## WILL OF WONDERFUL MAN

### Rhodes Bequeaths His Vast Fortune

#### To Educational Purposes—Founds Two Scholarships

#### For Every State and Territory in the Union.

LONDON, April 5.—The afternoon newspapers discussed at great length Rhodes' amazing educational request, and see in it a magnificent bid for the friendship of the United States.

The Will in Brief.  
LONDON, April 5.—The will of Cecil Rhodes provides for the establishment of colonial scholarships, as previously announced, and two American scholarships to each of the present states and territories of the United States. The will of Mr. Rhodes also provides for five scholarships for students of German birth at Oxford, to be nominated by Emperor William, and commenting on the bequest of Mr. Rhodes, in a codicil telegraphed from South Africa, said:

"For a good understanding between England, Germany and the United States will secure the peace of the world, and educational relations form the strongest ties." Regarding the South American scholarships, Mr. Rhodes said:

"Whereas, I desire to encourage and foster an appreciation of the advantages which I implicitly believe will result from a union of the English-speaking peoples throughout the world, and to encourage in the students of the United States who will benefit by these scholarships an attachment to the country from which they have sprung, but without, I hope, withdrawing them or their sympathies from the land of their adoption or birth.

Of the magnificent bequest William Stead says:

"The will of Cecil Rhodes is in every respect worthy of its author. With the exception of some family estates in this country, the whole of which is left to his only relatives, Mr. Rhodes has dedicated his wealth in diamonds and gold mines to public uses. His disposition is dictated by what was ever the dominating principle of his life.

"What renders this will of exceptional interest to Americans is the fact that it reveals for the first time under his hand and seal that he was no mere British imperialist, but that he was essentially a citizen of the United States, of the English-speaking world."

A Curious Provision.  
LONDON, April 5.—Another extraordinary feature of Rhodes' will developed today. Lord Rosbery, Earl Grey, Lord Milner, Alfred Beit, D. S. Jameson, L. L. Micell and B. Hawkes are executors and residuary heirs of the estate. They will divide more than a million pounds. The curious feature is that as each legatee dies, his share goes to the common fund, until the surviving legatee becomes the sole legatee.

## CONGRESS WILL BE BUSY

### Payne's Cuban Bill Will Be Debated

#### With Chinese Exclusion in the Second Place

#### Latter Will Occupy Senate--Other Items.

WASHINGTON, April 5.—Next week promises to be a banner week in the House. The program contemplates a discussion of the Payne reciprocity bill, and the attempt is to be made by the Democrats to amend the bill so as to open the subject of tariff revision, but the chairman will rule all such amendments out of order. Some of the beet sugar Republicans will seek the adoption of amendments also, wishing a differential on refined sugar, but, of course, the procedure will be the same. If there should be any spare time during the week the Chinese exclusion bill will be taken up. This measure will occupy every afternoon in the Senate next week. An unusually large number of Senators desire to make speeches on this measure, and even the friends of the bill can scarcely expect to reach a vote on it during the week. The impression that the Senate's action on the question will be confined to an extension of the laws now on the statute books is growing.

Senator Fairbanks spoke at great length on exclusion, detailing the history of the restrictive laws of America, and stating that the bill before the Senate was not a departure from a well settled policy of the government. It was necessary to maintain high wages for labor, and the admission of Chinese would undoubtedly lower wages. The government would be recreant to the high trust committed to it should it enter upon a policy which would undoubtedly lower the standard of our civilization. Our first care must be for our own people, and the country must beware of the surplus of labor. The serious objection to the Chinese is their general disregard of the home relations which unite the republic. The exclusion laws should be stringent and effectively administered.

An interesting colloquy arose at the conclusion of Fairbank's remarks. Gallinger thought certain provisions in the pending measure would violate the existing treaty. Lodge and Hitchcock denied the charge. Gallinger took Hon. John F. Foster as his authority. Penrose charged that Foster was an accredited agent, orally, of the Chinese government. Gallinger expressed surprise. He declared that if any existing treaty were violated, he could not support the measure, even if his own state demanded it.

Exclusion in the House.  
WASHINGTON, April 5.—The house today resumed the consideration of the Chinese exclusion bill.

Boers Lost Heavily.  
PRETORIA, April 5.—The Boers admit their casualties in the Vreukuil fight amounted to 137.

## MUNICIPAL ASSEMBLY OF ST LOUIS IS ROTTEN.

### Grand Jury Report Shows Corruption is Rampant. Aldermen Were for Sale to the Highest Bidder. A Scale of Prices Was Fixed

ST. LOUIS, Mo., April 5.—The most startling report ever made by a St. Louis grand jury was returned this morning by the body which has been investigating the municipal hoodie scandal. True bills were reported for millionaires and members of the municipal assembly, who have been charged from time to time on charges of bribery and perjury. The report then recites that combines for the purpose of bribery exist in both branches of the assembly, and that in recent years few ordinances have been passed without the use of money. The assemblymen seem to regard bribery as a legitimate business occupation, and frequently receive from a hundred to a thousand dollars for a regular scale of prices for bribery has been discovered, and is existing in the assembly.

Among the true bills reported is one against Robert Snyder, a Kansas City millionaire, charged with offering a councilman \$50,000 for a vote on the traction bill. Geo. Kobusch, also a millionaire, is charged with perjury.

three on credentials. John Jeffrey moved a committee of five on permanent organization and order of business. F. W. Durbin moved a committee of three on apportionment of delegates to state convention.

A. L. Frazer moved a committee of three on resolutions. Wm. Ramsey amended to a committee of ten members.

One Democrat declared all resolutions should go to the whole convention. It savored of imperialism to send them to a committee.

Wm. Kaiser offered a resolution that no proxy be permitted unless held by a person residing in the precinct from which it was issued.

Mayor Tomlinson, of Woodburn, moved an exception in favor of proles from precincts not represented, and that such proxies be voted by a regularly elected delegate from the nearest precinct.

Geo. S. Downing moved that delegates present from any precinct cast the full vote of their precinct. All these motions seemed reasonable, and were adopted.

Committees Are Announced.  
Committee on credentials: Wm. Kaiser, Salem; John Ebner, Sublimity; J. Harding, Jr., Woodburn; Chas. Yanke, East Salem; S. Tomlinson, Woodburn.

On organization and order of business: J. A. Jeffrey, F. W. Durbin, J. A. Sellwood, Salem; Jas. Finney, Brooks; J. B. Dimick, Hubbard.

On apportionment of state dele-

## DEMOCRAT COUNTY CONVENTION

### Harmonious Gathering of the Forces

### Will Put Up a Strong Straight Hickory Ticket.

At 11:30 County Chairman W. S. Mott called to order and announced that \$45.45 unpaid bills were on hand to be met, and asked a collection before organizing. He said there was a Democratic deficit, and he wanted to retire as chairman with all bills cancelled; \$33.25 was raised.

F. W. Durbin, in a graceful speech, nominated W. E. Fisher, of Woodburn, as temporary chairman. John Jeffrey eloquently seconded the nomination. Chairman Fisher made a speech on taking the chair, predicting victory. It was in the air, he felt it in his bones, and with a clean ticket he predicted success.

Wm. Kaiser moved a committee of
