Crippled and Many Years an Invalid

To whom these presents shall come, I, the undersigned, do hereby certify that I met with an accident which caused an injury to my spine and pelvic region, resulting in the formation of lumpy shoulders and hip, a shortening of the waist and displacement of internal organs, and shortening of about two inches of one limb between the knee and hip. In addition to the outward appearance of my body as above described in March 1900 I was taken with a severe attack of La Grippe from the effect of which I suffered greatly with an inflamed heart, and when in May 1901 I came to and began treatment with Dr. J. C. Ayer's Sarsaparilla. My nervous system was badly wrecked. Had cough and severe pain on lungs and heart, no appetite, could sleep only in broken spells, and in many ways suffered almost constant and insupportable agonies. In about 11 weeks I was so much healed. Previously to my attack of La Grippe I was treated over a period of years by many physicians to an ineffective purpose. My personal appearance at this time is straight in the back as anyone who has watched him restored to normal size and but little more than half an inch shorter than the other. Have free use of my limbs and can get up stairs one foot after the other with perfect ease. My weight is lengthening. Can stoop to the floor with ease. Can get about and do pretty much any and everything other well people can do. My appetite is splendid; sleep soundly and am absolutely free from pain.

Having lived in Dr. Ayer's family for nearly a year I have seen much of the effect of his treatment upon others, and can truly and cheerfully recommend the Sarsaparilla, and his medicinal preparations of other kind of ailments being employed.

LILLIAN ROSENBAUM has lived in this vicinity about nine years.

We, the undersigned, are personally acquainted with the above and cheerfully subscribe to the truth of the foregoing statements.

L. ROSENBAUM, Father.
SUSAN HARRISON, Mother.
J. C. AYER, Jr., Physician.

Subscribed and sworn to before me this 24th day of Aug. 1900.

Helfield of Idaho Speaks in the Senate.

WASHINGTON, April 1.—The committee appointed to investigate the charges of bribery of congressmen in connection with the sale of the Danish West Indies are taking testimony this morning. The first witness was Nella Gron, who brought the alleged translations of Captain Christmas's report to Chairman Richardson. He said the members of the Danish Parliament read him a secret report, and that he came to the United States in the interest of a person opposed to the sale of the islands. It was the intention to bring the matter before Roosevelt, so that the appropriation required to consummate the sale could be stopped. The papers were taken to Hay, who sent them back with the word that the State Department could take no action.

The administration having refused to take up the matter, Gron was compelled to give the story to the newspapers. He explained that he had requested Richardson to place the matter before the House.
