"FORCE" FOOD CO.,
Buffalo, N. Y.

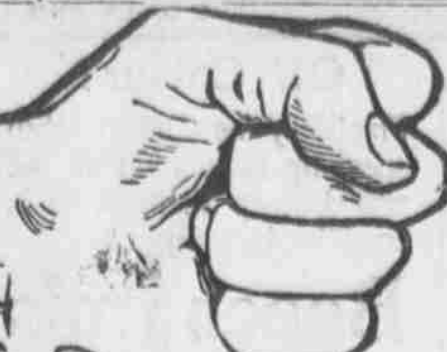

Gentlemen:—As my mother has been greatly benefited by your "FORCE" Food, I feel it my duty to write you confidentially, that you may know what a boon it is to humanity. My mother was stricken with paralysis nearly two months ago, and it was the only solid food she could take. She has gained rapidly in strength since using it.

Very respectfully,

WHAT TIME MOVES.

This thing of being sick and looking for a cure is a mighty serious business. People are not given to joking even at the first symptom of the approach of the grim destroyer. They do not want to be the subjects of experiment, but want medicine that has had the test of years behind it. A medicine that has been made and used for 20 years gives assurance of its worth, and can be taken with a faith that they have the very best cure the world affords. All this can be said about Dr. Gunn's Improved Liver Pills as a remedy for sick-headache, dyspepsia and indigestion. It begins right at the source of the trouble and removes the cause. We will send a sample box of these pills free, or a full box on receipt of 25c. Sold by all druggists for 25c per box, or address Dr. Gunn, Philadelphia, Pa. For sale at Dr. Stone's Drug Stores, 2

CATARRH

The treatment of Catarrh with antiseptic and astringent washes, lotions, salves, medicated tobacco and cigarettes or any external or local application, is just as senseless as would be kindling a fire on top of the pot to make it boil. True, these give temporary relief, but the cavities and passages of the head and the bronchial tubes soon fill up again with mucus. Taking cold is the first step towards Catarrh, for it checks perspiration, and the poisonous acids and vapors which should pass off through the skin, are thrown back upon the mucous membrane or inner skin, producing inflammation and excessive flow of mucus, much of which is absorbed into the blood, and through the circulation every part of the system, involving the stomach, kidneys and bladder, assumes the dry form, the breath parts of the body. When the disease assumes the dry form, the breathing affected and a constant ringing in the ears. No remedy that does not reach the polluted blood can cure Catarrh. S. S. S. expels from the circulation all offensive matter, and when rich, pure blood is again coursing through the body the mucous membranes become healthy and the skin active, and a permanent, thorough cure is effected. S. S. S. being a strictly vegetable and general health rapidly improve under its tonic effects. Write us about your case and get the best medical advice free. Book on blood and skin diseases sent on application.

An Opportunity

Do you want to start in business? If so, I will give you a bargain, or I will sell you a line at a reasonable discount. I have a good location, rent is cheap, business good. You may ask why I wish to sell out and in the language of one of our ex-Governors "it is my own business." If no customer appears for my whole stock and furniture, I will continue selling at less than the manufacturing cost, until about the 15th of August, (I mean this year) and then it will either go at a forced sale or by removal.

All you who know the value of a dollar can make it go farther by coming to

..Friedman's..

307 Commercial St. Salem.

P. S. Our goods are principally new; very few "shop keepers." A person buying the whole stock can leave them out. We have clothing, gentle trousers, ing goods, trunks, valises, cutlery, jewelry, notions, stationery, ribbons, and ladies' and children's underwear, braids, spool and skein silks, and some more in store.

Robbers Secure \$20,000 from Express Car.

Savannah, Ill., Aug. 6.—From \$2100 to \$20,000 in money and one life lost represents the result of the hold-up of the Burlington Limited express, at Marcus, a flag station, eight miles from here, at midnight. The dead man was one of the bandits, and apparently a railroad man, and was killed by Adams Express Messenger Byle, who unloaded his pistol after the retreating band after the robbery was completed. A posse of 35 men is close upon the heels of the remaining five bandits, and a battle is anticipated. The train passed here at 11 o'clock. When it reached the Longley river bottoms, near Marcus Engineer Emerson responded to torpedo signals by stopping the train. As he did so he was "covered" by two masked men, while others cut the engine and express car from the train. These were taken up the road. The express car was dynamited, and the safes demolished. Everything of value was placed in sacks. The robbers mounted horses and started away at a gallop, when Byle opened fire. One of the men was seen reeling, but was sustained by his comrades for awhile, but finally he was left by the roadside dead. The body was found at daylight by the posse. All the desperadoes are believed to be railroad men.

Clark & Buchanan Have Contracts in Eastern Oregon

George P. Clark, who with his partner, G. W. Buchanan, have been examining the records of the Marion county officers, left Tuesday afternoon for Baker City, where they will begin a contract they have signed for the investigation of the records of that county, an undertaking that Mr. Clark says will take them until late in the fall to complete. Mr. Buchanan accompanied his associate to Portland, and spent the day in Hillsboro. He will return to Salem this evening, and expects to finish the contract for the examination of the records, and complete the installing of the new record system in this county, within the next ten days, when he will join his partner in Eastern Oregon. The experts also report that they have the contract to review the books and records of Union county, and that they are rushed to death to fulfill their contracts in the time in which they agree to perform the work.

The report of Master Fish Warden VanDusen for the month of July shows the receipts to have been \$2995.50. The state board of fish commissioners approved the appointment of the following additional hatchery superintendents: C. A. Roadman, Wilson river, Tillamook district; Joe Slommons, Siuslaw river.

The protest of the Pacific Livestock Company to the irrigation by the Harney Valley Improvement Company of a tract of land in Harney county, was further argued before the state land board Tuesday afternoon. R. P. McCornick, of this city, appears for the protesting stockmen, who allege that there is not a sufficient and available water supply in the Silties river, from which the water is to be diverted for irrigation purposes, to serve the interests of the stockmen, and at the same time irrigate the acreage proposed by the company. Judge Webster, of Portland, represented the irrigation company, and claims there is ample water in the stream to serve all purposes. The board has reserved its decision in the controversy.
