RUTCH-BOUND onvenient and tiresome mode of locomotion -there is no more

pathetic aight than a person slowly and painfully moving along the street supported by these artificial limbs.

When Rheumatism settles in the bones and muscles of the legs, it is safe to predict that the victim will eventually become helples and crutch-bound. The corrosive, irritating matter that is deposited

in the joints and muscles causes the most intense pain, the knees and ankles swell, and when the natural oils and fluids that lubricate these parts are completely destroyed the joints become locked and the muscles drawn and stiff, and crutches a necessity. The acid poisons that produce rheumatic pains form in the blood, and are stributed through the system, and lodged in the arms, aboulders, hands,

back and feet, or other parts of the body—resulting often in total disability. A permanent cure of Rheumatism can be effected only by a complete cleansing of the blood, and no other remedy so surely accomplishes this as S. S. S. It neutralizes the acid effects, purifies and invigorates the stagnant blood, and the gritty particles are washed out or dislodged by the new rich blood, and relief comes to the pain-racked sufferer. S. S. S. leaves no morbid, irritating matter in the blood to reunite and produce another attack, but expels every atom of it from

the system. S. S. S. is a purely vegetable remedy, and does not impair the digestion or general health like alkali or potash remedies. Write for our special free book on Rheumatism, and if any medical advice or other information is wanted, our physicians will gladly furnish THE SWIFT SPECIFIC CO., ATLANTA, GA.

The committee had were rather too cool for the rapid adhistory, algebra through quadrolles obtained legal advice, and learned vancement of corn and gardens,

Wheat, oats and barley are heading

clover hay will amount to more than tinues good and stock is generally granted, the work to be done at the expense of the owners and under the sugar in quantity and about the average Stolz moved that committee be cm- pense of the owners and under the su- age in quantity and about the average n quality.

Hops are doing splendidly and no omplaints are made of lice. It has been too cold for corn, but the plant eral offensive cess pools that had been is thrifty and its cultivation is gencomplained of to the council, said con- eral. Potatoes and gardens are back ditions in Salem emphasized the need ward, but otherwise promising. Fruit continues dropping in many sections, the council that the menace be abated and cherries will probably not amount to more than half a crop. Strawber ries are plentiful and the indications point to good crops of blackberries

and raspberries. COAST DISTRICT. Bay City, Tillamook county, Capt. . J. Dawson,-Owing to the amount of dry weather we have had this week, a large amount of farm work was done; tide-land hay and some lover is being cut; green gooseberies, radishes and scallions are in narket; there is a large crop of ripe salmon berries; plums and cherries are set, and show about half a crop.

Myrtle Point, Coos county, L. ter part cooler with northwest winds and no rains. Grass and gardens growing very fast; some barley yet sometimes sown as late as July 4th and makes a crop. Milk increasing at creameries. Roads are getting good No late frosts here.

WILLAMETTE VALLEY. Rosedale.-The weather has been ne throughout the week. All crops have been benefited by continued sun shine. Late grain shows marked im provement. Corn is making a thrifty start and cultivation has commenced Strawberries are ripening. Fruit

prospects generally good. Albany.-This week has been fav orable for growing crops; grain of all kinds looks well. Gardens are growing rapidly, and strawberries are ready for market. Sheep shearing is nearly finished. Roads are drying off rapidly

The past week has been generalclear and cool. Fall-sown grain and grass are growing nicely, promising and needs rain; the fruit crop will be light, with the exception of some varieties of berries.

SOUTHERN OREGON. Jackson county.-Weather good for haying; farmers are cutting alfalfa school education. The boys have all the crop is above the average and coming into the barns in fine condi warrant officers, with salaries from tion; gardens extra good; wheat is \$1800 to \$2000 a year. Landsmen for good, but will not be cut for some training are men without a trade time; frost the 14th, but not heavy They, also, after eight months' train- enough to do any damage.

Douglas county.-Continued fair the service. They can become petty and cool weather. The ground is getofficers and warrant officers, electing quit dry. Grass has a good color tricians, and go into the engineers' de- and is growing fairly well; having partment, if so desired. PLEASING RESULTS allow the use of New-

bro's Herpicide, the new scienthe cure for dandruff and falling hair. It possesses certain properties that kill the germ or microbe that causes all the trouble by sapping the oil out of the hair bulb. With this parasite destroyed, dandruff and the falling hair cannot exist. A thick, soft growth of hair springs forth where formerly thin, brittle hair, or perhaps total baldness held sway,

One bottle will convince you of its merits. For Sale at all First-Class Drug Stores.
