A Minister's Mistake
A city minister was recently handed a notice to be read from his pulpit. Accompanying it was a clipping from a newspaper bearing upon the matter. The clergyman started to read the extract and found that it began: "Take Kempe Balsam, the best Cough Cure." This was hardly what he had expected and after a moment's hesitation, he turned it over and found on the other side the matter intended for the reading.

Wants a Flouring Mill.
A reliable party from the east, (an old personal friend of THE JOURNAL MEN) who is greatly pleased with the William valley, here looking about for a flouring mill location, and if the right kind of an offer were made, another good man can be secured for Oregon. He has the experience and capital.

KEEP YOUR HEAD UNCOVERED.
The Constant Wearing of a Hat Propagates Dandruff Germs.

There are many men who wear hats practically all the time, and who are blessed with a heavy shock of hair; yet if the scalp of these same men once became infested with dandruff germs, the parasites would multiply all the quicker for lack of air. Baldness would ensue as the final result. Newbro's Herpicide kills these germs and stimulates unhealthy hair to an abundant growth. Herpicide is a pleasant hair dressing as well as a dandruff cure and contains not an atom of injurious substances.

Why Not
take your meals at the best place in the city? The St. Elmo Restaurant cannot be beat for good meals.

Wm. Hamburg, the imperial consular shoemaker next to the JOURNAL office, knew Prince Henry and his elder brother well when the pair of princes attended at Kassel, and he is a little afraid the Prince must have had katechism this morning.

PERSONAL MENTION

Gilbert-Huggins Wedding.

The marriage of Miss Kathryn Gilbert of this city to Mr. Henry H. Huggins of Los Angeles, California, was solemnized Monday night, Feb. 24, 1902, at the residence of the bride's parents, Mr. and Mrs. A. T. Gilbert on Front street. The wedding was attended by a number of the relatives and most intimate friends of the contracting parties. The opening of the ceremony was a beautiful contralto solo, "Because I Love You, Dear," sung by Mrs. Clara Edward Farnsworth, of Portland. After the song she played the wedding march, and the presiding clergyman, Rev. Wm. Conroy of St. Paul's church of this city took his position in the drawing-room, gowned in the Episcopal robes.

Following him came Mr. Huggins and his best man, Mr. J. C. Lindsay of Portland. Next came the bridesmaid, Miss Alice V. Meyer. She was dressed in white and carried a basket of violets. Miss Gilbert then appeared, supported by her father; after the ritualistic service, the bride and groom knelt and received the benediction of Rev. Conroy. The bride was gowned in a beautiful white crepe, elaborated with classic lace and carried bride's robes.

During the marriage service the bridal party stood before a large round window which was framed with amilax and violets, from which was extended a lover's knot of white ribbons. The hallway was decorated with Oregon grape, brightened with graceful carnations. In the parlor the decorations consisted entirely of handsome Katherine Marnet roses. In the dining room fragrant Parma violets combined with amilax made an especially beautiful scene. Ropes of it were suspended from chandeliers to the corners of the table, which was further adorned with huge bows of violets.

The wedding was a quiet but most happy and brilliant one. Many elegant gifts were received from the friends of the parties, who embrace a wide circle. Mr. and Mrs. Huggins took the night train for San Francisco, and will make their future home in Los Angeles. The bride is the only daughter of Mr. and Mrs. A. T. Gilbert of Salem, and has spent the greater part of her life here. She is a beautiful and highly accomplished young lady, and her departure will be sadly noted among the society circles of the capital city.

The groom is now the state representative for California of the Northern Pacific R. R. company. Prominent among the guests present were Mr. and Mrs. Thos. Huggins of Tacoma, Mrs. F. A. Spencer of Portland, Mrs. J. O. Thomas of Portland and Mrs. Clara Edward Farnsworth of Portland.

