

Two Hospitals Said Diabetes.

Bright's Disease and Diabetes Are Positively Curable.

People either cured or recovering from the above diseases are in every way in this city. Mr. C. C. Mathewson, proprietor of the Clifton Hotel, 202 Powell street, is one of them, and makes this statement:

202 Powell St., San Francisco, Nov. 21, 1901. For two years I suffered greatly from diabetes. Finally I had to go to one of the hospitals, being to one of this city's very best. Three physicians there examined my case as diabetes, and put me under treatment and strict diet. Getting no relief, I went home. I got steadily worse and went to another well known city hospital. The physicians there also said diabetes, and stated that they could prolong my life, but that I could never be well. I left the hospital a few months completely broken down, the percentage of sugar being 11 per cent. It was at the famous Board of the Fulton Compound and got for it. The second and third weeks I began to sleep untroubledly, and found that the awful thirst I had suffered with for over two years had gone. I am now an entirely different person, though still taking it to insure permanency. I have recommended it to a number of all getting favorable results. One was a warm friend and another is a personal attorney who had Bright's Disease and is now perfectly cured. I dislike publicity, but feel that this thing ought to be known.

Mrs. C. C. MATHEWSON.

Medical works agree that Bright's Disease and Diabetes are incurable, but 87 per cent. are positively recovering under the Fulton Compound. (Common terms of kidney complaint and rheumatism offer but short resistance. Price, \$1 for the Bright's Disease and \$1.50 for the Diabetes Compound. John J. Fulton Co., 400 Montgomery street, San Francisco, sole compounders. Free tests made for patients. Descriptive pamphlet mailed free.)

The Latest Yarn.
A Pittsburg drummer tells this new yarn: I always carry a bottle of Kemp's Balsam in my grip. I take cold easily and a few doses of the Balsam always makes me a well man. Every time I go I speak a good word for Kemp. I take hold of my customers—I take old men and young men, and I take them confidently what I do, when I take cold. At drugists, 25 and 50c.

A Time of Anxiety for Thousands

PAINE'S CELERY COMPOUND

Will Banish the Summer Blues and Other Distresses That Make Life Miserable and Unhappy.

This is the season when we hear men and women complaining about their unhappy and half-dead condition. They find that physical and mental energy has deserted them, and they are sinking deeply in the pit of despondency.

The hot summer weather always produces thousands of miserable feeling mortals. They lack nerve force, strength and true vitality. They cannot rest day or night, and life becomes a burden.

The great recuperator, builder and strength-giver for all worn-out and suffering people is Paine's Celery Compound, now is universally prescribed by medical men. When the great medicine is used at this season, languor, despondency, irritability, nervousness, sleeplessness, headache, dyspepsia and digestive troubles are permanently banished, and men and women go about their duties and work with a vim, will and energy that indicate health and physical strength.

J. H. Clark, Newark, Del., who was in a critical condition of health from troubles extremely common in summer time, writes thus about his marvelous rescue from death:

"When I was attacked with nervous prostration, I went to one of our local doctors. I continued to grow worse. I consulted other physicians, but with very little apparent good. No tongue can express or pen describe my feelings and sufferings from this terrible disease. After spending considerable money in the vain hope of being cured, I was led to try Paine's Celery Compound, and it was this medicine which enabled me to enjoy the health I now have. After the torture I experienced night and day for many years, the change is wonderful."

General William H. L. Barnes, one of the leading lawyers of San Francisco, and one of the most eloquent orators of the Pacific coast, is dead of hemorrhage of the lungs. He was 66 years of age.

William Webb, a brakeman on the Northern Pacific, was struck by a train at Kanaskat, Wash., and fatally injured. His parents reside at Roseburg, Or.

James W. Stahl, one of the oldest settlers of Northern Montana, committed suicide by shooting himself with a rifle. He was blind, and ill-health is supposed to have affected his mind.

Minor Mention Local Import

Contractors will this week begin the foundation for August Schreiber's new business block on State street, and the work of construction will be pushed forward.

