### C. T. Pomeroy . . . Jeweler and Optician, 288 Com'l. St.

## Have You Ever Tried Salem's Botanical Doctor?

He absolutely cures cancers, tumors, gravel, kidney and bladder troubles, bone diseases, asthma, skin diseases—all without the use of the knife or poisonous minerals or mineral of any kind.

Instructions: You must bear in mind that this medicine is not a poisonous tonic, nor a stimulant, nor a temporary relief, which you get from poisonous drugs, where the results are sure death sooner or later. Those poisons go in your bones and destroy the life of them and create all kinds of diseases, cancerous tumors, consumption, dropsy, bone diseases, etc. Do not blame the medicine when it takes an effect and stir up the poisons or disease in the system. You must not expect to be cured in a few days, for your sickness or disease has been a long time coming on, and it will take a long time to get it out of your system. It will take months or a year to build up a new body from the bones up. This is what the people do not understand.

They are used to being humbugged. My medicines are composed of nature's herbs—what the human system requires. When the animal gets sick they will help themselves to those herbs, for they have the instinct, and the people have not, so we have to make a study of it. It has been a life study with me. Do not get weary; this life is too short and too sweet to worry out of this world.

Dr. Cook cures all kinds of diseases. Dr. J. F. COOK, 301 Liberty St., Salem, Ore., is the man you ought to consult. He is a natural doctor. He is descended from a line of German herbalists, the best physicians in the world. This is his fourth year in Salem, and scores of patients and friends can testify to his skill in their cases.

## ENGLAND'S RULER IN PRECARIOUS CONDITION

### The Journal's Early Bulletins are Discouraging.

#### His Majesty Shows Great Courage Though Barely Conscious.

#### Intercessory Services are Being Held in the Churches.

London, June 25.—At 10 o'clock today a physicians' bulletin read: "His Majesty was very restless and without sleep during the early part of the night, but obtained some sleep after 11 a. m. No untoward symptoms have presented themselves, and, considering all the circumstances, his Majesty may be said to be progressing satisfactorily." The officials having the matter in charge met this morning and definitely decided that Friday's procession will not take place.

London, June 25.—It was unofficially announced at noon that the king is progressing favorably. He was then awake and suffering no pain. From the highest sources, however, this news concerning his Majesty is altogether pessimistic.

Prince Leopold, of Bavaria, Archduke Ferdinand, of Austria, and Prince Albert, of Belgium, left London by special trains today, en route for home.

London, June 25.—On high authority it is learned that the king's physicians are unable to offer any encouragement. Life hangs by a thread. The news described in accounts of the operation are not for drainage purposes, this authority states, but to replace the section of bowel removed. No body is able to live long with such so placed, and the only hope is to remove the tubes, draw the bowels together and sew them. The chances of such an operation being successful are so slight that they are barely worth considering. The royal family has been informed of the real state of the case, and that the possibility of the king's recovery is most remote, though he may linger for many days. The third day is apprehended. Nitro glycerine is being used to maintain vitality. Princess Christian called at the palace at 2 o'clock this afternoon. By the king's special desire coronation honors are to be published tomorrow, as arranged.

Liverpool, June 25.—The Post's London correspondent learns that if the king recovers, the coronation will be held in the spring of 1921, consisting of the Abbey ceremony only.

London, June 25.—An official bulletin, issued at 2 o'clock this afternoon, reads: "The king has passed a comfortable morning. His condition is no longer satisfactory." (Signed) TREVIS, LAKING, HARLOW.

London, June 25.—At 3 p. m. the king was informed of the seriousness of his condition, and is prepared for the worst. Intercessory services are being held in the churches, chapels and synagogues today. His Majesty maintains his courage, though largely under the influence of drugs, and often barely conscious.

London, June 25.—An official 6 o'clock bulletin says: "His Majesty passed a fairly comfortable day, his general strength is well maintained, and there are no symptoms causing special anxiety."

New York, June 25.—A London special to the Stock Broker, timed at 6 o'clock, says that trustworthy information is to the effect that the condition of the king has turned for the worse. The lord mayor has been summoned to Buckingham palace.

London, June 25.—The Prince of Wales this afternoon presided at the necessary function of receiving of official guests at St. James' palace.

London, June 25.—The Lloyds are more optimistic this afternoon. They insured the king's life for the remainder of the week at 50 per cent.