Miss Shirley at the Grand
The Shirley company presented "The Young Wife" Monday night at the initial appearance of a week's engagement at the Grand Opera House. The play and the music delighted all who were present, as being clear, strong and dramatic in all its situations. Miss Shirley as Ethel Douglas pleased all her old friends at Salem who were present and by her personality largely overcame the defects of a not strong melodrama. Tom Loftus in the countryman was at his best and taught the lessons that all young boys and men need to learn, of the dangers that beset them on entering city life, with greatest cleverness. Mr. McQuarry who is an old favorite with Salem theatre goers played the lead as Clarence Douglas with great force and fine promises of becoming a greater actor. The four specialties were most attractive features and consisted of songs by Misses Brisac and Adams, Mr. Loftus, and Little Verma Felton, which were well received and heartily encored. Taking it, all in all, it was a most pleasing performance, and promises to realize the anticipations of the Salem theatre-goers who are looking forward to a dramatic entertainment every night that will be worthy of being witnessed by our most critical audiences. Tonight the company presents a war play "For Fair Virginia," with new specialties.

A Salem-Pasadena Wedding.
The wedding of Miss Edith Sroat, a former Salem girl, to Mr. John Calvin Ross, of Pasadena, Cal., is announced to take place at the home of the bride's mother, Mrs. G. L. Sroat, in Pasadena, on Thursday, March 6. Miss Sroat is well known in Salem, where for several years she made her home, moving to the Golden State about 1895. Mr. Ross is a young business man of Pasadena.

CHRONIC DIARRHEA

Catarrh of the Bowels

How This Annoying and Weakening Disorder May Be Cured.

The bowels are lined by mucous membrane that is very much like the lining membrane of the nose. Frequently catarrh attacks this mucous membrane lining of the bowels and a discharge results that is known as chronic diarrhea. Intestinal catarrh or catarrh of the lining membrane of the bowels and is quite a prevalent disease, being especially common among men who have seen active service in the army where the many changes of drinking water, the food, and the frequently bad condition of both, together with exposure incident to the varying conditions of camp and march bring about repeated attacks of acute diarrhea that leave the lining of the bowels weak, irritable and predisposed to catarrh—just as repeated colds in the head predispose to chronic nasal catarrh.

Catarrh is a constitutional disease, it is in the system but finds vent or expression through a skin. In the outside or covering skin it is known as eczema, which disease is simply catarrh in the outside skin. When catarrh finds vent through the mucous membrane or lining skin of the various cavities and passages of the head it is most commonly called catarrh. When catarrh affects the mucous membrane or lining skin of the air tubes leading to the lungs it is usually named bronchitis. When catarrh gets vent from the lining skin of the female pelvis organs it is spoken of as leucorrhoea, whites and female weakness. And so on, when the lining skin of other organs are affected a distinctive name may be given to the ailment but it is just as systemic catarrh finding a local expression and vent, and a systemic remedy that will cure catarrh in one part and under one name, will cure it in any other part under some other name.

Stuart's Catarrh Tablets will cure systemic catarrh, they cure it in the blood, therefore they cure its local vent or expression anywhere and everywhere. Eczema (catarrh in the skin), rhinitis (catarrh in the nose); bronchitis (catarrh in the air tubes); gastritis (catarrh in the stomach); diarrhea (catarrh of the bowels); cystitis (catarrh of the bladder); leucorrhoea (catarrh of the female pelvic organs); and all other catarrhs of whatever distinctive name or where ever located about the body, are cured by this sovereign remedy for systemic catarrh.

Cut off the fountain head and all streams it feeds go dry. Cure catarrh in the blood and there will be no local vent, expression or manifestation of it. The reason Stuart's Catarrh Tablets are credited with curing so many variously named diseases is because all these diseases are simply local expressions or vents for catarrh. Stuart's Catarrh Tablets are a reliable specific for catarrh under all names and in all parts; they are not a cure-all and a disease to be cured by them must be an expression of vent for catarrh.

