EYE WISDOM

The eyes are as delicate an organ as the body has. Strained and over-used, they are so much nowadays. It is not wise to put off the adoption of glasses until "you positively have to use them." A visit to the optician the first moment your eyes begin to trouble you will usually result in preserving your eyesight unimpaired for a much longer period of life than if you eye ills are neglected. We have as fully equipped an optical department as there is in the city.

Have You Ever Tried Salem's Botanical Doctor?

He absolutely cures cancers, tumors, gravel, kidney and bladder troubles, bone diseases, asthma, skin diseases—all without the use of the knife or poisonous minerals or mineral of any kind.

Instructions.
My Dear Friend:
You must bear in mind that this medicine is not a poisonous tonic, nor a stimulant, nor a temporary relief, which you get from poisonous drugs, where the results are sure death sooner or later. Those poisons go in your bones and destroy the life of them and create all kinds of diseases, cancerous tumors, consumption, dropsy, bone diseases, etc. Do not blame the medicine when it takes an effect and stirs up the poisons or disease in the system. You must not expect to be cured in a few days, for your sickness or disease has been a long time coming on, and it will take a long time to get it out of your system. It will take months or a year to build up a new body from the bones up. This is what the people do not understand.

Dr. Cook cures all kinds of diseases. Dr. J. F. COOK, 301 Liberty St., Salem, Ore., is a natural doctor. He is descended from a line of German herb-alists, the best physicians in the world. This is his fourth year in Salem, and scores of patients and friends can testify to his skill in their cases.

STRIKING MINERS' DESPERATE ACTS

They Set Upon Non-union Men With Clubs

Determined That Collieries Shall Not Open With Scab Labor

Men Are Kidnaped and Spirited Away--One Was Severely Injured--No Shots Were Fired

Hazleton, Pa., Aug. 25.—The most turbulent scene that has yet occurred during the anthracite miners' strike in this vicinity took place between 5 and 7 o'clock this morning. Rumors were current for a week past that an attempt would be made this morning to open the Canberry and No. 40 collier, etc. Both practically are in the heart of the city. About midnight the strikers began to gather on the streets, and at 5 o'clock this morning 10,000 miners had formed a cordon about both collieries. The non-union men were set upon by the strikers, beaten with clubs and driven back. A number of them were kidnaped by the strikers, and their present whereabouts are unknown. August Sech was seized by a mob and thrown to the ground, and stabbed three times. It is believed he will die. The mob would have killed him on the spot, but for the timely interference of citizens. No shots were fired. The strikers used clubs as weapons. The city, at 10 o'clock, is practically deserted.

WILKESBARRE, Pa., Aug. 25.—Today marks the beginning of the sixteenth week of the coal strike, and shows that both sides are determined to fight to the bitter end. President Mitchell seemed cheerful this morning, and apparently took no stock in the report that the men are weakening, and willing to return, if adequate protection was given them.

MIMIC WAR ENDED

White Squadron Was Badly Handicapped

Washington, Aug. 25.—Prompt information of Commander Pillsbury's defeat in his attempt to enter Salem harbor and hold it against the ships of Admiral Higginson's fleet came to the navy department Sunday morning, in the following dispatch from the commander of the attacking fleet:

"Gloucester, Mass., Aug. 24.—White squadron surrendered to blue at daylight this morning while entering Salem harbor. The Panther and the Supply have been ordered to proceed

man was caught between these two and crushed. Another brakeman on the train gave him warning to look out, but the warning came too late; instead of slipping out from under, Vallely raised up and so was killed. The remains were brought to town, a coroner's inquest was held and the body sent to Pendleton on this evening's train for burial. The deceased had relatives in Albany.

Miles to Visit the Philippines

Washington, Aug. 25.—General Miles has not yet informed the department of his intentions to visit the Philippines, but will probably do so, and obtain the consent of the president, otherwise there is little doubt that he would be relieved of his command before he returned. It is not known at the department what his purpose is in proposing to visit the Philippines, unless it is to inspect the army posts there.

On the Fighting Schedule.
Stockton, Cal., Aug. 25.—There promises to be an interesting contest here tonight when "Young Peter Jackson," the Baltimore fighter, and Tim Murphy, the Australian pugilist, come together for a 20-round bout. Both fighters are of the aggressive, hard-hitting variety, and the contest is expected to be a fast one from the time the gong sounds.

Affairs of all Nations.

Kaffirs are preparing for war. Money is limited on the London stock exchange. Mount Allamonte, in Calabria, is in a state of eruption. Peru adheres to the terms of the Brussels sugar convention. The Swedish Antarctic expedition has returned to the Falkland islands. Violent earthquakes occurred last Friday at Audishan, near St. Petersburg. Archduchess Marguerite Sophia of Austria, died today, from the effects of an operation for appendicitis. Experiments of wireless telephoning were successfully demonstrated in Germany at a distance of 105 miles. The Sultan of Turkey has issued an imperial order that the demands made by the United States be at once conceded. A Spanish court functionary states that the crown jewels were recently sold to cover a big royal debt. The jewels, he says, have been replaced by imitations. China has issued an edict ordering the punishment of the murderers of the English missionary, Lewis, and an Australian missionary named Bruce in the Hu Nan Province. The strike among the dock laborers at Havana is not improved. Several disturbances have occurred in different parts of the city, and the police have been strongly reinforced. Sixty Ladrones armed with rifles and bolos attacked 10 members of the native constabulary in Luzon. One of the constabulary was killed, two wounded and three were captured.

