Standard Patterns For July Now in

Suits at Un-usual Reduc-tions

The styles are new, the fabrics worthy, the workmanship the best. The only reason we have for making such price cuts is that sizes are broken—only one or two of a kind. Suit of fine mode serge, made with stretcher, Taffeta bands; graduate founce skirt; sizes 32 and 34; value \$15.00.

\$11.75

Black Cheviot Suit—only one left—size 36. Finely tailored; graduate founce skirt; turn up cuffs; velvet collar, \$12.00 value.

\$8.90

Light grey; lapels of black Taffeta stitched; fine black crocheted buttons; graduate founce skirt, size 36. The others went at \$25.00, this one

\$17.75

Many more bargains equally good can be found in the Cloak Department—Second Floor.

The Wash Goods

Section is lively. "Old Sol" has made himself felt the last few days which suggests getting lighter dresses. Organzines, Lawns, White Goods, Grenadines, Crepe de Chine, Silk Batistes, etc., are in demand. We advise early choosing to avoid disappointment.

Dressmaking Department Having more help in the sewing room orders are being filled promptly. Experienced dressmakers in charge who understand every detail of the business.

We Make

Party dresses. Wedding gowns. Tailor suits. Jackets and Capes. Silk Waists. Walking skirts. Children's dresses.

Silk Waists

The prettiest styles and colors you ever looked at. Exquisitely trimmed, designed and finished. The prices we offer them at now make it that you barely pay for the materials required and a very small profit for the making.

\$3.49 to \$13.50 each

Clothing

This has been the best season in the special order department that the store has ever known. The International Tailoring Co., of New York and Chicago, have given better satisfaction in point of fit, style and workmanship, than any of the numerous lines we have handled. They show more samples, better styles and lower prices than any other house.

\$12.00 and up

Boys' and Young Men's Clothing

The line is larger and better than ever; the best lighted store room in the city. We can save you money on boys clothing.

Further Evidence That we are doing a fair share of the job printing in Salem is from the fact that today our plant is fully twice as large as when we started in the printing business less than four months ago.

Wm. Pato, the Jeffersonian war-horse of the late Populist party, was in town today having his left hind leg electrified and his bronchial tubes clarified by Dr. Darrin, and from the way he is getting fixed up some of Bill's old friends would suspect that he was going to run for office, if it wasn't an off year. He is getting ruple in wind and limb, and with his pack of farm hounds, could probably have picked up Tracy and Morris, and never sweat a hair, if he keeps on getting better something will have to be done to let him work off his surplus git-up-and-git.

THREE BEAUTIFUL WOMEN

Worn Out And Nervous Regained Their Health And Beauty By Taking Peruna.

Miss Florence Allan, a beautiful Chicago girl, writes the following to Dr. S. B. Hartman concerning his catarrhal tonic, Peruna:

75 Walton Place, Chicago, Ill.

"As a tonic for a worn-out system, Peruna stands at the head in my estimation. Its effects are truly wonderful in rejuvenating the entire system. I keep it on hand all the time, and never have that 'tired feeling,' as a few doses always make me feel like a different woman."—Florence Allan.

Thousands of women suffer from systemic catarrh. This is sure to produce such symptoms as cold feet and hands, sick headache, palpitation of the heart, and heavy feelings in the stomach. Then begins a series of experiments. They take medicine for sick headache. They take medicine for nervous prostration, for palpitation of the heart, for dyspepsia. None of these medicines do any good because they do not reach the cause of the complaint.

Peruna at once mitigates all these symptoms by removing the cause. Systemic catarrh is the trouble. Systemic catarrh pervades the whole system, deranges every organ, weakens every function. No permanent cure can be expected until the systemic catarrh is removed.

This is exactly what Peruna will do. Miss Cullen Was Exhausted From Over Study.

Miss Rose Cullen, President of the Young Woman's Club, Butte, Montana, writes:

921 Galena Street, Butte, Mont.

Peruna Medicine Co., Columbus, O.

Gentlemen—"Peruna has many friends in Butte. I cannot say too much in praise of it. While finishing school I became very nervous and exhausted from over-study. I was weak and sick, and could neither eat, sleep nor enjoy life. A couple bottles of Peruna put new life in me. I find by having it in the house and taking a dose off and on it keeps me in fine health. A large number of my friends place Peruna at the head of all medicines."—Rose Cullen.

Peruna is especially adapted to protecting against and curing nervous diseases of run-down women, as the testimony of Miss Cullen indicates.

Miss Blanche Myers, 3139 Penn street, Kansas City, Mo., has the following to say of Peruna:

"During each of the past four seasons I have caught a severe cold, when suddenly chilled after an evening party, and catarrh for several weeks would be the result. One bottle of Peruna cured me, and I shall not dread colds any more as I did."—Blanche Myers.

An excellent little treatise on "Health and Beauty," written especially for women, by Dr. Hartman, will be sent free to any address by The Peruna Medicine Co., of Columbus, Ohio.

THE RACYCLE

Self-oiling bearings throughout; 1-8 inch Diamond chains on all models; G & J., Hartford, and Palmer tires.

The bearings in the crank hanger of the RACYCLE are directly under the crank centers, hence we have the narrowest tread and the widest spread of bearings, which insures the most perfect adjustment and easy-running qualities.

We use from 18 to 40 tooth front sprocket and from 7 to 14 rear. THE RACYCLE is the only bicycle that has ever used the large sprocket successfully. The front sprocket running between the bearings there is no side pull, but the sprocket runs perfectly true.

We feel constrained to again mention the merits of the famous

Automatic Refrigerators

Because we know how thoroughly they do their work and the benefits derived from them is beyond estimate. Every pound of ice consumed gives off more cold air in this make of refrigerator than any other kind on the market. It is the only refrigerator built upon this peculiar and yet scientific principle. One of the good things in its favor is that the ice goes in at the front so it is impossible for the ice man to use tools in putting in the ice. This saves the marring of the finish as well as the breaking out of the lining.

Call for one of the little booklets telling one hundred other good points. One of these refrigerators can be seen at Fuller & Douglas' Store.
