### MEN WITH MONEY ARE WANTED.

Mr. Stephen A. Lowell, of Umatilla county, may have been foolish to enter the canvass for the nomination for governor in competition with so wealthy a man and so great an organizer as Wm. J. Furnish, the Pendleton banker. Lowell ought to know that it costs a great deal of money to get a nomination in the dominant party with the present system of packed primaries. It is well known that men came from remote counties in the state and demanded from the Geer headquarters at Portland large sums for expenses, and when their demands could not be met the transfer of their votes to some other candidate was easily accomplished. Mr. Lowell was also foolish enough to write a letter to the Journal, saying that there was nothing in the constitution forbidding the placing of all state officials on a flat salary, and that the taking of fees and perquisites, as now practiced, is forbidden by the constitution, and that all fees and earnings of each office belong into the treasury. These actions of his made him unavailable with the push elements of the Republican party. Lowell belongs in the Democratic or minority party, where they have to rely on the popularity of a candidate with the people in general for his success. The Republican party organ does well to read Lowell out of the party, if it is going to be run from the Portland standard of an expensive faction running after men with the most money to get control of conventions. But that seems to be what the people want, and the "poor man" candidates, like Geer and Chamberlain and Lowell, might as well prepare to take back seats for ten years to come. It's men with money we want to the front. We must have them.

### MR. SCOTT NOT A CANDIDATE FOR SENATOR.

Editor Scott again solemnly assures his readers that he is not a candidate for the United States Senate. That is the only way to get it, on the old lines. Keep in the background. Have your name dropped into the game at the right moment. Tell the people that you are for some one else, and carry on a huge deception of appearing superlatively shy and modest. That is the way McBride and Mitchell and the others were elected before. But the people are going to have something to say after awhile. They are going to have a voice in the election, and even in the nomination of candidates for the United States Senate. That time is not far away, and the old game of slipping into the back door is past forever. The boldness of Mr. Simon in openly being a candidate for re-election, and the knowledge that if a majority of the members of the legislature are for him he will be re-elected without buying a single vote, is why men like Scott and others, who seek a back-door entrance to the Senate hate

## THE PORTLAND JOURNAL.

In one month the Portland Journal has grown to be a well-developed journalistic infant of eight pages. It is well spiced with exclusive new features, and some quite noted scoops from various parts of the state.

The heaviest business men of Portland seem no longer afraid to give their advertisements to an independent paper.

The managing editor is Alfred D. Bowen. He was once a member of the Washington legislature, and edited a paper in Pacific county.

He conducted the Astoria Daily Pioneer for three years, and was for some years the managing editor of the Portland Daily Telegram.

The Portland Journal will have to fight for its existence, or even to get a fair opportunity to reach the people through the mails.

Remember this: You can't teach your boy or girl anything better and nobler than to be a kindly and considerate gentleman or lady. They may be that and have no wealth or college education, and they may have both the latter and not be the former. It rests with you, dear parents. On the other hand, your boy or girl may instinctively become kind, gentle and considerate in manner and speech, and success in life will be in proportion as they do that very thing. But you had better have a hand in shaping that matter, and to be successful will have to pay some attention to it yourself.

The prices of living are still to be advanced. They have advanced 20 per cent. in the past year, and now the beef trust has set prices up another notch, and seeks to control the butter market. Does this system of advancing prices tend to the distribution or the concentration of wealth? Nice point, to study, that. If to distribution, then trusts are a blessing, if we could only realize it. One thing, if meats go too high, we can eat more fruits and vegetables, and they are cheap on the Pacific coast. The American people eat too much meat, anyhow.

With the advance in the price of necessities wages of labor are going to advance. There are going to be strikes. The custom of paying men with families from 75 cents to \$1.00 a day for labor in this country is going to be modified about 100 per cent. within a year.

The Ladies of the Macabees of Michigan have won a distinct victory in the courts that give them the right to expand. At least, that's the gist of the decision.

## THE PORTLAND JOURNAL.

People ask the editor for all kinds of information. A young lady wants The Journal to give a freebie receipt. Wash them with eau de cologne early in the evening, and about 10 o'clock brush them with a well-selected moustache. An old lady who has tried it says if it does not remove, it will at least cause you to forget them.

That wide-awake town of Jefferson in getting ready to put in a bank, and plans are being made to build a new brick block. There are a lot of very fine people in and around Jefferson, and it is in many ways one of the best communities in Oregon.

Morgan's \$150,000,000 trust to control all the trans-Atlantic line steamships will be a good thing, if it keeps about a million Americans at home from Europe long enough to get their eyes open to the iniquity of some of the trust methods.

Eastern states that had locusts in 1885 expect that pest again this year. It takes seventeen years for this cicada to reappear, and this is their time on earth. They are to appear in May.

Several men in Salem have gone out of the dog business since the appearance in this paper of an article by a correspondent, who laid down the dog law.

The people of England are said to be more deeply excited as a nation over the new game called Ing-Pong, than over their war in Africa.

Congressman Cushman declines to perform at the crack of the whip. He should be run out of the party, if the trusts are to be protected.

Salem is the liveliest town in Western Oregon, and will fittingly celebrate the day that gave birth to the liveliest nation on the globe.

**A Strong Woman**

Iron City, Iowa, Aug. 15, 1900  
My wife was sick for three years. We tried everything without relief and spent much money. My wife tried Wine of Cardui and four bottles cured her. She took two more bottles, knowing she would have to work hard during the hay harvest. She attended to all her household duties and loaded and unloaded all the hay. This medicine gave her strength. Formerly she was weak and tired and could hardly get about, but since she has been taking Wine of Cardui she feels better and stronger than when 30 years of age. JOE A. HERNHAFER.

Mrs. Eisenhofer had tried everything during her three years sickness and had spent considerable money. She was weak and could hardly get about for three years before she took

**WINE OF CARDUI**

Now, after taking the Wine of Cardui, she can work with her husband in the hay field. That is hard work, but it is not as injurious to a woman's health as labor in stores, factories and offices where thousands of girls are closely confined year after year. With the aid of Wine of Cardui a woman can do any reasonable work and enjoy good health. The health that Wine of Cardui brings makes a woman vigorous in body and mind. Freed from those terrible devastating pains a woman grows well and strong naturally. Wine of Cardui regulates the disordered menstruation and cures leucorrhoea, falling of the womb and periodical pains in the head and back caused by standing or sitting a long time in the same position. Theodora's Black-Draught puts the bowels, stomach, liver, kidneys and blood in proper shape. Greatly increased strength and endurance is the natural result. Most cases are cured quickly. All druggists sell \$1.00 bottles of Wine of Cardui and 25 cent packages of Theodora's Black-Draught.
