

### Catarrh

The cause exists in the blood, in what causes inflammation of the mucous membrane. It is therefore impossible to cure the disease by local applications. It is positively dangerous to neglect it, because it always affects the stomach and deranges the general health, and is likely to develop into consumption.

Many have been radically and permanently cured by Hood's Sarsaparilla. It cleanses the blood and has a peculiar alterative and tonic effect. R. Long, California Junction, Iowa, writes: "I had catarrh three years, lost my appetite and could not sleep. My head pained me and I felt bad all over. I took Hood's Sarsaparilla and now have a good appetite, sleep well, and have no symptoms of catarrh."

Promises to cure and keeps the promise. It is better not to put off treatment—buy Hood's today.

Dr. Edward Everett Hale, at the age of fourscore, serene in the affections of his countrymen, and with his intellect as keen as ever, says that Americans are conceited. Doubtless the charge is just. Americans have much for which to be grateful, but this does not always excite the appropriate emotion. They are inclined to get swelled up about it after the fashion of the pompous individual who calls himself "self-made."

## CRITICAL CAMPAIGN POINT

### Attitude Eastern Oregon Counties on Governor.

PORTLAND, May 3.—A critical point in the present campaign has been the attitude of Eastern Oregon toward the candidates for governor. The Democratic state central committee has caused a careful polling of the counties of the Cascades, with the result that the following official estimate is given out to the public press: Baker county, heretofore 150 Democratic, will this year give a majority of 500.

Union county, heretofore 135 Democratic, will give a Democratic majority this year of 490.

Malheur and Harney counties will remain in the Democratic majority list with 300 majority.

Umatilla county, nominally Republican by 40, will go Democratic by 200.

Morrow county, which was Republican by 150, will probably be about a stand-off.

Wallowa county, Republican by 50, will be carried by the Democratic ticket by at least 100.

Grant, Gilliam, Wheeler and Crook counties will vote about evenly.

The Democratic ticket will, therefore, come down to Wasco county with from 1200 to 1500 Democratic majority. The situation in Wasco county, according to reliable information, is such as to insure a large Democratic gain, with at least some of the Democratic candidates carrying a majority vote. The situation is strengthening through the district east of the Cascades by a magnificent organization and the utmost vigor on the part of the workers. It is peculiarly gratifying to the campaign that in spite of the abundant funds at the command of the opposition, such an encouraging situation is presented at this time.

It is confidently believed now that the nominee for governor, George E. Chamberlain, will be elected. He is the straw which indicates the direction in which the wind blows. The shrewdest politician better in Oregon, Frank Baker, was understood to have arranged to place a large amount of money, taking the Furnish end of the wager. He has received information from 22 counties, from such sources as can be depended upon, and has drawn down his money, at least for the present. There is not the slightest tinge of politics in the action of Mr. Baker; it is a business proposition with him. Careful inquiry among other men who find recreation in staking money on election, recalls the fact that the original odds on Mr. Furnish at the beginning of the campaign, are now wiped out, and what small bids are being placed are on the basis of dollar against dollar.

As to Western and Southern Oregon, reports coming into headquarters are of like tenor. The organization is equally strong in every county, better than it has been for years, and the enthusiasm manifest all the time for Mr. Chamberlain has guaranteed his election. An immense body of independent voters have made up their minds to rebuke political methods that tend to place official preferment upon the basis of willingness to throw large sums of money into the campaign. Even to those who are conservative in their views regarding the manner in which Mr. Furnish and his associates have used their campaign funds, it is noticeable that distinguished citizens of moderate means are disposed to resent the new regime that it is now proposed to inaugurate, and which will make it impossible for all but wealthy

men to be honored in the state elections unless it is by some men who are willing to be the tool of another power behind the throne.

It is probable that this issue will take precedence over all others, inasmuch as it goes to the very essence of our representative form of government. The splendid reception that was accorded Mr. Chamberlain in Eastern Oregon, it is believed, will be duplicated in the counties south of Portland.

In general the most astute politicians of the state are ready to concede that at present Geo. E. Chamberlain is elected, and that the drift has set in so strongly that every day sees the other nominees gaining ground and climbing the ladder towards success. It needs only united action to accomplish the desired result and to give the people of Oregon a clean business administration of affairs during the next four years.