The King's Illness. New York, June 25.—Cyrus Edson explained the king's illness and the operation as follows: "Perityphilitis is inflammation, including the formation of an abscess of the tissues surrounding the appendix, and hence perityphilitis is hard to distinguish at once from appendicitis. Usually an operation is necessary to ascertain whether the appendix of the surrounding tissue is diseased. In the king's case there is probably an abscess at the head of the large intestine, where the appendix begins, and the operation has an immediate necessity, because the abscess had to be got at once and emptied of its contents of pus. Of course I cannot say what further than the abscess was discovered by the surgeons—that is to what extent the inflammation had affected that part of the king's body. Under ordinary circumstances he ought to recover in three or four days, but after recovery it would perhaps be four weeks more before he would be able to perform his part of the coronation ceremonies. The king's trouble is in his right side, low down."

## A Race With Death

Spokane, June 25.—Speeding across the continent from Toronto as fast as a Canadian Pacific special train could go, in a race with death, S. Strathy, a noted physician of that city, reached here today to find his only son, John Strathy, a prominent young man of this city, had succumbed a few hours before the result of an operation. He was to have been married next month to Miss Fairbank, a leader in local social circles.

Numerous testimonials have appeared in this paper during the past few weeks from those who thought they owed to the doctor, who are unable to do the good work that has been done for them.

Many of these are well known to the editor, having been cured when the doctor was here years ago, when he became favorably impressed with his good work.

Few doctors have had such a large practice as this physician, who is visited by scores of people everywhere he stops, and it is well to note that the doctor is not out for money alone, as is proved by numerous cases of poor people he has cured, who are unable to pay for the restoration of their health.

The doctor owes his great success partly to the mysterious power of electricity, in which he has become well versed. Electricity is the wonder of the age, and the mode of treatment of the secret ailments of disease, and exterminates it root and branch forever. It removes the wretched symptoms of loathsome maladies, and cures many of the most hopeless cases, and relieves pain that every known remedy failed in, and can be substantiated by the evidence of hundreds who have been cured by Dr. Darrin. We could say more, which we are unable to do, but we will say this: Read the following cures:

## PERMANENT CURES.

### Are the Only Ones That Count With a Patient.

Dr. Darrin, Dear Friend: Happy am to know that you are again in Pendleton curing the afflicted. It will be 11 years next month since you cured me of deafness and catarrh of 14 years' standing. My hearing remains entirely restored, my lungs and throat are permanently cured. What I suffered I don't only know, until I sought you for relief. Publish this and oblige.

MRS. J. P. ROYCE, Anacortes, Wash., Nov. 25, 1919.

Another Soul Made Happy. To the Editor: I wish to let the people of Pendleton and vicinity know that Dr. Darrin has done for me. For a long time I have been severely afflicted with a loathsome disease of my stomach, and granulated eye-itch. Through Dr. Darrin's electrical treatment I am cured, and gladly add my name. MRS. MINNIE M. HOLLAND.

Catarth and Bronchitis Cured. To the Editor: I wish to express my gratification to Dr. Darrin for successfully treating me for catarrh and bronchitis. For your readers to me at Needham's barber shop, 110 State street, Salem. F. H. HAHN.

S. R. Coffman Cured. To the Editor: For five years I have been afflicted with dyspepsia, sour stomach, pains and bloating. Constipation was ever present. I was run down and blue from the effects of my diseases. I commenced treatment by Dr. Darrin May 29, and now pronounce myself cured and most sympathetically commend Dr. Darrin. My postoffice is Jacksonville, Or. Refer any one to me. R. R. COFFMAN.

Dr. Darrin's Place of Business. Dr. Darrin gives free examination to all, and when necessary gives medicines in connection with electricity. The poor treated free from 10 to 11 daily, except medicines. Those willing to pay 10 to 25, evenings, 7 to 10, Sundays, 10 to 3.

Errors of youth, blood taints, gleet, impotency, varicose veins, deafness, catarrh and stricture a specialty. All chronic male and female and private diseases treated at \$5 a week, or in that proportion of time, as the case may require. No cases published, except by permission of the patient. All business relations with Dr. Darrin strictly confidential. Letters of inquiry answered. Circulars and question blanks sent free.

Eyes tested and glasses fitted. Those desiring treatment should call. Those as may require a second or more treatments. Offices at Willamette Hotel, Salem, until September 1st.

Another Big Fire in Portland. Portland, June 25.—Fire last night destroyed the entire block of frame buildings, bounded by seventh, Park, Glisan and Hoyt streets. Thirty-five horses, belonging to the Wakefield-Morse Transfer Company, were burned to death, and several people in the Park lodging house escaped with great difficulty. The total loss is about \$25,000; insurance, \$20,000.

