It Would be Interesting

To know how much you have paid out in the past ten years for goods your neighbors bought at CREDIT STORES and failed to pay for. You would change your trading place quick if you knew the extra profits merchants charge to make up for BAD ACCOUNTS.

THE ONLY WAY TO AVOID PAYING YOUR NEIGHBORS' DEBTS IS BY DEALING WITH A SPOT CASH STORE.

"The Land of Ever-so-Little"

The Barr store may be said to be located in "the land-of-ever-so-little." It gives ever so big values for ever so little prices. This is rather a figurative way of expressing a cold commercial fact, but we trust it may sink deep into your mind nevertheless. Diamonds, watches, jewelry, cut glass, etc., etc.—in all those things, we are in a position to save you money. The only question is this: Will you avail yourself of it?

Have You Ever Tried Salem's Botanical Doctor?

He absolutely cures cancers, tumors, gravel, kidney and bladder troubles, bone diseases, asthma, skin diseases—all without the use of the knife or poisonous minerals or mineral of any kind.

Instructions.

My Dear Friend:

You must bear in mind that this medicine is not a poisonous tonic, nor a stimulant, nor a temporary relief, which you get from poisonous drugs, where the results are sure death sooner or later. Those poisons go in your bones and destroy the life of them and create all kinds of diseases, cancerous tumors, consumption, dropsy, bone diseases, etc. Do not blame the medicine when it takes an effect and stir up the poisons or disease in the system. You must not expect to be cured in a few days, for your sickness or disease has been a long time coming on, and it will take a long time to get it out of your system. It will take months or a year to build up a new body from the bones up. This is what the people do not understand.

They are used to being humbugged. My medicines are composed of nature's herbs—what the human system requires. When the animal gets sick they will help themselves to those herbs, for they have the instinct, and the people have not, so we have to make a study of it. It has been a life study with me. Do not get weary; this life is too short and too sweet to worry out of this world.

Dr. Cook cures all kinds of diseases. Dr. J. F. COOK, 301 Liberty St., Salem, Ore. is the man you ought to consult. He is a natural doctor. He is descended from a line of German herb-physicians, the best physicians in the world.

This is his fourth year in Salem, and scores of patients and friends can testify to his skill in their cases.

THE CUBAN TREATY

President Anxious for Its Disposal

Will Rely Upon Assurances of Party Leaders

Cruiser Cincinnati Has Gone in Aid of Barcelona

Washington, Aug. 12.—As far as can be known there is no justification for the revival of the story that the president intends calling the Senate in extra session to consider the reciprocity treaty with Cuba. The statement issued last night from Oyster Bay was undoubtedly a personal expression of the president's views. According to this he is in the same frame of mind as when Congress adjourned. He is determined that the concessions should be granted as soon as possible, but if he should receive assurances from party leaders that Congress, during the next session, will take definite action, he will abandon all efforts to force the reciprocity treaty through the Senate before the regular time of meeting.

Washington, Aug. 12.—Word was received this morning that the cruiser Cincinnati has left for Barcelona, Venezuela, which was captured by the revolutionists. Inasmuch as the dispatches said that the revolutionists are sacking the city, marines will be landed immediately upon the arrival of the cruiser.

Gage's Libel Suit.

San Francisco, Aug. 12.—Claus Spreckles and Manager Leake, of the Call, were arrested this afternoon for libel, on a warrant sworn to by Governor Gage. They were immediately released on bonds.

Knights in Parade.

San Francisco, Aug. 12.—A street parade of the Uniform Rank was the principal feature of the Pythian convention today.

The West for Ambitious Men. Governor Charles N. Horrell, of South Dakota, says all the Western states have been settled by young men, for it is these naturally who find less pain and discomfort in breaking homes ties. The loss of such men from the ranks of the East is a decided gain for the West. Youth is at all times the bone and sinew of a country.

Theodore Roosevelt out on his Dakota cattle ranch illustrates the type I mean—the young men of fearlessness, integrity, ambition, energy—conquering everything from a cow pony to a grizzly.

The qualities which lent distinction to his personality and commanded the respect of his cowboys, and others around him, whom he yet never patronized, are the very qualities which have made him the Eastern man of destiny, and elevated him to his position.

It is the unlimited variety of opportunity which the field beyond the Mississippi offers to ambition and effort that brings about a large number of so-called successes in life. A man of energy has not one field, but a half dozen, open to him. If he is not a successful rancher he may become a merchant or a miner. There are openings for men of intelligence in all lines. Selection of a business or profession is governed by personal adaptability or liking.

