An Open Letter

FRIEND CHARLES:-

You asked for news from Oregon. There is very little news, except we had an excitement over an escaped convict who has had things his own way and cannot be coaxed to go back to prison. We called out the militia of Oregon and we could not coax him in. He then went over to Washington and feels better over there. He orders his meals cooked by persons he selects and he impresses every one in his service that he desires, from a span of horses to a gas line boat. He is headed for Victoria B. C., where he expects to impress into his service one of the British Men-of-war. He will then go on a tour around the world.

We also had a Fourth of July celebration. Everything went well except our Goddess lost her wheel (I mean the wheel from her wagon.) The Elks took her up and carried her through the procession and they appeared to be very proud of the event, and so were all the spectators. We had good music from the Reformed Indians, Monmouth and the Salem Hayseed Military band and we had plenty of peanuts and the dogs and monkeys enjoyed themselves seeing the Tice Sisters dance and hearing the darkies walk for a cake.

Our fireworks was grand. While the singers was playing, all of a sudden we saw in letters of fire "GO HOME" and we skipped to keep out of the wet.

I am sorry to inform you that I intend to leave this God's country and come to New York to see you. I have already advertised my house for sale, which I built for my own use. I have all the modern conveniences in a good locality, two blocks from the post office and I hope some person buys it that deserves to have a good home for I went to the expense of having the best material and workmanship when building the house.

I have also offered my store at an immense bargain to the trade as low as 65c on the dollar and am retailing at present for about half what goods are sold elsewhere and I hope to have everything disposed of by November so that we can have plenty of time to skate in a sail boat over the Caguala lake. Should any of your friends come this way direct them to 307 Commercial St., Salem, Oregon, where they will find your friend,

..S. Friedman..

In Honor of Miss Freedman. On Monday evening Miss Cora Talkington entertained about a score of her young friends, at her Church street home in honor of her guest, Miss Rosalind Freedman, of Portland. Games, music, singing and dancing, and the serving of delicious refreshments, all enlivened by social converse, constituted a program that, when coupled with the capacity of the hostess for entertainment, was productive of a most enjoyable evening. In a guessing contest that required a ready knowledge of the titles of late and popular novels, a number claimed the prizes, but the final awards were made to Miss Ruth Gabrielson and

Paine's Celery Compound

After the Failures of Physicians, Special Medicines and Electric Battery, Banishes Pain and Tortures and Restores Health.

In the ranks of sick, tortured and diseased sufferers, many men and women have become hopeless because of the failures of physicians and their medicines.

We would have all such dejected and despairing mortals take comfort this very day. We would impress upon them the blessed truth that Paine's Celery Compound is abundantly able to save and cure even at the eleventh hour. Paine's Celery Compound accomplishes its life-saving work for the old and young when all other medical treatment fails. A multitude of people have furnished strong and incontrovertible testimony in support of the statement that "Paine's Celery Compound makes sick people well." Mr. John W. Boyd, of Mishawaka, Ind., refers to his own case as follows:

"Last winter I was taken down with a very severe attack of nervous and muscular rheumatism, so bad that I could not lie down, sit up or stand, without the most excruciating pain. I was all the time under the care of two of the best physicians of the place but I did not improve. I took different rheumatic cures and used an electric battery a half hour each day for ten days without any relief. Finally I concluded to try Paine's Celery Compound, and to my surprise after using one half of a bottle, I was able to get out, and before I used the whole bottle I went to work and have worked every day since. I have gained 20 pounds in weight and am feeling first rate."

Dr. A. A. Jessup. Mrs. Talkington was assisted in entertaining the young folks by Mrs. George Patterson, Little Miss Lela Belle presided at the punch bowl.

Those in attendance were: Miss Rosalind Freedman, of Portland, Miss Constance Handaker, of Eugene, Dr. and Mrs. A. A. Jessup, Misses Ida Childers, LaVerne Kantner, Leda Buren, Rohmo Holland, Winnifred Byrd, Ethel Knight, Ruth Gabrielson, Elizabeth Holverson, Ella Rineham, Edna Hubbard and Leona Hirsch; Messrs. Does Manhood Fail?

It may sometimes, owing to nervous disorders, but it is hardly ever lost, except in extreme old age. What is called impotency or sexual neurasthenia is merely weakened power. Underneath the ashes the fire remains aglow. It requires careful, scientific treatment to fan it into a bright flame of life and energy. For these cases which have been hitherto the despair of the physician, nothing equals the application of Electricity. If by proper current and exact dosage, in combination with the scientific administration of specific medical remedies, which penetrates the secret ambush of disease, exterminating it, root and branch forever. A rejuvenation follows its use. It produces results because it replenishes the vital tonicity requisite to the nervous system. According to Dr. Darrin's peculiar and scientific method of administration, it is a powerful vitalizer, indicated in diseased conditions, due to all kinds of excesses.

The Science of Osteopathy

Many people have been led to believe through false reports and ignorance that Osteopathic treatment was painful and even injurious to children or weakened invalids. Nothing could be farther from the truth for it is adapted to the case, and in no wise is it injurious to the frail child or weakened invalid. But rather it is invigorating and strengthening, and never is the patient worn out or made nervous from treatment. However, there are many fakers and pretenders in Osteopathy who do not understand how to give treatment properly. None are genuine or competent who have not attended school at least four terms of five months each.

Drs. L. E. Wyckoff and Mrs. Grace Albright, of I. O. O. F. Temple, Salem, are graduates of the American School of Osteopathy, a twenty months' school, and thoroughly qualified to give scientific treatment and handle any case put in their care. All diseases, especially chronic diseases and deformities, yield to the treatment without knife or drug.