T. W. VanCleve was brought to the Salem Hospital Monday evening to receive treatment for a fractured spine. The unfortunate accident happened at Mr. VanCleve's home, near Woodburn, about ten weeks ago. He was driving into the barn, and was caught between the top of the door and the wagon seat, with the result given. The fracture itself has healed, but the spinal cord was seriously injured, with the result that the man is partially paralyzed. The case is considered somewhat remarkable, and prospects for a complete recovery are considered vague. Mr. VanCleve is about 45 years old, and has a family.

Upon the advice of District Attorney Hart, Police Judge Judah this morning committed Thomas Smith, the youthful burglar, who was arrested Sunday, to the state reform school. Murphy, who has confessed his guilt of the burglary charge, will probably be arraigned before Judge Burnett Wednesday.

J. A. Beattie, president of the state normal school at Weston, has resigned, and it is understood that he will accept a professorship in Hiram College, Ohio.

The 10-year-old son of "Ad." Wright, of Mehama, fell from a wagon Monday, and fractured one of his legs. The little fellow was brought to the Salem Hospital for treatment.

Does Man-hood Fail?

It may sometimes, owing to nervous disorders, but it is hardly ever lost, except in extreme old age. What is called impotency or sexual neurasthenia is merely weakened power. Underneath the ashes the fire remains aglow. It requires careful, scientific treatment to fan it into a bright flame of life and energy. For these cases, which have been hitherto the despair of the physician, nothing equals the application of electricity. In combination with the scientific administration of specific medical remedies, which penetrate the secret abode of disease, exterminating it root and branch forever. A rejuvenation follows its use. It produces results because it replenishes the vital tonicity requisite to the nervous system. According to Dr. Darrin's peculiar and scientific methods of administration, it is a powerful vitalizer, indicated in diseased conditions, due to all kinds of excesses.

Dr. Darrin gives free examination to all, and, when necessary, gives medicines in connection with electricity. The poor treated free from 10 to 11 daily, except medicine. Those willing to pay, 10 to 15; evenings, 7 to 8; Sundays, 10 to 13. Errors of youth, blood taint, gleet, impotency, varicocele, hydrocele and stricture a specialty. All curable chronic private diseases treated at \$5 a week, or in that proportion of time, as the case may require. No cases published without permission of the patient. All business relations with Dr. D. strictly confidential. Letters of inquiry answered. Circular question blanks sent free. Dr. Darrin will remain at the Willamette Hotel until September 1st.

"WILFUL WASTE"

MAKES WOEFUL WANT."

That old copybook maxim finds its most forceful application in the waste of vitality, which is called "burning the candle at both ends." A woman is often tempted beyond her strength by domestic or social demands. Some day she awakens from this waste of strength to the woeful want of it. She has become weak, nervous and miserable.

For weak, nervous, run-down women, there is no better tonic and nerve than Dr. Pierce's Favorite Prescription. It restores the appetite, quiets the nerves and gives refreshing sleep. It cures local diseases peculiarly womanly which undermine the general health. It makes weak women strong, sick women well.

"No doubt you have forgotten me, but after you read my letter you will remember me," writes Mrs. Annie E. Moring, of 287th Avenue, S. W. Rossmore, Va. "In the year 1897, I wrote you for advice which I have followed to the letter. When I wrote to you I was a wreck. I could not walk straight for pains in my abdomen; could not sit down, lie down or get any ease at all. I had what was called the best doctors here, but did not get any better. I then went through a course of your medicine. I took eight bottles each of 'Favorite Prescription' and 'Golden Medical Discovery,' and ten bottles of the 'Pleasant Pellets.' I tell you the medicine made a cure of me."

Weak and sick women are invited to consult Dr. Pierce, by letter, free. All correspondence is held as strictly private. Address Dr. R. V. Pierce, Buffalo, N. Y. Dr. Pierce's Pellets cure biliousness.
