

Start Girls Right!

Many beautiful girls become invalids for life, because at the crucial period of puberty they pay no attention to the laws of health. Mothers should protect their daughters' health by giving them the necessary information and proper treatment. When the menses come on a girl is either in her inexperienced she is either frightened into convulsions, or scared into trying to check the flow. Many girls have checked the flow and it has never started again. And as a result they have grown pale-faced, with "crow-backs" on their cheeks, and dark half-moons under their eyes. A dose of

WINE OF CARDUI

taken every morning after a girl is twelve years old will bring the menses on properly and keep them regular. It will help her to develop into attractive womanhood and equip her for the duties of wife and motherhood. All druggists sell \$1.00 bottles of Wine of Cardui.

The Hollywood, Asbury Park, N. J., February 2, 1906. I read your advertisement in regard to Wine of Cardui in the Baltimore American, and it so favorably impressed me that on my visit to Baltimore during the holidays I purchased a bottle of it for my adopted daughter, who was suffering with female troubles. She had been under the doctor's care for some time, and when her periods would come on her suffering was something terrible. I induced her to try it and the first dose brought on her menses, she took it regularly according to the directions, and was greatly relieved. To use her own words, "it saved my life." J. WISLER CHILES. For advice and directions, address, please apply to "The Ladies' Advice Department," The Chattanooga Medicine Company, Chattanooga, Tenn.

EDITORIAL

THE ALLEYS OF THE CITY SHOULD BE CLEANED

The council should take action on the report of Alderman Stols and have all the filthy alleys in the city thoroughly cleaned. Once a year the refuse and debris that accumulates should be removed.

If the city has not the proper law and authority under which the owners of property can be compelled to clean their premises then a suitable ordinance should be enacted and this spring should not pass by without a thorough renovation from a sanitary standpoint.

THE SATURDAY DOUBLE JOURNAL

It will contain a great deal of matter of interest to the homeseeker and real estate dealers should send it to all their correspondents asking information about the country and its resources.

It will be a paper showing the life and activity of the Capital City that any business man can feel proud of and that any citizen can send to a friend in the east and say, "Do we not live in a live city?"

A low rate of advertising is made for this special edition on Saturday that the merchant can afford to make a large use of its columns in extending his trade and Salem has reached the point where there is no dull season in business.

ROOSEVELT MEANS BUSINESS A LITTLE BIT.

The mere declaration that President Roosevelt had ordered his Attorney-General, to bring a suit to test the legality of the great merger of transcontinental lines has sent their stocks a tumbling.

This would indicate that the President is in earnest and is not under the control of the trusts so far and Mark Hanna is shedding watered-stock tears.

There are Republicans who will breathe easier at this first manifestation of freedom from trust control on the part of the President of a great republic. The nation will applaud Roosevelt if he means business.

The President has a serious and energetic way of going at everything and it is our candid opinion that he has not brought this suit in a harmless perfunctory manner. From his Attorney-General the people need expect nothing.

Boise Man Was Touched

C. J. McGinnis, hailing from Boise, and who spent the past two days in the city, left for home again yesterday, poorer but wiser, he having been "touched" for \$280 while here, at least that is the synopsis of the tale he told.

McGinnis, who is said to be a cattle man, came here for the purpose of investigating a sum, for a friend, in mining property in this camp. McGinnis does not know where or how he lost the money. He told of having been in a saloon, where he had spent some time while waiting for a stage and that he "set 'em up" several times while there.

He also said several persons had approached him on the street and so licted him, and it is the opinion that he was made the prey of an organized gang.

McGinnis is not a stranger in Baker and has made a number of trips here. While the Carnival was in progress last fall, he joined the gay throng, and came out looser to the tune of \$60. The money alleged to have been lost here this week was in greenbacks, and enclosed in a wallet, which he carried in an inside pocket of his small coat. How the wallet was taken from his pocket is a mystery, but safe to say McGinnis will take more care of his money when visiting here in the future.—Baker City Dem.

American publishers and typographers have agreed on arbitration for a period of five years.

CAPTAIN'S QUEER DEATH

Blown Away by Astoria Breezes.

The Astoria Budget says: Captain Jorgen Theodore Rostad was almost instantly killed about 7 o'clock on the evening of the recent storm through a most singular accident. He, with two companions was walking on the sidewalk of the street west of the Clatsop mill and at the time the storm was at its height. Suddenly and without warning the sidewalk was blown up and across the street car track carrying the men with it and burying them beneath. Captain Rostad's two companions escaped unhurt but he was unconscious when extricated. He was placed on a stretcher and brought down to Hart's drug store and a physician summoned who pronounced him dead. His injuries were confined exclusively to his body, his face not being at all bruised. The remains were then taken to Pohl's undertaking parlors from where his funeral was held at 2 o'clock this afternoon under the auspices of the Masons of which order he had been a member.

The interment was in Greenwood cemetery. The deceased was a native of Norway, about 52 years old, and followed the sea for a number of years as captain of different vessels flying the flag of his native land.

Valuable Property Sold.

An unverified press dispatch dated Santa Barbara Feb. 1, reads: The famous Elwood Cooper ranch, situated about twelve miles west of Santa Barbara, on the ocean front, has been sold to a syndicate of eastern capitalists. The syndicate is represented by W. M. Hicks of Boston, who, while in Santa Barbara last summer, opened negotiations for the purchase of the property. The exact amount agreed upon is not yet announced, but one of the parties interested states that it will be in the neighborhood of \$250,000.

The property, which consists of about 2000 acres, has become celebrated because it contains the largest olive grove in the world, and from the product an oil is produced that has received the highest award at every exposition in the United States and Europe for several years past. It is the purpose of the syndicate to greatly increase the acreage devoted to olive culture, and more than double the output of oil, which last year was 36,000 bottles. It is also proposed to expand a large sum upon the construction of an immense reservoir to provide water for irrigation purposes.