In a cramped, overcrowded city men must, perforce, unless they are possessed of unusual energy or influence, move in beaten tracks. After a time the irksomeness of doing something for which he has no love wears upon a man. Doglike in the end it kills hope and deadens ambition.

The equipment of a man cut out for success is not, then, a matter of latitude and longitude, but of opportunity. This the west offers to all.

NEW TRACKS FOR N.P.R.R.

Will Involve Bridging the Columbia and Willamette

President Mellon, of the Northern Pacific, was in Portland yesterday on his way over the O. R. & N. for the East. In an interview with a Portland paper regarding the Northern Pacific's new way of entering Portland, he is credited with saying that the plans of his company for entering Portland involve the bridging of the Columbia and the Willamette rivers and the boring of a tunnel through the backbone of the peninsula, all of which will cost about \$3,000,000. Northern Pacific trains will come down the Co-

Affairs of all Nations

The cholera plague has spread from Manila to Japan. The British rifle teams have sailed from Liverpool for Canada. King Edward has sent messages of thanks to his subjects in Canada.

An uprising is in progress (Corea, directed against the government and foreigners.

The inadequacy of the naval force in the South Seas is vigorously commented upon in Washington.

Rear-Admiral Evans' squadron, consisting of the Kentucky, New Orleans, Helena and Vicksburg, has sailed for Nagasaki, Japan.

A recent Prussian army order forbade the use of American lard in army kitchens, and directs that hams must be bought from domestic slaughter houses.

Two more Alpine fatalities have been reported from Ariberg Pass, in the Austrian Alps, where two edelweiss hunters fell from precipices and were killed.

The choir which sang at the coronation of the king in Westminster abbey last Saturday sailed from Liverpool to make a tour of the United States and Canada.

It is officially announced that Generals Botha and Delarey, who have been with General Dewet, will be appointed members of the new Transvaal executive committee.

It is reported that the recent assassinations of officials in Russia is due to the work of a revolutionary society, numbering 12,000 members, drawn from all classes of society.

A Final Announcement. In this issue of The Journal appears an announcement that will be of vital interest to many readers. It is that of Dr. Darrin, to the effect that he will continue his stay in Salem to November 1st. After that date he expects to take an extended tour, and this date is final. Dr. Darrin has now been at the Willamette Hotel for over three months, during which time he has treated patients from the surrounding country and parts of the state. Many of these are among the leading people, and they cheerfully testify that he has rendered them great service. The doctor is enjoying his stay at Salem immensely, but is kept so busy that he cannot get much rest. Patients who contemplate availing themselves of his services during the remainder of his stay, should be prompt about coming in, for all treatments will necessarily cease after November 1st. His wonderful success here is such a honor never before achieved by a member of his profession in any community.

Coal Region is Quiet. Shenandoah, Pa., Aug. 12.—Absolute quiet reigns in the anthracite region today. In spite of rumors, the soldiers are not to be taken away until the trouble is settled.

Minister Confesses to Murder. Terre Haute, Ind., Aug. 12.—Rev. Charles Hill, a Congregationalist minister, has confessed that he fired the shot that killed the Widow Smith at the mining town of Benwood, 15 years ago. She was stepping out of the door of a neighbor's house when the bullet struck her, and she fell dead. Three boys shooting at a mark some distance away, were arrested, but the bullet that caused the death was too large for their guns. The widow's son was under suspicion, and it was said he obtained considerable property by the death of his mother.

Ernest Baker, a well-known linotype operator, of Helena, Mont., committed suicide Tuesday by swallowing a dose of carbolic acid, after a period of wedded life covering a little over a month. Baker had quarreled with his wife, and this morning she found him dead in his room.

Sheriff Thomas Linnville, of Astoria, Ia., was in the city today.

REBELS CUT THE CABLES

Minister Bowen's Efforts to Secure the Gunboat Marietta Are Futile

Washington, Aug. 12.—United States Minister to Venezuela Bowen cables the state department that he is unable to get into communication with the gunboat Marietta, which it is proposed

to send to Barcelona to protect American interests there. The cable between Barcelona and Caracas has again been cut, presumably by the insurgents.

MOROS ATTACK AN OUTPOST

Murderous Natives Fall Upon a U.S. Camp at Night Killing Two Soldiers

Manila, Aug. 12.—Last night 10 or 12 Moros, armed with spears and swords, attacked an outpost at Camp Yicks, Mindanao, killing Sergeant Foley and Private Gary. The Moros escaped, but it is believed a number of them

were wounded by the murdered soldiers' comrades. The dead men were terribly mutilated. Private Vandorn was severely wounded. The fourth anniversary of the surrender of Manila was observed as a legal holiday today.

