Crippled and Many Years an Invalid

To whom these presents shall come, Greeting.

About fourteen years since at nine years of age I met with an accident which caused an injury to my spine and pelvic bone which resulted in the formation of humped shoulders and hip, a shortening of the waist and displacement of internal organs, and shortening of about two inches of one limb between the knee and hip. In addition to the outward appearance of my body as above described in March 1900 I was taken with a severe attack of La Grippe from the effect of which I suffered greatly with my lungs and heart, and when in May 1900 I came to and began treatment with Dr. J. F. Cook my condition was about as follows:— Could perform no manual labor, could not stoop to pick anything from the floor. Could get about the house only with difficulty, and getting up stairs was next to impossible. Could use my limbs only with difficulty and one of them was much wasted. My nervous system was badly wrecked. Had cough and severe pain on lungs and heart, no appetite, could sleep only in broken spells, and in many ways suffered almost constant and indescribable agonies. In short I was as much dead as alive. Previously to my attack of La Grippe I was treated over a period of years by many physicians to no effective purpose.

My personal appearance at this time is straight in the back as anyone. My wasted limb restored to normal size and but little more than half an inch shorter than the other. Have free use of my limbs and can go up stairs one foot after the other with perfect ease. My waist is lengthening. Can stoop to the floor with ease, Can get about and do pretty much any and everything other well people can do.

My appetite is splendid; sleep soundly and am absolutely free from pain.

Having lived in Dr. Cook's family for nearly a year I have seen much of the effect of his treatment upon others, and can truly and cheerfully recommend the Doctor and his medical skill to all in any way afflicted.

The Doctor's treatment in this case was wholly confined to his Botanical Remedies, constitutionally administered. No resort to the use of knife, mechanical appliance or other method of treatment being employed

DAWSON ROBBER CAUGHT

A Big Struggle for His Capture.

VANCOUVER, B. C., Feb. 28 —A dispatch from Dawson says:

William Brophy, the short man of the Dominion Creek hold-up, for whom a $500 reward was offered by the Government, was captured last night at a roadhouse eight miles from Dawson on Bonanza Creek, by four members of the Northwest mounted police. He carried a rifle but had no chance to use it, as the police jumped him from behind. In the scuffle Brophy was shot, but not seriously. He was brought to jail this morning. All three men connected with the robbery, Tomerlin, Brophy and Harris, are now in jail. Brophy held up a man on Bonanza four nights ago, robbing him of four ounces of dust, and it was the description given by this victim, that his whereabouts were fixed.

PRINCESS NARROW ESCAPE

She was Nearly Killed by a Stallion.

NEW YORK, Feb. 28.—The Princess of Wales has had a narrow escape at the Shire Horse Show, says a Herald dispatch from London. The winning stallion, Hoxton Tom, was being led down the ring and the royal party was leaving the enclosure. The cheering scared the animal, which got almost beyond control. The groom made a dash for the exit, through which the Prince and Princess and members of the royal party were just about to pass. They appeared totally unaware of the danger until the shouts of warning from all parts of the building attracted their attention. Then the Princess, who was next to the animal, realized her danger.

The groom managed to pull the animal to one side as it dashed past the royal party, missing her royal highness by a very few feet.

HENRY GONE SOUTH

Prince Reviews Cadets at Annapolis.

WASHINGTON, Feb. 28.—Prince Henry add his party left Washington for Annapolis, Md. shortly before noon.

The party departed in a heavy rain. The Prince was accompanied by Secretary Long. Senator Hale, Congressman Foss, Admirals Kenney, Endicott Oneill, Bowles, and Bradford, and Commander Cowles, Captains Lemley, Sigsbee, General Ceywood of the Marine corps, and Secret Service Chief Wilkie.

ANNAPOLIS, Md., Feb 28.—While Prince Henry and his party arrived here a drizzling rain was falling, but that did not mar the enthusiasm of the reception given the royal visitor. The party was driven from the train to the parade grounds where the cadets were lined up. The Prince found shelter under a temporary awning and watched the boys go through their evolutions. He seemed greatly impressed with their work, despite the disadvantanges of slippery grounds and heavy rain under which they labored. After the drill all the buildings of the Naval Academy were visited.

After inspection the party took lunch at Commander Wainwright's house all the officers connected with the Academy and their wives being present. The function was entirely informal. After lunch the party left immediately for the train, a salute of twenty one guns being fired as the Prince emerged from the Academy gate.

L. Hill returned today from a visit from his homestead claim in Lincoln Co.

BOTHA HAS BEEN KILLED

Boers Suffer a Serious Check

Heavy Fighting With Byng's Column.

Dewet's Son Among the Prisoners.

LONDON, Feb. 28.—An official dispatch received at the War Office today reports a big fight yesterday between Cols. Ryminton and Byng's column a force of Boers. Maine Botha, the Boer leader was killed, and thirtyfive dead left on the field. A hundred horses were killed, and sixty hundred cattle captured. Among the prisoners taken were General Dewet's son, commandants Meyer and Truther and several field cornets.

The scene of the fight was between the Wilger river and the Natal frontier. The fighting was at close quarters, the Boers attempting to breaking through the British lines and as usual driving a herd of cattle in front of them. Two smaller attempts by Boers to break away succeeded.

BOERS FOUGHT BRAVELY

Details of Fierce Clash With British.

LONDON, Feb. 28.—An attempt made by the Boers to rush the outpost line near Bothasberg, Transvaal Colony, during the night of February 23, reported in General Kitchener's dispatch yesterday, was most determined. The Boers were led by two well-known fighters—Ross Hands and Manie Botha. When the Boers realized that their attempt actually to break through the wire fences was frustrated they crouched beside the cat- which the ground was thickly strewn, and from that defense poured a heavy fire on the British troops. The fusillade was returned, and finally the Boers were driven back, leaving 15 dead and six wounded on the field.

They left also 160 dead or wounded horses and the entire herd of 6000 head of cattle.

Hair Falls

It doesn't take much of Ayer's Hair Vigor to stop falling of the hair. This is because it is a regular hair-food, feeding and nourishing the hair and making it grow thick and heavy. It always restores color to gray hair—all the dark, rich color.

"I have used your Hair Vigor, off and on, for 30 years. I am now over 60 years of age, have a good head of hair and not a single gray hair."
