Endeavors' Picnic. The members of the Y. P. S. C. E. of the First Baptist church, had a picnic party Tuesday afternoon that was productive of a very enjoyable time. With bountifully supplied baskets of good things, the party went to Reservoir Hill, in the southern part of the city, where the afternoon and evening were spent in games and other amusements.

Eastwood Park Concert. The initial concert of the season at Eastwood Park Tuesday evening was a success. Appreciation of this character of outdoor entertainment was evidenced by a remarkably large attendance, which insured the giving of other concerts at the same place and under the same management. Director Steinhilber had announced a program of orchestral music, but being unable to procure a piano the Steinhilber band gave the same program that had been advertised, and the substitution was just as much enjoyed. Unfortunately the electric lights were not in order last evening, and the moving pictures had to be omitted, but this defect will be remedied, and the full program will be produced at the next concert. It is the purpose of the street car company, and other parties interested in the plan, to give these entertainments every Tuesday and Friday evenings. Last night's crowd was large and good natured, and the hope was freely expressed that the concerts might be frequently given, as a means of providing entertainment during the summer months for those who find it inconvenient to go to the coast.

Trolley Party. A delightful party was given Tuesday evening by the Misses Ruth Leeds and Blanche Brown in honor of Miss Elizabeth Buckingham, who left today for Palo Alto, California. The young people gathered at the home of Miss Leeds, in University addition, where they boarded a trolley car and, accompanied by Mrs. Alice Miles and Miss Pearl Applegate, enjoyed a ride over the various lines of the street car company. The party returned to the home of Miss Leeds, where, after a program of parlor games, the young people repaired to the beautifully lighted lawn, where delicate refreshments were served. At a late hour the members of the party started for their homes, after wishing the guest of honor a safe and pleasant trip, and congratulating their hostesses for the pleasing entertainment of the evening. Those receiving invitations were: Misses Elizabeth Buckingham, Grace Rinman, Maudie Laughhead, Ruth Purdy, Belle Darby, Mildred Rizer, Lonna Cavanaugh, Nina Bushnell, Orytha Gatch, Wilda Roland, Maebelle Baker, Anna

Strong, Zoo Stockton, Florence Bigger, Ruth Leeds and Blanche Brown; the Messrs. Ormond Bean, Ralph Matthews, Otto Ragan, Will Kantner, Ernest Bean, Clyde Laughhead, Sydney Morrison, Wallace Riddell, Claude Belle, Robert Nicholson, Asabel Bush, James Albert, Fred Perkins, Mac Hofer, Earl Aupperle and Fred Hofer.

Eat and Run.

There isn't a man who would be seen running through the street munching a piece of pie. Why not? Because it would mean dyspepsia and stomach trouble? Not at all; but because it wouldn't look well. As a matter of fact many a business man snatches a lunch in such a hurry that he might as well take it on the run. That is one reason for the prevailing "stomach trouble" among men of business.

There is a certain remedy for diseases of the stomach and other organs of digestion and nutrition. It is Doctor Pierce's Golden Medical Discovery. The worst cases of dyspepsia and catarrh of the stomach have been cured by this medicine. It cures where all other means have failed to cure. "I took two bottles of Dr. Pierce's Golden Medical Discovery for stomach trouble," writes Clarence Carter, box, of Taylorstown, London Co., Va. "It did me so much good that I didn't take any more. I can eat anything now. I am so well pleased with it I hardly know how to thank you for your kind information. I tried a whole lot of things before I used yours. There was a gentleman told me about your medicine and how it cured him. I thought I would try a bottle of it. Am now glad I did for I don't know what I would have done if it had not been for Dr. Pierce's Golden Medical Discovery."

Doctor Pierce's Pleasant Pellets cure biliousness. They stimulate the sluggish liver, and cleanse the system of impurities. They should always be used with "Golden Medical Discovery" when there is need of a laxative.

Weekly Crop Bulletin. U. S. Department of Agriculture, climate and crop bulletin of the weather bureau, Oregon section. Portland, Or., August 12, 1902.

The past week has been the warmest one of the season; temperatures between 90 and 100 degrees were common in both the eastern and western sections of the state. No rain has fallen since the last of July and the amount was too small to do much good. All late crops now need rain. Pasturage is getting short, except where stock has the benefit of the second crop of clover. The supply of milk being delivered at the creameries is diminishing, and range stock find difficulty in getting sufficient feed. Reports from the upper end of the Willamette valley, and from Josephine county are that the grasshoppers are doing great damage to the second crop of hay.

The grain harvest is progressing nicely; the hot weather is ripening spring oats too rapidly, and fears are entertained that the heads will not fill well. Fall grain yields are disappointing in the Willamette valley, but the yields are satisfactory. In Umatilla county there is a shortage of about 10 bushels to the acre in the wheat already threshed. In Gilliam and Sherman counties the yields are above the average. But little thrashing has yet been done in the Grand River valley, but it is expected the crop there will be an average one. Corn is earing nicely, and hops continue doing well. Late apples are promising in most sections of the state.

