to Use Oil

Having decided to adopt petroleum as a fuel in the operation of its lines in Oregon, the Southern Pacific Company has begun the erection at Dunsmuir, Calif. and Ashland of two enormous oil tanks. These tanks will be about 150 feet high and will have a diameter of nearly 50 feet. They will have a capacity sufficient for one year's supply. The oil will be procured from the petroleum region of Southern California, experiments having demonstrated that this product is a cheaper fuel than wood.

The adoption of petroleum as a fuel by the S. P. company will necessitate the reconstruction of all its engines operating on the divisions to be provided with this fuel. The large storage tanks will be completed and the use of petroleum as a fuel for railroad travel will be common in Oregon early next summer.

As the success of this innovation in the matter of fuel becomes known, oil tanks of smaller capacity will eventually be established all along the company's California-Oregon line.

County Election Officials

Following appointments were made to fill vacancies caused by persons heretofore appointed being non-residents: R. W. Craig, clerk, Macleay, vice J. B. Craig, a non-resident; Jesse T. Bennett, judge of Mehamah precinct, vice Joseph Cox; G. J. Moisan, judge of Gervais precinct, vice J. C. Siegmund, A. J. Miesler, clerk of Aurora precinct vice R. L. Reed; John Ebner, clerk, vice Thomas Palmer; E. E. Settlemier, judge, vice Ed. Johnson, and Fred Schwab, judge, vice A. B. Schwab, of Mt. Angel precinct, and W. E. Her, clerk of Butteville precinct, vice G. A. Ehlen.

The commencement exercises of the Willamette University Medical College will be held in Salem on Wednesday, April 2nd. Final examinations will begin next week. The graduating class this year will consist of five young gentlemen viz: Messrs Thomas, Tamesole, Bruce, Bean and Beauchamp. It has not yet been determined who will deliver the usual address to the graduating class.

A Total Eclipse.

Any man can produce a total eclipse of the sun, so far as he himself is concerned, by holding a dollar close to his eye. The total eclipse of health is often produced in much the same way, by letting the dollar shut out from view all other things and interests.

A great many people pay for wealth with health and admit at last that they have made a poor bargain. In the chase of the dollar people are too eager to take time to eat regularly or choose proper food, the stomach becomes disordered or diseased, the food eaten ceases to nourish, and physical breakdown comes.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition and so enables the strengthening of the body, in the only way by which strength can be obtained, by food properly digested and perfectly assimilated.

"I suffered for four years with pain in my stomach so that at times I couldn't work for eat," writes Mr. Frank Smith, of Granite, Chaffee Co., Colo. "I wrote to you about my sickness and was told to use your medicine, which I did with good results. I only used four bottles of Golden Medical Discovery, and must say that I am entirely cured, and feel like a new man, and I can highly recommend your medicine to any sufferer."

Socialist Ticket Will be Named

Pursuant to the request of the general committee of State Socialist organization, a call has been issued for a mass convention of Marion county socialists, to be held in Salem on Wednesday, March 5th. The state and Congressional socialist conventions are scheduled for Portland and Oregon City two weeks later.

Gideon F. Sherwood, who is one of the most active and prominent members of the Salem Socialist Club, informs a reporter that it is the purpose of the organization in the county to place a full ticket in the ball for both legislative candidates at county officers. At this time no names are mentioned in connection with any of the nominations, but local socialist leaders anticipate no difficulty in naming a complete ticket.