Thieves Made a Good haul. Hooversville, Pa., June 25.—Though a general store was robbed last night by a gang of three burglars, who blew open the safe, and secured \$2500 in currency and checks, and also notes valued at \$20,000.

## ROOSEVELT IS HONORED

Boston, Mass., June 25.—Harvard conferred the degree of "doctor of laws" on President Roosevelt this afternoon.

Boston, Mass., June 25.—The president, under escort, left for Cambridge at 9 o'clock. A dense throng crowded about the carriage gate to the college grounds. President Eliot received the executive in Massachusetts Hall. Shortly after the company was formed, headed by Eliot and President Roosevelt, and marched to Sanders' Theatre, where the exercises occurred and the degrees were conferred.

Boston, June 25.—Secretary Hay and Judge Addison Brown also received degrees.

Jury Gives \$3000 Verdict. Portland, June 25.—A verdict for \$3000 for the plaintiff was returned by the jury yesterday in the suit of Geo. W. Anderson, administrator of the estate of his son, Chester Anderson, deceased, against the City & Suburban Railway Company. The jury retired a little before 5 o'clock, and deliberated about two hours. Chester Anderson was killed while riding on an open car across the Morrison-street bridge by striking against one of the bridge timbers.

## DR. DARRIN REMAINS IN SALEM UNTIL SEPTEMBER

He Has Concluded to Remain in Salem Until September 1

During the past two months Dr. Darrin has made a great tour among the afflicted of this vicinity. His office has been crowded night and day, and phenomenal cures have been reported, making it necessary for him to remain another month. The opportunity to consult this eminent physician should not be lost.

Dr. Darrin has practiced in Paris, London, New York, San Francisco and Portland, where his business required the help of three assistants, and while abroad discovered certain remedies for many of the most dread diseases, and his treatment of them gives entire satisfaction.

Numerous testimonials have appeared in this paper during the past few weeks from those who thought they owed to the doctor, who are unable to do the good work that has been done for them.

Many of these are well known to the editor, having been cured when the doctor was here years ago, when he became favorably impressed with his good work.

Few doctors have had such a large practice as this physician, who is visited by scores of people everywhere he stops, and it is well to note that the doctor is not out for money alone, as is proved by numerous cases of poor people he has cured, who are unable to pay for the restoration of their health.

The doctor owes his great success partly to the mysterious power of electricity, in which he has become well versed. Electricity is the wonder of the age, and the mode of treatment of the secret ailments of disease, and exterminates it root and branch forever. It removes the wretched symptoms of loathsome maladies, and cures many of the most hopeless cases, and relieves pain that every known remedy failed in, and can be substantiated by the evidence of hundreds who have been cured by Dr. Darrin. We could say more, which we are unable to do, but we will say this: Read the following cures:

## COUNTY TAX ROLL

### Will Be Changed From Last Year

#### County Assessor Lembcke Thinks Law is Defective

County Assessor Lembcke has begun the extension of the 1920 tax roll for Marion county. In compiling the roll this year, Mr. Lembcke will employ a different form to that he has used for previous rolls. The compilation of the roll is largely discretionary with the county assessors, and Mr. Lembcke has determined upon a copy that he will adhere to during his administration, since he considers it the most convenient for all purposes.

The roll is not unlike the former used in this county in 1910. It will consist of three volumes, one each for acreage, city property and personal property. Acreage and town lots are arranged with respect to geographical location or rather in continuous order, irrespective of alphabetical arrangement of the names of the property owners. The 1910 roll consisted of three volumes in which the names were alphabetically arranged, and all property owned by each was grouped after the name of the owner. Mr. Lembcke says he believes the new system will entirely do away with double assessments and other irregularities common to the more complex system of the past. The law requires that the work of extending the roll by the assessor be completed by the first Monday in September. The roll then recedes to the consideration of the board of equalization, which levies the city and school tax levies are not made and extended until after January 1, and the roll is not delivered to the sheriff for collection until the following March. Mr. Lembcke says the aggregate valuation of Marion county property on the 1920 roll will be as great and probably slightly in excess of the assessments for the preceding year.

In discussing the form of the roll adopted and the present system of assessment and taxation, Assessor Lembcke says: "The new roll simplifies the assessment and taxation of property. The liability for taxes rests in the property, irrespective of the owner, and the system of the past, the law requires continuous order in respect to location. Little opportunity is presented for the making of double assessments and the title to all property can be easily traced to an established title. The only extra work involved by this form of the roll is the making of an index to the acreage and town lots. The personal property is arranged alphabetically."

