"HOT BAKED" ATMOSPHERE

Is What the Masses Get From the Politicians

"Young Republican" Discusses the Oregon Timber Land Frauds Without Gloves

And Shows That the Young Men of the Nation Must Apply the Remedy for All Existing Evils

The Journal has recently called at about that some railroad company tention to some gigantic frauds being just secured ownership to all the best perpetiated upon the people under the railroad land in that part of the country, and if it is right, and what would laws governing the timber lands of the state of Oregon. These frauds are the horny-handed man get? 14 would be told no explanations were more gigantic and far-reaching than is commonly suspected, but the people due him, and if he is looking for inare so selfish, as a whole, that they formation the government run a never stop to think of remedying the "bureau" for just such cases Indeed he would be fortunate if he matter, unless the matter concerns. didn't fare as uid Private Geo. W them directly. Most of human kind do Peck, when he was putting down the not care whether their neighbor is be-Rebellion. He entered the general's ing defrauded or not, so long as they feel that they are not being swindled tent to explain what was the next nec asary move for the army to make in themselves. This selfishness is a rathorder to clean out the whole Southern er expensive luxury, as the good peo ple will learn some day, perhaps when | Confederacy. When the general got too late. They are something of the through with Private Peck, Peck decided that the general, the army, and character of the people in the days of the whole country could go to thun Columbus. It took that brave navigator 18 years to get the people of his der (wherever that was) for all he cared. So the horny-handed son of country let him discover America. As he took every available opportunity to the soil could thank his lucky stars in he got out with anything-except his forward his enterprise, the people vote. Of course, they wouldn't take used every opportunity to defeat his that, just then

plans and schemes. And in the face of very good evidence the people hing attracting attention in the timber worked against him, for it was well ine. In a few years, at the presenknown that among his collections he ate. The People Have Adopted Direct Legislation and Demand the Enactment of Flat Salaries -- Take the Initiative for a Special Session.

PETITION TO THE GOVERNOR

Whereas. The platforms of all political parties in Oregon this year have declared for Flat Salaries for state officials, for abolishing all perquisites and payment of all fees collected into the state treasury, and

Whereas. The failure to enact this law before the state officials now elected enter upon their term of office, beginning in January, 1903, would leave the present system of compensation in full effect for four years, therefore,

We, the undersigned citizens of Oregon, would most respectfully petition Your Excellency, Governor T. T. Geer, to call a special session of the general assembly, to beconvened a sufficient time before the regular session of 1903,

I. To enact a Flat Salary Law, and repeal all laws giving state officials fees and perquisites. II. To enact a law to carry into immediate effect the provisions of the Initiative and Referendum Amendment to our State Constitution.

of acres, we have not, as yet, been pe ceptibly affected by it all, hence we are inclined to pass it by, until we find where we are being deprived, they we will begin to wake up. We have better evidence than Columbus had when he discovered America, but, suppose, the man who points out thes facts, facts of such vital importance to every man, womas and child in Oregon, will have to climb upon a fence and sit and wait for the people to le him save them from impending ruin When the people begin to find ou what is going on, they will make a loud noise in their own behalf. It will b "noise," because the work will have been done by that time, and all the talking and gestleulating the people car do will be taked into the corral, and some nice, big, fat corporation de h timbersky will have their agents press the same into small-sized bricks, labe them "Baked Atmosphere (by the new ple?" and lay them upon the shelf in the basement to dry and keep cool.

time to gesticulate. As St. Paul said 'Now is the day of salvation." H may not have been referring to tim ber land frauds, but I am. And now is the day, if the people ever expect any salvation from the land deals which are surely and quietly taking the valuable timber from the hands of the commonwealth, and placing it is the hands of timber concerns or rail road companies.

Now is the time to talk. Now is the

How is it done? It is as simply done as it is a simple matter to answer the question of "How.". First of all charge the blame to the fact that the people have no say whatever, under the law, or under anything else. They are tied hand and foot, and sit by, and the timber workers have every free dom to get what they want. Laugh now, but with direct nomination by the people we would soon have a stor to this sort of thing. Instead of the explanations being tendered to the corporation, when the people hav: been victorious, it would be explana tions are in order to the "people," when the corporations have been vic torious.

script." This is worth at the least Under the present party methods onsideration \$4.50 an acre. This those in command of the situation are "script" is a certificate from the govnot required by the "people" to exrnment and will entitle these compaplain how this corporation or that cor nes or the holders to select and other poration came into possession of a ands in the whole country, in lieu of million acres of the best land in Ore gon, which is palpably an open detrihose the government so unceremoni ment to the people, and not within the susty "took away from them" in order o have another "reserve" which the meaning of the law. Such high-handed work, under direct nomination, in date was famishing for, and without which it might be expected the people which the common people will have some say, will be immediately met. and when the "constituents" ask for rnment stands, you see, between two an explanation, it will very likely be ires. Fishing For DRCER.

In India an ingenious scheme is pracficed for taking ducks on a line, which is attached at one end to a flexible stick stuck up in the mud, the other extremity having a double pointed needle of bone attached to it. The latter is baited by stringing upon it some grains of corn. Presently niong comes Mr. Duck. swallows the needle and finds himself away. In olden times the Cape Cod ishermon depended largely for balt upin the scafowl they took on their voyages. To catch them they threw out ishing lines with hooks on the end, to which were attached clunks of cod liver. The latter floated because of the French mintage of the beginning, midthey contained, and marries, guils and other birds swallowing them were | was much surprised to see that they |