President Had a Needed Rest

LYNN, Mass., Aug. 25.—President Roosevelt spent the night at Nahant, as the guest of Senator Lodge. He quietly rested at the Lodge home this morning, preparatory to the resumption of his tour through New England this afternoon. He spent the morning hours in walking about the handsome grounds of the senator's summer residence, and enjoyed the ocean view.

DON'T WANT HIM TO LEAVE.

Dr. Darrin's Patrons Induce Him to Remain in Salem Until Nov. 1st. Dr. Darrin, the eminent physician, who has been in Salem the past few months, has consented to remain until November 1st, owing to the urgent request of patients who have delayed calling upon him, and who will need treatment for some time yet. The doctor has been very successful in the treatment of all his cases, and has been kept constantly busy, but states that November 1st he will positively leave Salem, and close his offices in that city, so that it behooves all who are ailing to call on him at an early date, in order to get the full benefit of his skill before he leaves. This pressure on the part of patients to have him remain, contrary to his plans, is an evidence that his skill is exceptional, and appreciated by the people.

APPEAL TO THE PRESIDENT

To Call Special Session of Congress

Bring Coal Miners Strike to Speedy Termination

Hanna Says Operators Should Arbitrate

New York, Aug. 25.—President Roosevelt will be asked to call a special session of congress to take action to end the coal strike. This was decided on at a meeting Sunday of the Central Federated Union, representing \$250,000 workmen. A mass-meeting under the auspices of labor unions of New York City and vicinity will be held, at which resolutions will be adopted urging President Roosevelt to convene congress immediately and decide upon plans which will bring the strike to a speedy termination.

Hanna is Discouraged.

Buffalo, N. Y., Aug. 25.—Senator

"It will not be a short fight," said he. "It will be prolonged, and such prolongation will mean not only hardships for the miners and the women and children dependent on them, but it will have its effect on the American people. The longer the struggle continues the greater will be the increase in the price of coal."

He said he considered the refusal of the operators to arbitrate as final. "I talked with Mr. Morgan before he went to Europe," continued the senator, "and before the strike was fully underway. He deplored the situation, but would take no active part toward a settlement. His attitude, in my opinion, is unchanged."

Mitchell Ready for Adjustment.

Wilkesbarre, Pa., Aug. 25.—The committee from the Public Alliance of this city, which waited on Senators Quay and Penrose, at Atlantic City, last week, and urged them to use their good offices to bring about arbitration in the coal strike, performed a like mission in this city Sunday, when they called upon President Mitchell, and requested him to co-operate with the Pennsylvania senators to bring about a settlement of the strike. Mr. Mitchell said he would do anything that was honorable to bring about an adjustment, and he furnished the committee with the statistics of the strike, from the miners' point of view. These were forwarded to Senator Quay last night.

CAUGHT ON SAND BAR

STEAMER LEONA FAILS TO MAKE THE ASCENT OF THE RIVER, AND RETURNS TO PORTLAND.

The O. R. & N. Company's steamer failed to reach Salem Saturday evening because of the low stage of the river. When about two miles below Wheatland the boat ran onto the river bottom at a shallow point, and could not be dislodged for some time. The boat crew worked until 2 a. m. Sunday without success, and gave up the work until morning. Every scheme was employed, without result, until 2 o'clock Sunday afternoon, when further attempts to ascend the river were abandoned, and the craft returned to Portland.

Constable John Lewis, of this city, was among the passengers on the stranded boat. He speaks in the highest terms of the treatment that the passengers received at the hands of the officers of the boat, which he commended. They were made as comfortable as possible. Captain Hanke and the other officers and members of the crew doing all that could be done to relieve the unpleasantness of the situation. When it was finally decided to return the boat to Portland, the up-river passengers were landed at Fairfield and taken to Gervais by conveyances, furnished by the boat company, and the fares of all the passengers were paid to Salem.

Bank Robbed of \$3,800

Aberdeen, S. D., Aug. 25.—The First National bank was robbed of \$3800, mostly in silver, last night. The safe, containing most of the cash, was left untouched. The robbery is probably the work of amateur cracksmen.

JUDGE BRENTANO REFUSED

Girls' Body Will Not Be Exhumed

Says Remains Have Been Positively Identified

Striking Messenger Boys Give Girls a Lively Chase

Chicago, Aug. 25.—Contrary to expectations and to the wishes of the family of Minnie Mitchell and the coroner, Judge Brentano today refused to issue an order for the exhumation of the remains found in a South Side weed bed, and buried as those of Wm. Bartholin's sweetheart. The court refused the order on the ground that there was no reasonable doubt of the identity of the body. There has been absolutely no progress made by the police in unraveling the mystery, or of securing a clue to the whereabouts of Bartholin.

Chicago, Aug. 25.—Throwing chivalry to the winds, the striking Western Union messenger boys today chased two pretty messenger girls, each aged about 18 years, through the downtown streets, throwing refuse and howling imprecations at them. Pedestrians tried to rescue the girls, but the boys rushed them whenever they attempted to interfere. The girls finally found refuge in a department store, and the boys dispersed.

FIGHT FOR GOVERNOR

California Has Five Aspirants for the Honor

Sacramento, Aug. 25.—The Republican state convention was called to order at 2 o'clock this afternoon for the purpose of nominating a full state and congressional ticket. The candidates for the governorship are Governor Gage, Dr. John C. Pardee, Thomas Flint, Jr., and E. H. Edson. The first struggle will be over the chairmanship between Congressman Metcalf, the candidate of the Gage-Pardee elements, and Governor Neff, anti-Gage. The fight upon Gage will be bitter. The largest crowd is attending that has been seen in many years.