\$1750 Cash Prizes to Be Given Away

Typo Convention Discusses Next Meeting Place

Salt Lake, Aug. 12.—The second day of the Elks' reunion was ushered in by a parade of all the visiting lodges for \$1750 in prizes, for general appearance and bearing, beauty and originality of costumes and number in line. Prizes were also offered for the most unique display and float, and the best marching band.

Discuss Next Meeting Place.

Cincinnati, Aug. 12.—Interest in today's session of the International Typographical convention was centered in the fight for the next place of meeting. Washington looks like a winner. Portland, Ore., is making a strong bid for the 1905 convention.

The position to prevent local exchanging of matters used in advertising was warmly discussed, and was referred to the law committee, with the

Struck by Lightning

Medford, Or., Aug. 12.—During a heavy thunder storm here this evening Richard Paine, a farmer, living about two miles south of Medford, was killed by lightning. He was a member of the Woodmen of the World, and left a wife. Further details cannot be learned on account of the telephone having been disabled by the storm. About one inch of rain fell here.

News in Brief.

John J. Nolan, the famous trotting horse, owned by J. B. Kent, died at the Denbrook stock farm, in Ohio. In some way he got hold of some rat poison, and, though every effort was made to have the horse, it died. Nolan was valued at \$20,000.

Officers, in searching the Cedar river, near Des Moines, were horrified to discover the body of an infant used as bait on a trot line, near Cedar Rapids. They are making a vigorous endeavor to find the owner of the line, but thus far have failed.

A \$15,000 fire, consuming six business houses and two dwelling houses, occurred at Sprague, Wash., Tuesday afternoon. The fire broke out in the rear of Kelbar's furniture store and paint shop, and spread in all directions, destroying a half block of buildings before its progress could be stopped.

Persons Worth Knowing About

All readers of this paper are by this time familiar with the name of Dr. Darrin, and they have no doubt read with interest accounts of the many remarkable cures this celebrated physician has performed. We suspect that some have read the testimonials of grateful patients with some suspicion as to their authenticity; therefore, we are gratified to be able to present the names of our best known citizens in Marion and Polk counties that must put at rest every possible doubt.

STEAM TUG EXPLODES

In Harbor of New York City

Five Persons Blown Into Atoms and Others Injured

Bartholin Murder Case Still a Mystery

New York, Aug. 12.—The tug Jacob Kuper, while coming down the bay, and when near St. George, Staten Island, this morning, blew up. Five of the crew were killed or drowned, and six injured.

The tug sank 30 seconds after the explosion. The cotton-laden lighter, which the tug was towing was pulled ashore in a sinking condition. The dead are Captain Harry Johnson, of the tug, and three deck hands and the cook. All of the dead were blown to bits or sent to the bottom.

Chicago, Aug. 12.—New and seemingly inexplicable circumstances now appear in the Bartholin-Mitchell murder mystery. The declaration by the coroner and physician casting doubts on the identity of the corpse of the woman found in the woods, and said to be Minnie Mitchell, is given color by the finding of a hair switch belonging to Grace Lambert, who disappeared two weeks ago. Beyond the report that Bartholin spent last Monday in Joplin, Mo., the police are still without a clue to his whereabouts.

Seattle Man Killed. Manila, Aug. 12.—Constabulary Inspector Wm. Schermerhorn, whose home is in Seattle, was mortally wounded in a recent fight at Iligan, Mindanao, with Ladrones.

TIMBER CRUISERS HURT.

Establishment of Timber Reserve Cuts into Their Business.

The setting aside of the watershed of the John Day, Powder, Grand Ronde and Burnt Rivers as a forest reserve, has completely demoralized the plans of timber locators in those sections. The territory embraced in the reserve contains some of the finest belts of pine timber in the world, and timber men here for some time realized that the timber is worth millions.

The cruisers do not take kindly to the reserve proposition, and see in it a complete ending of the large revenues they have been receiving from prospective timber locators. Many of them have already made snug sums, and are still going ahead in the locating business, claiming that either there is no truth in the report of the reserve establishment, or that the order has no bearing on the land they are locating.

As soon as the news was received by those in the sections affected that the territory in question had been set aside there was much wailing, and all who understand what such an order means have desisted from attempting any further locations.

Cruisers are going ahead just the same, and it is possible some unwary individuals will be found who are willing to pay a good sum for having a fine piece of timber land pointed out to them.—East Oregonian.
