Prince Quite Worn Out

NEW YORK, March 8.—Prince Henry remained in his apartments at the Waldorf Astoria throughout the forenoon the natural reaction from the excitement of the journey having left him played out. He denied himself to all social and official callers.

The Prince was entertained at luncheon by Mrs. Ogden Mills this afternoon. He was escorted from the hotel to the Mills mansion by a squadron of cavalry, received in the reception room by his host and hostess, and conducted to the dining room and took his seat at the head of the table. The room was beautifully decorated. Among the guests were Assistant Secretary of State Hill, Gen. Corbin, Admiral Evans, Mrs. John Jacob Astor, Mrs. Alfred Vanderbilt, and J. P. Morgan.

This is to Certify

State of Oregon, ss. Salem, Ore., Aug. 24, 1900.
I, the undersigned, do hereby certify that the following is a true and correct copy of the original as the same appears in the files of the County of Marion, Oregon, to-wit:
Crippled and Many Years an Invalid
About fourteen years since at nine years of age I met with an accident which caused an injury to my spine and pelvic bone which resulted in the formation of lumped shoulders and hip, shortening of the waist and displacement of internal organs, and shortening of about two inches of one limb between the knee and hip. In addition to the outward appearance of my body as above described in March, 1900 I was taken with a severe attack of La Grippe from the effect of which I suffered greatly with my lungs and heart, and when I began to get better and began treatment with Dr. J. F. Cook my condition was about as follows:—Could perform no manual labor, could not stoop to pick anything from the floor, could get about the house only with difficulty, and getting up stairs was next to impossible. Could use my limbs only with difficulty and one of them was much wasted. My nervous system was badly wrecked. Had cough and severe pain on lungs and heart, and in many ways suffered almost constant and indescribable agonies. In short I was as much dead as alive. Previously to my attack of La Grippe I was treated over a period of years by many physicians to no effective purpose. My personal appearance at this time was straight in the back as anyone, who would have returned to school and had little more than half an inch shorter than the other. Have free use of my limbs and can go up stairs one block after the other with ease. My waist is lengthening. Can stoop to the floor and everything other well people can do. My appetite is splendid; sleep soundly and am absolutely free from pain.
Having lived in Dr. Cook's family for nearly a year I have seen much of the effect of his treatment upon others, and can truly and cheerfully recommend the doctor and his medical skill to all in any way afflicted.
The doctor's treatment in this case was wholly confined to his medicinal Remedies, constitutionally administered. We resort to the use of knife, mechanical appliances or other method of treatment being employed.

Lillian Rosenbaum has lived in this vicinity all her life years.
We, the undersigned, are personally acquainted with the above and cheerfully subscribe to the truth of the foregoing statement.

Predict an Irish Revolt
LONDON, March 8.—It is understood that the Cabinet Council which was called for yesterday has been postponed until next Tuesday, owing to the continued illness of A. J. Balfour, the First Lord of the Treasury, and the absence in Ireland of Earl Cadogan, Lord Lieutenant of Ireland. It appears to be generally expected that the Irish League will be "proclaimed," although George Wyndham, Chief Secretary for Ireland, is averse to such a strong measure. Mr. Wyndham, however, is not in the Cabinet, and his opinion is most likely to be overruled. The Irish leaders declare they will welcome such a movement, which would result, they say, in a revolution in the south of Ireland.

Montana Horses for the British.

REFUSES TO HELP THE BOERS

United States Can Do Nothing

Says Secretary of State Hay.

General Hughes on the Filipinos.

WASHINGTON, March 8.—Heinrich Mueller representing the Orange Free State called on Secretary Hay this morning and asked whether the United States could do anything to alleviate the condition of the Boers in the reconcentrado camps of South Africa. Owing to this Government's neutrality the Secretary said he was unable to offer the visitors any encouragement.

Gen. Hughes in his testimony before the Philippines committee this morning, said in referring to the outbreak of hostilities between the Americans and Aguinaldo's forces that the first shot was fired by an American. In answering the question as to the cause of the greater percentage of killed and wounded on the Filipino side, he said he always felt when fighting them as though he was striking a woman. They did not know the first thing about fighting and could not hit a stack of barns with a rifle. It was superstition more than bravery that caused them to hold their ground. They wore badges and charms which they fully believed would protect them from death.

Larceny Case Was Dismissed.
The larceny case against Peter Rasmussen, brought in Justice O'Donald's court has been dismissed. He was accused of stealing a cross cut saw from M. Christensen, both parties belonging on Howell Prairie. It was decided there is not sufficient grounds for the suit and it was dismissed by Deputy Dist. Attorney McNary.

Divorce Granted Chas. G. Steele.
A divorce was today granted Chas. G. Steele in his suit against Nettie Steele. He was also given a one-third interest in the property. The contest in the matter was really regarding the land, as his wife was willing for him to secure a divorce but wished to return the land.

A Correction As to Hops.
THE JOURNAL printed through mistake that the Perkins hops at North Yamhill had been contracted at fourteen cents. That was a mistake. Those hops were sold at that price, not contracted, and were of last year's crop.

EDWARD CALLED DOWN.
The British King is Sharply Rebuked.

LONDON, March 8.—There was a striking scene in the City Temple yesterday, when, during the course of his sermon the Rev. Joseph Parker, D. D., the minister, administered a pointed rebuke to King Edward, which was loudly applauded by the congregation.

Having alluded to public houses as "trappings of hell," Dr. Parker referred to the King's recent brewing of beer while visiting Lord Burton.

"Pray for me," said the divine, "that I may speak delicately, loyally. If the King brews beer, what can be wrong in the subject drinking it? What the King does is likely to be imitated by others. His Majesty is more than a man and must regard all questions from a kingly stand point. If the King goes to a Sunday concert, as he did recently, he deals a deadly blow to the Englishmen's Sunday. The King cannot attend a nonconformist place of worship, but he can go to a Sunday concert."
This remark called forth cries of "Shame!" and Dr. Parker continued: "If the King, who is the head of the church and defender of the faith, can violate the English Sunday, what can the people do but follow in his steps? I would rather give a great sum in gold than appear to be disloyal; but I cannot be disloyal to Christ, and it is better that these things should be said."

Multnomah Election Officials Decline.
PORTLAND, March 8.—Out of a total of 766 judges and clerks of primaries and election in Multnomah county, 274 have either declined to serve, or by not indicating their acceptance to the County Clerk have—or will today—become disqualified, and their places are thereby today vacant under the law. The list was prepared by County Clerk Swetland last night, and will be transmitted to the County Court today. Judge Calk said yesterday that if the names were available when the County Court meets this morning the selection of officials to fill the vacancies would be the first order of business. Many of the officials declining to serve are Democrats, and, of course, will be replaced with citizens of that political faith.

Disorder in Hungarian Diet.

Fight Over Strip of Land

The contest over the ownership of a small tract of land by William H. Egan and James Finney, occupied the attention of the court today. The land in involved is a narrow strip on the boundary line between the adjoining farms of the litigant containing 2.75 acres. Besides the possession of the property, a small amount for damages is asked by Mr. Egan for the defendant having raised grain on the land and torn down fences.

Twenty-five witnesses were subpoenaed for the case, one from Canyon City and one from Baker City being subpoenaed by telegraph, as was also the mileage and per diem, to insure their attendance.
