Spring Sewing

This is the time of year when wise women are planning to get most of their spring sewing off their hands. We have sewing machines, new ones, from the Eastern "bargain counter," machines at \$17.50 up to the very highest quality Standard and White machines.

We have first-class guaranteed machine at \$25— and sell lots of them. They are made of first-class material by a first-class company, and are the best \$25 machine that is sold in this country. Best, because they are more up-to-date, and because the material is second to none.

But for quality—real, genuine quality—when you want the best, you get up to the Standard or the White, and you stop. These in the Rotary Machine mark the perfection of the art of machine building. They run faster, easier, make less noise, hold more thread than any other sort. Come and see for yourself. We have a pleasant sewing machine department, where ladies may look over the stock undisturbed.

There are quite a lot of second-hand machines, low, good bargains, from \$5 up some at \$10, that are really splendid. High arm White, Domestic and New Home, at that figure; all overhauled and ready to sew.

Some old crocks that are worth nothing but for the stand \$1.

Mr. Burley has returned from Portland after some weeks absence, and will do repairing at our place. Bring in your old machines.

Needles, oil and parts for all machines. Best needles, 25c a dozen.

NO INTEREST ON STATE FUNDS

Is the Decision of Judge Boise in the Metschan Case.

All Depositors of Private Funds are Allowed Interest From the Williams and England Receiver.

That Ex-State Treasurer Phil Metschan unlawfully loaned state money and received interest on same, was decided today in the case of J. A. Baker v. the Williams & England banking company. This decision was given to decide as to the objections filed by Ladd & Bush regarding the payment of interest on the claims of E. C. Giltner, Phil Metschan, J. A. Baker, assignee of the claim of E. J. Swafford, and W. H. Odell. The objectors alleged that Giltner was the agent of Metschan, and that both were depositing funds belonging to the state treasury, that the claim of Swafford was for a deposit of city funds, and that of Odell for state money belonging to the state land board. Ladd & Bush were creditors of the Williams & England bank, upon a claim in the principal sum of \$10,000; the court found they have received in dividends the full sum of \$10,170.83 from the receiver, and that there is still due them interest at 10 per cent per annum the principal sum of \$10,000 from Nov. 14, 1895, until the date of the first payment.

Court's Findings

In its findings the court held that the claim of E. J. Swafford for \$23,000 was state funds improperly deposited, as was also the claim of Metschan for \$8613.60. The payments made of \$1050 and \$727, were as and for interest upon the public funds, and the claim of Metschan for \$780.73 is the balance remaining of the account after it had been drawn from by check.

The claim of E. J. Swafford for \$7347.33 was allowed as it was proved that he received no interest on his deposit.

The claim of Odell amounting to \$5017.27 was for drafts, checks and post office orders made payable to Odell, who was clerk of the state school land board. He deposited them there, pending the acceptance of the offers by the Board. They were deposited for collection only, and the first of each month a payment of all funds in his hands was made to the state treasurer. The state was reimbursed for the entire amount of Odell's claim, and as no interest was received on the deposit, the claim was allowed.

The total amount of interest allowed now due is \$17,000, but excluding the account of E. C. Giltner, Phil Metschan, treasurer, and Phil Metschan, the amount of interest due is \$11,580.83. Not more than \$7000 of the state is now applicable to the payment of claims against the estate according to the receiver's report.

Claims Not Allowed.

E. C. Giltner, and Phil Metschan, are not entitled to any interest on their claims of \$25,000; to Phil Metschan's claim of \$8613.60, or Phil Metschan treasurer, for \$780.73.

Interest Allowed

J. A. Baker, assignee of the claim of Swafford is entitled to interest at 8 per cent from July 3, 1896, on \$7347.33, until the date of the first payment.

W. H. Odell is entitled to interest on \$5017.27 for the same length of time and at the same rate, and all persons having an account are allowed the same interest, and the receiver is ordered to compute the amount of interest due and the sum in his hands, and report same to the court.

Another Suit Pending.

A suit still unsettled in the court is to secure the repayment of the interest on the claim of Giltner and Metschan, which amounts to about \$17,000. It was brought by Theodore Noll, a creditor of the defunct Williams & England bank.

Try wild rose flour, the best by test: the best in every way.

NORTHERN PACIFIC WORKING

To Bring Settlers to Oregon.

The Journal Advised of Their Plans.

In view of the present widespread efforts to double, if possible, the population of the Willamette valley, and especially of Salem, the following letter from A. D. Charlton, the Assistant General passenger agent of the Northern Pacific railway is of more than common interest, evincing as it does a desire on the part of that great corporation to second the efforts of our people in that behalf. Mr. Charlton writes to THE JOURNAL editor as follows:

To the Editor of The Journal:

I am more than pleased to advise you that the Northern Pacific Railway Company has completed arrangements for applying the \$35 rate for homeseekers from Chicago and \$25 from Minneapolis, St. Paul and Duluth, Minn., via Olla, St. Paul and Portland, to all points on the main line and branches of the Southern Pacific between Portland and Ashland, Or.

This will undoubtedly result in a very material increase in your population, and I assure you we will aid you in every way possible in securing a large number of settlers for points in your territory. A proper advertising matter bearing on the Willamette Valley will be prepared and distributed throughout the east and every facility offered intending settlers with the object of having them thoroughly investigate the opportunities offered in the Willamette Valley before making final locations. It has been decided to place these rates in effect daily commencing March 1st, and continuing till April 30th. Tickets will be on sale at all points east and southeast basing on the rates from Minneapolis and St. Paul, and judging from past experience when rates were in effect up to Portland only, the result will be a very handsome increase in the population of the Pacific Coast and I trust to the Willamette Valley in particular.

Again assuring you of our hearty cooperation, I am, Yours truly,

A. D. CHARLTON,
A. G. P. A.
