State of Oregon, in Salem, Ore, Aug 24, 1901. County of Marion.

Crippled and Many Years an Invalid. About fourteen years since at nine years of age I met with an accident which caused an injury to my spine and pelvic bone which resulted in the formation of humped shoulders and hip, a shortening of the waist and displacement of internal organs, and shortening of about two inches of one limb between the knee and hip. In addition to the outward appearance of my body as above described, in March 1901 I came down with a severe attack of La Grippe from the effect of which I suffered greatly with my lungs and heart, and when in May 1901 I came to and began treatment with Dr. J. F. Cook my condition was about as follows:—I could perform no manual labor, could not sleep to pick anything from the floor, could get about the house only with difficulty, and getting up stairs was next to impossible. Could use my limbs only with difficulty and one of them was much crippled. My nervous system was badly wrecked. Had constant and severe pain on lungs and heart, no appetite, could sleep only in broken spells, and in many ways suffered almost constant and indescribable agonies. In short I was as much dead as alive. Previously to my attack of La Grippe I was treated a period of years by many physicians to no effective purpose.

WOMAN'S STRANGE FREAK.

She Posed as a Lake Fisherman all Winter.

BAY CITY, Mich., March 3.—Thirty-five men, one woman and a team of horses escaped from a big ice in Saginaw Bay to the shore at Big Creek, Tuscola County, today. The woman had been living on the ice all winter, her sex being unknown to the men. She was mannish in appearance and wore complete male attire with trousers tucked in her boots. Her sex was discovered when the party was making an effort to get ashore. The men proposed swimming to shore if it became necessary. The woman demurred, and after some questioning, she admitted her sex. She had been backward about visiting among the other shanties on the ice all winter, preferring the seclusion of her own hut. She said she had gone upon the ice partly for the excitement, and partly for making money catching fish.