Mr. Lembcke, the present assessor and taxation law contains a defect that should be remedied at the coming legislative assembly. It is in relation to the length of time that slapses from the time the roll is prepared by the assessor until it is delivered to the sheriff for collection. On this subject, Mr. Lembcke said: "The law requires the assessor to complete the roll early in September. Property valuations are equalized by the county board of equalization in October. The roll then remains idle until January when the county, city and school tax levies are made. The clerk is then required to make the extensions which is not completed until March. This should be remedied. The county and other tax levies could be made earlier and the sheriff could have more time in which to make the collections. Under the present system, the assessor is obliged to expedite the compilation of the roll, and the sheriff is not given adequate time for the collection. In the interim, for a period of three months, the roll is not being used or worked upon at all."

The new form of the Marion County roll, in accordance with the new law, dispenses with the necessity of annually compiling a separate delinquent tax roll. In this respect a cost item of \$200 is saved. In addition to the usual property description, valuation, etc. the roll provides for a complete detailed record of all delinquent property in connection with the regular roll. This is accomplished by the addition to previous forms of rolls of several columns under several headings, all relating to delinquent tax property, as follows: Numbers of tax receipts, amount paid, amount of rebate, amount of errors and double assessments, amount delinquent, unpaid and uncollected, rate of interest, costs and accruing penalties, amount sold for, to whom sold, address of purchaser, date of sale, to whom assigned, date of redemption, deed issued and total amount of redemption.

## TERRIFIC STORM IN INDIANA

### Great Loss of Life and Property

#### Wind Plays Havoc With Funeral Pageant

#### Destructive Cyclone Passes Over Iowa

Indianapolis, Ind., June 25.—A terrific storm swept over Hancock county this morning, taking in Maxwell, Wilkinson and Pendleton. The wind blew down houses in all these towns, and from 10 to 15 people are reported killed. A funeral procession was disrupted. The hearse demolished, 10 horses killed and many persons injured. John Gibbs and his daughter were badly injured. At Pendleton reports say that twelve persons were killed, and many hurt.

Greenfield, Ind., June 25.—Reports from Maxwell state that the Cleveland chain factory, six miles from there, was nearly wiped off the earth, not a house being left standing.

Connersville, Ind., June 25.—The storm passed here with great velocity, feeling trees, barns and unroofing houses, but injuring none.

Sioux City, Ia., June 25.—A cyclone passed over Hudson, leveled elevators and demolished houses. Postmaster reports say that from six to 25 people were killed, and property damaged amounting to half a million.

## DEMONS AND POPS

### Have Strenuous Times in State Convention

Grand Island, Neb., June 25.—After the debacle of yesterday the fusion state convention at 11 o'clock this morning agreed on W. H. Thompson, Democrat, for governor. In the early hours the Populists tried to force Bryan's nomination as a compromise, but Bryan continued to refuse. The Democrats showed a disposition to break away and name an independent ticket, but Bryan headed them off, with a speech, in which he charged the Cleveland organizers with having agents present. The Populists have the balance of the ticket.

## WAS TIRED OF LIFE

### Woman Cut Her Throat With Deadly Effect

Spokane, June 25.—Mrs. F. A. Mack, wife of a prosperous rancher, residing near Cheney, was found dead in a field this morning, with her throat cut from ear to ear. A razor was still in the dead woman's hand. She left a note saying she was tired of life.

## TROUBLE KILLED HIM

### Saloon Keeper Suicides On Account of His Wife

Cottage Grove, Or., June 25.—Al. White, a saloon keeper, of Cottage Grove, committed suicide at Coquille, five miles south of Eugene, by shooting himself through the head with a revolver. He was thought to be insane over trouble with his wife. He was married in Eugene to Etta Spang, of Cottage Grove, only a few weeks ago.

PERSONALS.

O. O. Savage was in Marion today. State Senator John D. Daly returned to Corvallis today.

Mr. Stapleton has gone to Lebanon and Bodaville for an outing.

Miss Rhea Goucher, of McMinnville, is the guest of Miss Helen Calbreath.

H. Bartholomew Dayton has returned from a short visit in Portland.

Eastern Star lodge, with their families, will picnic at the Savage grove Thursday.

Loy Stapleton, of this city, and Thomas Nolan, of Dallas, returned today from Mt. Angel, where they have been attending college.

