## KNOX IS AFTER THE RAILROADS

### Attorney General to Start Proceedings

### Against Persistent Violators of the Law.

### Congressman Drops Dead—Other Items.

WASHINGTON, March 5.—It is expected that Attorney-General Knox will shortly institute injunction proceedings against certain railways which have been charged by the Interstate Commerce Commission with persistently violating the law prohibiting rate pooling, cutting, and rebates. The idea is to get a judicial ruling on the matter.

**Dropped Dead.**—Congressman Rufus Polk, of Pennsylvania, dropped dead in the Hotel Walton, Philadelphia, this morning.

**Long's Retirement.**—The date now set for Long's retirement from the Cabinet is now known to be May 1, though no formal announcement has yet been made. Representative Foss, of Illinois, is now most favorably mentioned as his successor.

## NORFOLK IS MOB RIDDEN

### Great Strike in the Virginia City.

NORFOLK, Va., March 5.—A mob of 500 strike sympathizers today held the streets of Norfolk on which the main line of the Norfolk Railway & Light Company's cars are run last night, and the police were unable to cope with it from noon until after dark, when the cars, which were guarded by detachments of military and had run with difficulty all day, were hoisted in the bars. Cars were repeatedly derailed, wagon-loads of stones were piled on the tracks, and free fights between the military guards and the crowd occurred at frequent intervals.

In one difficulty, a Sergeant ran a bayonet into the arm of H. H. Harmansef, a barber. Mrs. Harmansef, who was standing by her husband at the time, knocked the Sergeant to the ground with both fists and discolored the face of Lieutenant E. R. Gale, who was near her. Several soldiers were struck by missiles thrown through the windows of cars. A number of arrests have been made both by the police and military.

Eight companies of militia are on guard. The police force of 100 men has been on duty for 48 hours, and is unable to meet the emergency.

Martial law was declared in Norfolk in the morning. Four more infantry companies from Emporia, Suffolk, Smithfield and Franklin, making the entire Seventy-first Regiment, have been ordered out.

The strikers last night cut a mile of trolley wire in the city. The troops are now guarding the power plant. A detachment of a Newport News company is a duty.

## THOUSANDS OF IMMIGRANTS SEEKING HOMES IN THE WEST

### Are Already Pouring into the State of Washington—One Thousand Arrived Today.

### The Railroads Anticipate a Remarkable Rush—New Comers Buying Wheat Lands—the First Wave Has Struck Salem.

TACOMA, Wash., March 5.—The first train of home-seekers taking advantage of the reduced rates, arrived here last night. Today over one thousand immigrants reached Western Washington. The railroads state that an immense traffic will be carried on for the next six weeks. All the available wheat lands of Eastern Washington are being rapidly purchased.

Many of the immigrants, who are almost entirely of the class who have money where-with to purchase homes, express their intention to use the privilege allowed them by the recent orders of the railroads and will continue their journey throughout the states of Oregon and Washington, many of them taking in the entire country as far south as the limit of their transportation to Ashland, Ore.

The fame of the fertile Willamette and other valleys of Oregon will draw thousands of new-comers. This, it is said by the railroad people is but the first wave of the tide of immigration which is expected to far exceed any of recent years.

The advance guard of about ten families landed at Salem last night and have been busy today seeking new homes in all directions.

## TRUST MAGNATE IS DEAD

### Head of the Oyster Trust Succumbs.

CHICAGO, March 5.—Alfred Booth, head of the A. Booth Packing Co., sometimes called the Fish and Oyster Trust, died this morning of hardening of the arteries. Two sons survive him. He leaves an estate valued at several millions.

## NORDICA NEATLY WORKED

### Kansas Men Best the Singer.

WICHITA, Kan., March 5.—Lillian Nordica sang to an audience of 2000 persons last night. An unique feature of the concert was the transmission of the music by telephone to various parts of the city, also to other cities, even to Kansas City. Transmitters the size of the ordinary telephone mouthpiece were placed among the footlights. Mme Nordica did not learn of the unheard arrangement for the telephone concert until a few minutes before singing the last number. She was indignant and almost refused to sing the closing selections.

## A Destroyer Sunk in a Fog.

DOVER, England, March 5.—It is reported that a British torpedo destroyer had been sunk in a collision during a fog in the English channel.

## HENRY GOING EAST

### Passed Through Cleveland This Morning.

CLEVELAND, March 5.—Prince Henry's special passed through here at nine o'clock this morning. The train made a five minute stop during which the Prince left the breakfast table to go to the back platform where he acknowledged the cheers of the crowd in the depot. There were no formal ceremonies.

PRINCE, Pa., March 5.—At Cleveland some excitement was caused by the frantic efforts of a middle aged man to board the train. The secret service men threw him back but as the Prince caught sight of him he said "Let that man come up." He was ushered into the Prince's presence and talked with him for several minutes. The man proved to be Peter Kapp, who was the Prince's valet twenty years ago.

## WIRELESS TELEPHONY

What a French Inventor Says He has Accomplished  
NEW YORK, March 5.—E. Ducrest, the French electrical engineer, has made the following statement concerning the system of wireless telephony which he has invented, says the Paris dispatch to the Journal and Advertiser:  
"The Academy of Sciences, to which my invention of telephoning without wires has been submitted, acknowledges its value. The transmitter and receiver are much like those in daily use for the ordinary telephone. There is this difference, that a small coil is introduced and the electrical intensity is slightly increased."

"When the instruments are put down deep in the earth, messages can be transmitted over enormous distances. Forests, rivers, mountains may separate armies, yet they can communicate with each other through the earth by wireless telephony."  
"Wireless telephone messages can be transmitted through sea from shore to shore or between ships. The voice is transmitted without the least difficulty, and the most delicate articulations reach the ear."

## SHOOTING COLONIAL TROOPERS

### Kitchener's Stern Methods With His Men.

NEW YORK, March 5.—A strange story is exciting much discussion among military men, says a London dispatch to the Tribune, although it has been kept out of both press and Parliament. It relates to alleged reprisals taken by Australian troops for Boer outrages in firing upon wounded and Draconian measures adopted by Lord Kitchener for enforcing discipline. It is stated that the Australian officers and men who took the lex talionis into their own hands were tried by court-martial and some of them were sentenced to be shot. Nothing has been obtained on the matter at London.

## DIGGING FOR DEAD BODIES

## I Coughed

It's the experience of every one. Sooner or later we all take cold. Colds naturally tend downward, that's the trouble. Ayer's Cherry Pectoral stops this downward tendency and quickly cures these early colds. Ask your doctor. If he says this isn't so, don't believe us. "I know from personal experience that Ayer's Cherry Pectoral quickly breaks up a heavy cold on the lungs."