Willamette Valley. Carlton, Yamhill county, Wm. Merchant—Week very warm, with hot, north winds four days; did much damage to late spring grain, much of the spring wheat being cut for hay; winter oats only making 20 bushels to the acre; winter wheat averaging 18 bushels an acre; quality good; pastures going dry; water low; fruit trees seem to be dying; leaves parching; hops doing well; no lice; garden short. Stafford, Clackamas county, J. L. Kruse—The past week very favorable for harvesting; wheat and oats of the

Salt Rheum

You may call it eczema, letter or milk crust. But no matter what you call it, this skin disease which comes in patches that burn, itch, discharge a watery matter, dry and scale, owes its existence to the presence of humors in the system. It will continue to exist, annoy, and perhaps agonize, as long as these humors remain. It is always radically and permanently cured by Hood's Sarsaparilla.

Hood's Sarsaparilla which expels all humors, and is positively unequalled for all cutaneous eruptions.

winter varieties are about all cut and in shock; the yield will not be as large as expected earlier in the season; pastures drying up; potatoes suffering from excessively hot weather. Silverton, Marion county, J. F. Davis—Spring grain, pastures and gardens have suffered terribly from the excessive heat. Harvest will be completed the coming week. Thrashing began last Thursday. Crowell, Lane county, M. J. Hilligas—Week very warm; damaging late grain and drying up gardens; fall and winter wheat yielding 16 bushels an acre; fall-sown oats 18 bushels; summer-fallow wheat 20 to 22 bushels. Hops are doing well. Fruit scarce. Pastures drying up. Dusty, Benton county, H. T. Bristow—The week has been very warm, both day and night; thrashing has begun in some fields, and the yield of both wheat and oats is reported light or than was expected; the warm weather, ranging from 95 to 104 degrees, is ripening the late grain very fast, and will cut the yield short.

The Galloping White Horses. It was in the dark of the evening, and the streets were thronged with men and women on their way home at the end of the day's work. At Thirty-fourth street, where Broadway and Sixth avenue cross with a network of tracks, the usual clangor of gongs, the shouts of newsboys and the roar of the elevated trains filled the air, while myriads of electric lights sparkled like many stars. Suddenly out of the gloom came a little white horse being driven rapidly home. Its sad day's work was over, and the little horse was probably anxious for their dinner. Still it gave one a shock to see them galloping so. Even more pathetic it looked when empty than with its precious little burden. The very emptiness spoke of the recent little chair at home, the unmade beds, the unworn frocks folded away for some woman to cry over on a rainy day.

Fathers hurrying home to their own little ones felt a sudden lump in the throat, mothers leading their children grasped the little hands with a quick access of tenderness, and a strange, and sense of loneliness came to the heart of the passerby who had no child to lose. Just a little white horse, seen only for a moment in the gathering darkness by the hurrying throng, but what a world of pathos it suggested.—New York Mail and Express.

Another Salem Lady Endorses Dr. Darrin's New Mode of Treatment. To the Editor: I wish to tell you of the kindness you did me in publishing the testimonials to Dr. Darrin's skill, as I would never have known of him had I not read your paper. For twelve years I have been sorely afflicted with various ulcers of both limbs. My limbs had turned to a dark brown color, and I was in great pain night and day, rendering sleep almost impossible. I had tried four doctors and many patent medicines, all to no avail, until going under Dr. Darrin's electric and medical treatment two months ago, when I was immediately relieved. Now I am a happy woman, with my suffering a thing of the past. I candidly recommend all my friends to try Dr. Darrin, at the Willamette Hotel, Salem. I am German by birth and 72 years old. I reside in South Salem, near the cemetery, and can be seen at any time. CARLEN PFENNIG.

These big letters represent what improper food is to health and happiness, for the man with a growing stomach cannot be merry. "FORCE" is the force for indigestion. It is composed of the whole of the wheat—each kernel of which contains every element necessary to the proper nourishment and regulation of each organ of the body—blended with barley malt, the best natural tonic. In the process of manufacture both the wheat and the malt undergo the same chemical changes as are brought about during the first stage of digestion to the healthy stomach. "FORCE" therefore, gives the stomach much hard work, but still gives it sufficient exercise to keep it in first-class condition. That's why "FORCE" is the force for indigestion.

Deafness Cannot Be Cured. by local application, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional treatment. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; also caused out of ten are caused by catarrh which is nothing but an inflamed condition of the mucous surfaces.

We will give one hundred dollars for any case of deafness (caused by catarrh) that can not be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, Ohio. Sold by all druggists, 75 cents. Hall's Family Pills are the best.

WOMAN'S DUTIES. A woman who keeps her home in order and has the care of a family, has just as much responsibility as the man who provides the means to carry on the household. She is deserving of the more credit since the demands on her are greater. The everlasting sameness about her duties, and the confinement necessary to carry them out is very trying to the nervous system, this produces a strain on the mind that makes her irritable, cross, and dissatisfied, which is just as much a disease as rheumatism or catarrh. If nerves can be built up and made strong by medicine of some kind, this feeling is changed to one of cheerfulness and pleasure in her duties. The medicine that makes strong steady nerves, and prevents disease by building up the entire system, is Dr. Cass's Blood and Nerve Tonic, a tablet to take at meal time. Cures nervous prostration by making rich red blood, feeding the nerves, and making solid flesh at the rate of 1 to 2 lbs per week. This medicine is sold by druggists for 75c per box, or 3 boxes for \$2.00, or sent by mail, post-paid, on receipt of price. Write us about your case. Address, Dr. Cass, Philadelphia, Pa. For sale at Dr. Stone's Drug Stores, 3.