Mrs. J. H. Ackerman, Miss Ermine Buchanan, Miss Alberta Melton, Prof. C. H. Jones and wife, Prof. E. T. Morris and D. W. Yoder left for Eugene today to attend the State Teachers Association.

Mrs. Lillian Culo-Bethel, of Columbus, Ohio, lecturer on parliamentary law, who has been the guest of Mrs. J. F. Calbreath for several days, went to Portland today. Mrs. Bethel will deliver a series of lectures before the Willamette Chautauque Association next month, and will subsequently spend some time in Alaska.

## STRIKING STREET CAR MEN

### Have Sympathy of the Citizens

#### Superintendent Is the Offending Party

#### Said to Be Responsible for Many Wrecks

Portland, June 25.—Car men, section men, shop men and gravel hands, including about 125 men in the different departments of the Portland City & Oregon City Railway service are all standing together in the strike.

Today promises to be about the same as yesterday, the men refusing to work, and the company running what cars it can with the officials and office hands it can muster for the service.

A. R. Dimick, who is chairman of the employees' committee, having in hand the management of the strike, said yesterday that after carefully considering the whole matter at the meeting in Milwaukie, the men concluded, that they could not continue to serve under Superintendent Tiffany, and that the summary action in discharging the men who presented the protest warranted a strike. "We have nothing against the company, and will do everything possible to protect its property," said he, "but the superintendent is very offensive to the men, and they deem it unsafe to work under the conditions that have prevailed for some time. We are assured that the public sympathy is with us, and I have no doubt that we shall succeed. But we want it to be an honorable fight, and we do not intend that there shall be any disorder or that any harm shall be done to the property of the company. It is those two men that we cannot work with; we have no other complaint."

Comparatively few people rode in the cars. The burning of the Madison street bridge compelled all Portland City & Oregon City cars to make a terminus on the East Side, which alone tended to reduce travel. Then many people are timid about riding in cars against which a strike is operating, which was an additional discouragement to travel. The uncertainty of the case; and the persistent canvass against them on the part of the strike workers kept many people away, so that the day's business was but a mere fraction of the normal figures. The highest business was on the Oregon City line.

Oregon City, June 25.—Great excitement attends the strike of the employees of the Portland City & Oregon railway in this city. Only two cars were run yesterday between Oregon City and Portland, and those were operated by Superintendent W. T. Fields, who acted as motorman. The sympathy of the people here is almost entirely with the employees, and nearly every one considers the demands of the men perfectly fair. One of the conductors was in the city watching operations, and said the car men had so little faith in Dispatcher Stuart, whose removal they demanded, that they would prefer stopping work to taking daily chances of being killed. It is quickly asserted that several times within the past week cars have met on a single track, and it was only through extra watchfulness and cool-headedness on the part of the motorman that a dangerous collision was averted. The accident of several weeks ago, in which Motorman Keck lost a leg, is fresh in the minds of the trainmen, and they intend to do all in their power to prevent a repetition of that affair.

## DR. DARRIN REMAINS IN SALEM UNTIL SEPTEMBER

He Has Concluded to Remain in Salem Until September 1

During the past two months Dr. Darrin has made a great tour among the afflicted of this vicinity. His office has been crowded night and day, and phenomenal cures have been reported, making it necessary for him to remain another month. The opportunity to consult this eminent physician should not be lost.

Dr. Darrin has practiced in Paris, London, New York, San Francisco and Portland, where his business required the help of three assistants, and while abroad discovered certain remedies for many of the most dread diseases, and his treatment of them gives entire satisfaction.

Numerous testimonials have appeared in this paper during the past few weeks from those who thought they owed to the doctor, who are unable to do the good work that has been done for them.

Many of these are well known to the editor, having been cured when the doctor was here years ago, when he became favorably impressed with his good work.

H. Bartholomew Dayton has returned from a short visit in Portland.

Eastern Star lodge, with their families, will picnic at the Savage grove Thursday.

Loy Stapleton, of this city, and Thomas Nolan, of Dallas, returned today from Mt. Angel, where they have been attending college.

Mrs. J. H. Ackerman, Miss Ermine Buchanan, Miss Alberta Melton, Prof. C. H. Jones and wife, Prof. E. T. Morris and D. W. Yoder left for Eugene today to attend the State Teachers Association.

Mrs. Lillian Culo-Bethel, of Columbus, Ohio, lecturer on parliamentary law, who has been the guest of Mrs. J. F. Calbreath for several days, went to Portland today. Mrs. Bethel will deliver a series of lectures before the Willamette Chautauque Association next month, and will subsequently spend some time in Alaska.
