HOP MEN MAKE A STRIKE
Oregon Men Who Sent Product to London Will Reap a Harvest.
 A Salem special says: Oregon hop-growers who pooled their product and sent it to London scored a stroke of finance. Several thousand bales were collected by M. H. Dorst, who agreed to return to growers all the money received above 14 cents per pound. As the London market is much above that figure and is tending higher, farmers who went into the pool are much more fortunate than their neighbors, who were content with 10 cents and less per pound cash. Mr. Dorst writes from London, February 9:
 "Although the English crop for last season was a phenomenal one, the choicest grades of Oregon hops brought 15 and 16 cents in London, and are selling for equally as much here today.
 "It is also a fact beyond dispute that considerably better prices would have been paid by many English brewers for choicest Pacifics, except for the multitude of low offers from sellers on the Coast, which flooded the Borough during the months of October and November last. There is nothing to be gained by recriminations. Hopgrowers, like other people, must pay for their experience. But it will be deplorable if they do not profit by experience, for which they have paid so dearly.
 "I am sorry to learn that many growers are entering into contracts to sell their 1902 crops, or parts of them, on a basis of 10 and 11 cents per pound. How can growers ever expect to get fair prices for their crops, when many of them, so early in the season as January or February, contract to sell their ungrown hops at prices which little more than cover the cost of production? Contracts when made in considerable quantities fix the market prices for the coming crop.
 "No grower can expect to get 14 cents for his hops in September and November if a large number of his neighbors have already sold their hops for 10 and 11 cents per pound, unless there is an extraordinary shortage in the production. Such a shortage is not likely to occur, because hops are now kept in storage for two and six years, without great deterioration in value.
 "Cold storage will prevent excessive prices such as we used to have in the old days, but there is no reason why growers should not each year secure paying prices for choice hops.
 "Growers should co-operate to discourage low contracts, and, as far as possible, to keep their hops from being sold until they are actually produced, and ready for market.

Asland Oil Operations.
 The Southern Oregon Oil Company's well reached a depth of 1830 feet yesterday, the length of the company's cable, and operations have been suspended for the present.
 A telegram was sent to San Francisco ordering a cable shipped immediately but the reply came that the cable must first be manufactured.
 Recently the drill has passed through 20 feet of hard blue lime, then through 22 feet of shale and is now in sand formation.
Reception by President Coleman.
 Despite the exceedingly inclement weather, a large number of students, officers and friends of Willamette University attended the reception given Tuesday evening by President Coleman. The affair was entirely informal. A short literary and musical programme was rendered, and brief addresses were made by General W. H. Odell, president of the board of trustees, and President Coleman. Ice-cream and cake were served, and the remainder of the evening was spent in social conversation.

Advantage of Tax Rebate
 The taxpayers of the state appreciate the advantage of securing 3 per cent rebate on their taxes, as shown by the many who are prompt in their payments.
 The tax collector's office here is constantly filled with people during the entire day, who are taking advantage of the rebate.
 As an example of what the rebate will mean in a few cases, the taxes assessed to A. Bush, the largest taxpayer in Marion county, is given. On the rolls the amount assessed to him aggregate \$6472.02; the rebate reduces this sum to \$6277.56.
 During the three days the books have been open, the payments average almost 100 daily.
REBATE IF YOU PAY TAXES BEFORE MARCH 15
Law Passed in 1901 that Tax Payers Should Read Carefully.
 The sheriffs of several counties have issued the following circular and caused its general circulation. Taxpayers may well pay heed to its subject matter:
 1. If you pay your taxes before March 15 you will be allowed a rebate of three per cent.
 2. If you pay your taxes between March 15th and up to and including the first Monday in April, there will not be any rebate allowed and neither will there be any penalty or interest added.
 3. If your taxes are not paid on or before the first Monday in April, then they will become delinquent, when they will be added a penalty of 10 per cent, and the tax will also draw interest at the rate of twelve per cent per annum in addition to the penalty.
 4. If you pay one-half of your taxes on or before the first Monday of April, then the remaining half may run up to and including the first Monday in October following, but if the last half of the tax due is not paid by the first Monday of October, it becomes delinquent, and there will be added to such balance a penalty of ten per cent, and in addition such balance will bear interest at the rate of twelve per cent per annum from the first Monday of April until paid.
 5. On all personal property taxes, if one-half is not paid on or before the first Monday of April, the law compels the sheriff to levy upon and collect the same after May first, hence to prevent a levy upon personal property after May first, it will be necessary for one-half to be paid as above stated.
 6. The law compels the sheriff to sell all lands upon which taxes have not been paid, and such sale shall be held not later than March 1st of the year succeeding the year for which the tax levy was made.
 The property will be sold to the person bidding the lowest rate of interest,