Chronic diarrhea, being a vent for catarrh through the mucous membrane or lining skin of the bowels, is readily cured by Stuart's Catarrh Tablets because they cure the catarrh in the system and there is nothing to find vent through some skin or mucous membrane. Stuart's Catarrh Tablets are sold at all drug stores for 50 cents a box. If you have catarrh of any part, in any form it will be prudent, wise and advantageous to make it your first duty to buy and take them for they cure catarrh anywhere and everywhere.

STRIKERS QUIETING DOWN

Barcelona Becoming More Tranquil.
Madrid Disturbances Also Almost Done.

BARCELONA, Feb. 24.—Everything is quiet here today and the newspapers reappeared this morning. Two men who were suspected of exploding dynamite bombs on Sunday were arrested. The strikers attempted to rescue them but the police drove them off with revolvers, killing several.

MADRID, Feb. 24.—A conference of miners in session here tonight discussed means of sustaining public order. The situation is greatly improved. The labor societies here have declined to join the strike. Official telegrams declare that order prevails everywhere in the provinces. More troops have been drafted to Barcelona, but it is hoped that the worst of the trouble is now over.

The strikers at Barcelona have demanded payment in full of their wage for the past week. The employers have refused these demands, except in a few cases, where they were acceded to in the hope of conciliating the men. Following the advice of the Captain-General, many factories of Barcelona have agreed to restart their fires, though it is doubtful if the men will resume work. The refusal of the authorities to liberate the arrested strike leaders is causing resentment. Isolated riots are still reported.

At a village near Barcelona, some men were arrested for experimenting with explosives. One of these men fired on the police and a fight ensued in which one policeman and one workman were killed and two men wounded. At Pedrales, two strikers were killed in a conflict with the police.

The Hamilton Cream Separator

Manufactured by A. J. HAMILTON & SON, Salem, Oregon.
\$4.00 size, from 2 to 6 gallons milk capacity.
\$5.00 size, from 3 to 15 gallons milk capacity.

Recommendations.
Elms, Wash., Sept. 30, 1901.
Messrs. A. J. Hamilton & Son, Sir: My brother Mr. Geo. Hines, of Portland, sent me a separator through Mrs. Craig. One of our neighbors here, who has seen the working of it wished me to write and tell you that he wishes one as soon as you can possibly send it. We think it one of the finest separators, ever invented. I would like to say they are just the thing. Hoping to hear from you soon, I remain, Respectfully,
Mrs. HELEN REDDALL, Elms, Wash.

Aumsville, Ore., Feb. 19, 1902.
Messrs. A. J. Hamilton & Son, GENTLEMEN: I have used one of your separators, manufactured by you for the past year, and find it to be first-class in every respect. No loss of cream, easy to clean, and no work to run, make it far ahead of anything I have ever tried. Very Respectfully Yours,
E. L. POWERS.

Salem, Ore., Jan. 2, 1902.
I have used the Hamilton Cream Separator for nine months. I made one pound of butter more in two days with the separator than I did in two days from pans from the milk of four cows, and a much better quality of butter.
E. A. HARRIS.

Salem, Ore., Feb. 6, 1902.
Mr. A. J. Hamilton: I have been using one of your separators manufactured by you for nearly one year and find it all that you recommend and even more. It separates all the cream from the milk and there is no waste whatever. I would not do without it as it saves three-fourths of the labor in making butter than by any other process, and besides it is so simple in construction that it cannot get out of order. Any woman that makes butter even if from one cow would not do without your separator after having given it a fair trial. Yours,
Mrs. D. W. CRAIG.

Notice is hereby given that sealed bids will be received at the office of the County Clerk for the County of Marion, Oregon, for the delivery of the following described wood at the Court House in said County not later than Sept 1st 1902. Forty cords of grub oak wood; said wood is to be not less than three nor more than six inches in diameter. Thirty cords of body fir wood cut from sound, green timber that is easily split, and also thirty cords of large second growth wood to be full four feet in length, straight and closely trimmed.