The Oldest and Best.

S. S. S. is a combination of roots and herbs of great curative powers, and when taken into the circulation searches out and removes all manner of poisons from the blood, without the least shock or harm to the system. On the contrary, the general health begins to improve from the first dose, for S. S. S. is not only a blood purifier, but an excellent tonic, and strengthens and builds up the constitution while purging the blood of impurities. S. S. S. cures all diseases of a blood poison origin, Cancer, Scrofula, Rheumatism, Chronic Sores and Ulcers, Eczema, Psoriasis, Salt Rheum, Herpes and similar troubles, and is an infallible cure and the only antidote for that most horrible disease, Contagious Blood Poison.

A record of nearly fifty years of successful cures is a record to be proud of. S. S. S. is more popular today than ever. It numbers its friends by the thousands. Our medical correspondence is larger than ever in the history of the medicine. Many write to thank us for the great good S. S. S. has done them, while others are seeking advice about their cases. All letters receive prompt and careful attention. Our physicians have made a life-long study of Blood and Skin Diseases, and better understand such cases than the ordinary practitioner who makes a specialty of no one disease.

We are doing great good to suffering humanity through our consulting department, and invite you to write us if you have any blood or skin trouble. We make no charge whatever for this service.

SSS
THE TRUST SPECIFIC CO., ATLANTA, GA.

Tried to Shuffle Off

Corner T. N. Snow and Deputy Marshall Jess Snow, returned last evening from North Powder where they were called early to attend a woman suffering from a gunshot wound says the Baker City Democrat.

Upon arriving at the North Powder hotel, Dr. Snow found Mrs. Ida Chapman apparently lying at the point of death, with a bullet wound over the left nipple, and the ball lodged under the shoulder blade. Dr. Barnes of North Powder, who was attending the woman assisted Dr. Snow in extracting the bullet. The patient would not talk or give any reasons for inflicting the wound upon herself though practically admitting she had tried to take her own life.

Those who knew Mrs. Chapman state that she has recently been very despondent, though she had not complained of any particular trouble. Her husband, from whom she has been separated for some time, was formerly in the saloon business at Haines. Mrs. Chapman has two children and is apparently in comfortable circumstances.

It was reported last evening that Mrs. Chapman visited the store of Herman Rothschild and borrowed from him the seven-shooter with which she attempted to kill herself later in the afternoon, saying that she wanted to show it to a friend who was contemplating buying one like it. The gun was a very small one easily covered in the palm of the hand and was of a new patent make, which had attracted considerable attention at the hotel during the midday meal where it was exhibited by Mr. Rothschild to a friend as they were being waited upon by Mrs. Chapman. Whether the woman then made up her mind to the deed or had been waiting an opportunity to secure a weapon will perhaps never be known.

Snake Charming

Is not a popular occupation. Most women shrink from the sight of a snake and would faint at the touch of one, thus the snake charmer. How many women allow disease to fasten on them and slowly to crush out their strength.

Womanly diseases should never be allowed to undermine the health. Female weakness, bearing-down pains, inflammation, ulceration, backache, headache, nervousness, and other womanly ailments, curable by medicine, are promptly and permanently cured by the use of Dr. Pierce's Favorite Prescription. It is a weak women strong and sick women well.

"I deem it my duty to express my deep heartfelt gratitude to you for having been the means under providence of restoring me to health," writes Mrs. Oscar Brown, of Grand Rapids, N. C. "For two years I suffered with female weakness, headache, neuralgia in various parts of the system, and after using four bottles of Dr. Pierce's Favorite Prescription, three of his Golden Medical Discoveries, one vial of Pleasant Pellets, also 'Lotion Tablets,' and one box of 'Antiseptic and Healing Suppositories,' I am cured."

If you are led to the purchase of "Favorite Prescription" because of its remarkable cures of other women, do not accept a substitute.

The People's Common Sense Medical Adviser, a book containing 1008 pages, is given away. Send 21 one-cent stamps the expense of mailing only, for the book in paper covers, or 31 stamps for the volume bound in cloth. Address Dr. R. V. Pierce, Buffalo, N. Y.

HERPICIDE

BEAUTY IS NEVER COMPLETE

Without a thick, luxuriant band of soft, glossy hair, which is in truth woman's crowning glory. The faithful use of Herpicide never fails to produce hair of this character, for, by destroying the scaly germ that feeds upon the oil of the hair root, it makes dandruff, falling hair and all scalp diseases impossible. It then promotes a new and thick growth to replace the old thin, brittle hair.

One bottle will verify these statements. For sale at all first-class drug stores.

The Famous Shasta.

In going over the famous "Shasta Route" of the Southern Pacific Co., the traveler ever finds something new to excite his admiration and interest. Starting at Portland, one traverses the whole length of the Willamette Valley, the gem of the northwest. Mt. Hood, Mt. Jefferson, and the Three Sisters and other snow-capped peaks are kept in sight for hours. The beautiful valleys of the Umpqua and Rogue Rivers, with their orchards of peaches, apples and other fruits are a delight in themselves. The crossing of the great mountain barrier between Oregon and California reveals the grandest mountain scenery in the United States. The wonderful turnings, twistings, and doublings of the railroad bring into view a grand array of towering mountains and profound gorges into which we gaze from dizzy heights, forest clad mountain slopes stretching up to the line of perpetual snow, and the foaming mountain streams dashing fiercely down deep canyons, now and then stopping for a short rest in some quiet pool. After a days enjoyment of old Mt. Shasta, the finest peak on the continent, we drop rapidly down the canyon of the Sacramento Valley in California, and thence through vineyards and orchards to San Francisco.