Marion County Circuit Courts
 Department No. 1.
 In the suit brought by T. M. Hurd for judgment against Ilma B. Hurd and husband Dr. E. M. Hurd, the motion of the defendant, Ilma Hurd to make the complaint more definite and certain was overruled. This suit is to enforce the payment of certain claims against Ilma B. Hurd which were assigned her father-in-law, T. M. Hurd, by several stores of this city, all being for goods purchased. R. J. Fleming represents the plaintiff and M. C. Athey and John Bayne the defendant.
 The suit of the Harry Una Company of San Francisco against D. A. Holman, for money will be answered March 3 at 9 a. m.
 The case of W. H. Wehrung et al.—the State Board of Agriculture against R. T. Douhan and his sureties on the contract for construction of certain buildings at the Fair grounds, will be heard on March 5.
 The adjourned term of department one was set for June 3.
 Department No. 2.
 A suit for foreclosure of mortgage was commenced in the circuit court. The plaintiff is Charles Scott, executor of the estate of Robert H. Scott against the Oregon Land Co., Breyman Clark et al, sixty in all. The land company mortgaged a certain property to Robert Scott in 1893, for \$55,140.
 The land comprises 2170 acres in Marion and Clackamas counties. An agreement was also made by which the land could be purchased by the defendants at a certain agreed price. The agreement on the part of the defendant was never met. It is therefore asked that the mortgage be foreclosed and that the property be sold and applied to the satisfaction of the mortgage, and that each of the defendants be foreclosed from their interest in the property. W. H. and Webster Holmes are plaintiffs' attorneys.
 The equity department of the circuit court convenes next Monday, with 35 cases on the docket. The most prominent cases are as follows:
 J. A. Baker vs. Williams & England Banking Co., receivership.
 Tilmon Ford executor v. A. T. Gilbert et al accounting. In the case the attorneys are W. M. Kaiser for Ford and for the defendants Calk & Calk, W. T. Slater, Brown & Wrightman, J. H. and C. L. McNary.
 D. B. Steeves et al v. Willis Bros & Co., accounting.
 W. K. Allen et al v. Allen Packing Co., accounting.
 Ethel Nolt v. Williams & England Banking Co.
The Flag Trouble.
 The flag hoist over the Ladd & Busch bank, February 22, still flies and has defied all efforts at hauling it down. A force of the electric light men tried their hand, but with no avail. It may remain as long as Prince Henry stays in the country.

Death of Mrs. Stephens.
 Mrs. Mary Jane Stephens, aged about 50 years died at the Florence Sanitarium at 1:45 o'clock yesterday afternoon, after a serious surgical operation had been performed. Mrs. Stephens whose maiden name was Myers, was a native of California and was married to W. W. Stephens—who preceded her to the grave on Friday, Nov. 15, 1901—at Santa Cruz, California, on April 17, 1872, and came with him to this city directly afterwards and has resided in and near Salem continuously since.
 A number of children blessed the union, six of whom survive her, and deeply mourn her demise, as follows: Mrs. Mary L. Ryan, Mrs. M. L. McIntyre, William W. Stephens, Jr., of Tacoma, Washington; James S. Stephens, Anna F. Stephens, and Lizzie F. Stephens, all of whom reside near this city.
 The funeral of Mrs. W. W. Stephens was held at 2:30 o'clock this afternoon at the family home in North Salem. Interment was in the Odd Fellows' cemetery.
